Voorwoord bij deze gids

Beste student,

Je studietijd is een belangrijke fase in je leven. Je hebt gekozen voor een studie bij de Faculteit Economie en Bedrijfskunde. Wij willen er alles aan doen om je studie succesvol te maken. Daarnaast is jouw volledige inzet en betrokkenheid nodig, zodat jij als student én alle medewerkers van de faculteit samen werken aan een goed resultaat.

De studiegids geeft de informatie die je nodig hebt om succesvol te studeren bij de Faculteit Economie en Bedrijfskunde. Het beschrijft de organisatie en de diensten waarvan je gebruik kunt maken. Denk hierbij aan inschrijving, studiebegeleiding, loopbaanoriëntatie en studeren in het buitenland. Daarnaast vind je informatie over je opleiding en je belangrijkste rechten en plichten.

De studiegids wordt jaarlijks vernieuwd. Belangrijk is ook dat je regelmatig studieinformatie op de student portal bekijkt. Hier vind je de laatste ontwikkelingen en antwoorden op actuele vragen. De Student Support Desk in de Plaza van het Duisenberggebouw is ook ingericht om antwoord op je vragen te geven.

Ik wens je veel succes en plezier met je studie.

Professor Albert Boonstra,
vice-decaan Faculteit Economie en Bedrijfskunde

Preface to this handbook

Dear student,

You are about to embark on an important new stage in your life now that you have chosen to pursue a degree programme at the Faculty of Economics and Business. We ask you to be committed to and involved in your studies. In return the faculty staff will do their best to ensure that your time here will be successful. This way we are working together towards a good outcome.

This handbook gives information that you need to be successful in your studies here at the Faculty of Economics and Business. It describes the organisation and the facilities that are available to you, such as registration, study coaching, career orientation and studying abroad. Also, you will find information about your degree programme and important rights and duties.

The handbook is revised each year, but it is still important that you check the student portal regularly. There you will find the most recent developments, updates and answers to topical issues. In addition, the Student Support Desk in the Plaza of the Duisenberg Building is available to you for any questions you may have.

I would like to wish you a lot of success in your studies.

Professor Albert Boonstra,
vice dean of the Faculty of Economics and Business

1 Algemene informatie

1.1 De Faculteit Economie en Bedrijfskunde

1.1.1 Begripsbepaling

BA	Bachelor of Arts-opleiding
BSA	Bindend studieadvies
BSc	Bachelor of Science-opleiding, bacheloropleiding
EBF	Economische en Bedrijfskundige Faculteitsvereniging
EC/ECTS	Internationale eenheid voor het uitdrukken van de studielast van een vak, waarbij 1 EC/ECTS volgens het European Credit Transfer and Accumulation System gelijk staat aan 28 uur studeren
DD	Double-degreeprogramma
FEB	Faculteit Economie en Bedrijfskunde
Mentor	Ouderejaarsstudent die is opgeleid en aangesteld voor de begeleiding van bijeenkomsten van een eerstejaars studiesuccesgroep
MSc	Master of Science, masteropleiding
OER	Onderwijs- en examenregeling
RR	Regels en richtlijnen
RUG	Rijksuniversiteit Groningen
SSC	Student Support Centrum
SSG	Studiesuccesgroep: eerstejaars mentor-/tutorgroep
Tutor	Docent van de faculteit die individuele gesprekken voert met studenten uit zijn/haar studiesuccesgroep

1.1.2 Bestuursstructuur

De universiteit heeft de zorg voor kwalitatief hoogwaardig academisch onderwijs, voor studeerbare programma's en voor goede onderwijs- en studentenvoorzieningen. De bevoegdheden en verantwoordelijkheden voor de inrichting en de verzorging van het onderwijs liggen op faculteitsniveau. De bestuursstructuur van de FEB kent in dit verband een aantal belangrijke organen, met een nadrukkelijke deelname van studenten.

De faculteit heeft een faculteitsbestuur dat bestaat uit drie personen, waaraan één student als adviseur is toegevoegd. De medezeggenschap van personeel en studenten is geregeld via de faculteitsraad en met ingang van september 2017 ten dele ook via de opleidingscommissies. De faculteitsraad bestaat uit 18 personen: negen worden gekozen uit en door de medewerkers en negen uit en door de studenten.

Voor de opleidingen van de faculteit zijn opleidingsdirecteuren aangesteld. De opleidingsdirecteuren zijn namens het faculteitsbestuur belast met de organisatie, de coördinatie en de bewaking van de kwaliteit van de onderwijsprogramma's. Daarnaast adviseren zij het faculteitsbestuur over inhoud, samenstelling en programmering van de verschillende onderwijsactiviteiten, alsmede over het systeem van kwaliteitszorg. De namen van de opleidingsdirecteuren staan vermeld boven de programmabeschrijvingen van de opleidingen. De meeste opleidingsdirecteuren worden ondersteund door één of meer opleidingscoördinatoren.

Belangrijke commissies op het gebied van het onderwijs zijn de opleidingscommissies. Voor elk van de opleidingen binnen de faculteit is er een dergelijke commissie. Een

opleidingscommissie is onderdeel van de medezeggenschapstructuur en heeft daarnaast als taak te adviseren over alle aangelegenheden die het onderwijs betreffen, in het bijzonder de kwaliteit en de kwaliteitszorg. Elke opleidingscommissie bestaat voor de helft uit studenten.

1.1.3 Overzicht opleidingen

Alle bacheloropleidingen van de FEB duren drie jaar. Elke bacheloropleiding biedt de mogelijkheid tot verbreding en/of verdieping via het Honours-Bachelortraject. Elke bacheloropleiding geeft toegang tot een aantal masteropleidingen, zie het overzicht op de volgende bladzijden. De toelatingscommissie behandelt verzoeken om toelating tot masteropleidingen die niet in het overzicht vermeld staan. In bijna alle gevallen heeft een masteropleiding toegangseisen, waaronder voldoende kennis van het Engels.

De masteropleidingen duren één jaar, met uitzondering van de Lerarenopleiding Economie en Bedrijfswetenschappen en de Research Master in Economics and Business. Deze opleidingen duren twee jaar. De meeste double-degreeprogramma's duren anderhalf of twee jaar.

De tabellen op de volgende pagina's geven een overzicht van alle bachelor- en masteropleidingen van de FEB.

Bacheloropleidingen per 1 september 2017	
Naam bacheloropleiding	Diploma geeft toegang tot <i>(Voor sommige MSc-opleidingen gelden aanvullende toegangseisen, zie de OER)</i>
BSc Bedrijfskunde Profielen in jaar 2 en 3: <ul style="list-style-type: none"> • Accountancy & Controlling • Business & Management • Technology Management 	<ul style="list-style-type: none"> • MSc Accountancy en Controlling • MSc Business Administration • MSc Finance • MSc Human Resource Management • MSc International Business & Management • MSc International Economics & Business • MSc International Financial Management • MSc Marketing • MSc Supply Chain Management • MSc Technology & Operations Management • MSc Lerarenopleiding Economie & Bedrijfswetenschappen • Research Master in Economics & Business
BSc Econometrics & Operations Research (EOR)	<ul style="list-style-type: none"> • MSc Econometrics, Operations Research & Actuarial Studies • MSc Business Administration • MSc Economics • MSc Finance • MSc International Business & Management • MSc International Economics & Business • MSc Marketing • MSc Supply Chain Management • MSc Technology & Operations Management • MSc Lerarenopleiding Economie & Bedrijfswetenschappen • Research Master in Economics & Business

Bacheloropleidingen per 1 september 2017	
Naam bacheloropleiding	Diploma geeft toegang tot <i>(Voor sommige MSc-opleidingen gelden aanvullende toegangseisen, zie de OER)</i>
BSc Economics & Business Economics (E&BE) Profielen in jaar 2 en 3: <ul style="list-style-type: none"> • Business Economics • Economics • International Economics & Business 	<ul style="list-style-type: none"> • MSc Economics • MSc International Economics & Business • MSc Business Administration • MSc Finance • MSc Human Resource Management • MSc International Business & Management • MSc International Financial Management • MSc Marketing • MSc Supply Chain Management • MSc Technology & Operations Management • MSc Lerarenopleiding Economie & Bedrijfswetenschappen • Research Master in Economics & Business
BSc International Business (IB)	<ul style="list-style-type: none"> • MSc International Business & Management • MSc Business Administration • MSc Finance • MSc Human Resource Management • MSc International Economics & Business • MSc International Financial Management • MSc Marketing • MSc Supply Chain Management • MSc Technology & Operations Management • MSc Lerarenopleiding Economie & Bedrijfswetenschappen • Research Master in Economics & Business

Masteropleidingen per 1 september 2017		
Naam masteropleiding	FEB-diploma dat toegang geeft tot de opleiding <i>(Voor sommige MSc-opleidingen gelden aanvullende toegangseisen, zie de OER)</i>	Is er een Pre-Master programma?
MSc Accountancy & Controlling	<ul style="list-style-type: none"> • BSc Bedrijfskunde - Accountancy & Controlling 	Ja
MSc Business Administration Profielen: <ul style="list-style-type: none"> • Change Management • Organizational & Management Control • Small Business & Entrepreneurship • Strategic Innovation Management 	<ul style="list-style-type: none"> • BSc Bedrijfskunde • BSc Econometrics & Operations Research • BSc Economics & Business Economics • BSc International Business 	Ja
MSc Econometrics, Operations Research & Actuarial Studies	<ul style="list-style-type: none"> • BSc Econometrics & Operations Research 	Nee

MSc Lerarenopleiding Economie & Bedrijfswetenschappen	<ul style="list-style-type: none"> • elk BSc-diploma van FEB 	Ja
Research Master in Economics & Business	<ul style="list-style-type: none"> • elk BSc-diploma van FEB; daarnaast vindt er selectie plaats op basis van aanvullende eisen 	Nee

1.1.4 Research Driven Education

De onderwijsvisie van de faculteit is gebaseerd op Research Driven Education (RDE). De RDE-leerlijn is gericht op een zelfstandige, onderzoekende en analytische manier van werken; zowel nuttig en noodzakelijk voor een carrière in de wetenschap, alsook in het

bedrijfsleven en bij de overheid. Uitgangspunt is dat alle studenten al vroeg in hun opleiding in aanraking komen met alle facetten van wetenschappelijk onderzoek, waarbij ze in toenemende mate een participerende rol krijgen naarmate ze verder vorderen in hun studieprogramma. Een goede training in onderzoeksmethoden, -technieken en -vaardigheden maakt onderdeel uit van deze leerlijn. Ook worden opdrachten gegeven waarbij studenten zelf actief deelnemen aan een (kleinschalig) onderzoek. Docenten betrekken tevens (eigen) onderzoek in hun colleges. De bachelorafstudeeropdracht is tijdens deze fase van de studie het afsluitende product van de RDE-leerlijn. In de masterfase gaan studenten zelfstandig onderzoek uitvoeren (individueel of in groepjes), op basis van opdrachten en in het kader van de masterafstudeeropdracht. De koppeling tussen onderzoek en onderwijs wordt daarmee versterkt.

1.2 Organisatie: inschrijving, uitschrijving, onderwijs en toetsing

1.2.1 (Her)inschrijven voor een opleiding

Inschrijven en herinschrijven voor een opleiding verloopt via Studielink. Je schrijft je in via Studielink voor het volgende studiejaar van je opleiding. Ook voor inschrijving voor een masteropleiding waartoe je bacheloropleiding rechtstreeks toelating geeft (zie de OER van je opleiding), dien je gebruik te maken van Studielink. Inschrijven voor een andere masteropleiding kan alleen na toestemming van de toelatingscommissie.

Voor sommige opleidingen wordt je gevraagd je in ProgRESS WWW aan te melden voor een bepaald profiel, bijvoorbeeld voor de profielen van de MSc Business Administration (MSc BA). Een dergelijke aanmelding in ProgRESS WWW kan nooit de officiële (her) inschrijving voor een opleiding vervangen. Dus als je wilt beginnen met de MSc BA, moet je dit altijd aangeven via Studielink. Daarnaast geef je via 'Intekenen' in ProgRESS WWW aan welk traject je binnen de MSc BA wilt gaan volgen.

Er is één startmoment voor de bacheloropleidingen, de pre-masterprogramma's en de double-degreeprogramma's, namelijk 1 september.

Er zijn twee startmomenten voor de masteropleidingen, namelijk 1 september en 1 februari. Dat betekent dat de opleiding die toegang geeft tot de masteropleiding van je keuze afgerond moet zijn in augustus of januari. De Research Master in Economics and Business heeft slechts één startmoment, namelijk 1 september.

1.2.2 Overstappen naar een andere opleiding

Twijfel over je studie

Het kan voorkomen dat je studie tegenvalt. Misschien blijkt de opleiding toch niet bij je interesses te passen of vind je het niveau te hoog. Bij twijfel kun je contact opnemen met een studieadviseur, die je kan adviseren bij je afwegingen om door te gaan, over te stappen naar een andere studie of te stoppen.

Uitschrijven of overstappen naar een andere universitaire opleiding

Als je in de loop van het studiejaar wilt overstappen naar een andere studie binnen of buiten de RUG, is het verstandig contact op te nemen met de studieadviseur of opleidingscoördinator van de opleiding die je wilt gaan doen. Het is niet altijd mogelijk om halverwege het collegejaar in te stromen. Het kan voorkomen dat je in het kader van een bindend studieadvies of vanwege een numerus fixus niet wordt toegelaten tot een andere studie.

Inschrijving voor een andere opleiding gaat via Studielink. De inschrijfprocedure die je moet volgen is afhankelijk van de door jou gekozen opleiding en je vooropleiding. Uitschrijving verloopt ook via Studielink. Het is verstandig, voordat je definitief overstapt of je uitschrijft, contact op te nemen met je studieadviseur. Laat je bij uitschrijving goed informeren over de gevolgen voor je studiefinanciering. Meer informatie is te verkrijgen bij Information Services.

Overstappen naar een HBO-opleiding

Als je wilt overstappen naar een HBO-opleiding, neem dan zo snel mogelijk contact op met de desbetreffende HBO-instelling. Het verschilt per instelling en opleiding wat de mogelijkheden en aanmeldingsdeadlines zijn.

1.2.3 Toelating tot en inschrijving voor een MSc-opleiding

In de OER-en van de masteropleidingen van de FEB is aangegeven welke bachelordiploma's direct toelating geven tot een masteropleiding. Voor de overige toelatings stelt de toelatingscommissie specifieke toelatingseisen vast. De meest actuele informatie over toelating en inschrijving voor een masteropleiding vind je op de FEB-website.

Als je een niet-aansluitende master binnen FEB wilt volgen, dien je de toelating officieel aan te vragen via de onderwijsadministratie (transfer.feb@rug.nl). De toelatingscommissie beslist vervolgens over je toelating en een eventueel te volgen efficiëntieprogramma. Op de FEB-website zijn per masteropleiding de toelatingseisen en toelatingsprocedure te vinden.

Toelatingseisen

Je mag starten met de masteropleiding als je in het bezit bent van een bachelordiploma dat rechtstreeks toelating geeft tot je masteropleiding of het voorbereidende pre-MSc-programma hebt afgerond.

De Research Master heeft een selectieve toelating. De criteria voor deze selectie staan beschreven in de OER van deze opleiding (zie de FEB-website).

Inschrijving

In juni ontvang je via Studielink een e-mailbericht over de herinschrijvingsprocedure. In Studielink kun je aangeven welke masteropleiding je in het volgende studiejaar wilt gaan volgen. Wellicht weet je in juni nog niet zeker of je op 1 september aan de toelatingseisen voldoet. Je dient je in dat geval via Studielink zowel in te schrijven voor je huidige bacheloropleiding als je aan te melden voor de toekomstige masteropleiding. Zolang je niet het vereiste bachelordiploma of het bewijs van toelating tot de master hebt behaald, blijf je automatisch ingeschreven staan voor de bacheloropleiding. Zodra je het bachelordiploma of het bewijs van toelating tot de master (VTAE- of VDTM-formulier, via de Student Support Desk) hebt behaald, word je door Information Services definitief ingeschreven voor de masteropleiding.

1.2.4 Aanmelding voor vakken en tentamens

Verplichte aanmelding voor vakken

Het is verplicht om je via ProgRESS WWW aan te melden voor alle vakken die je wilt volgen. De verplichting geldt voor alle opleidingen en alle studie jaren. Om je te kunnen aanmelden voor vakken gebruik je de gebruikersnaam en het wachtwoord dat je van de universiteit hebt ontvangen op ProgRESS WWW. Wanneer je je aanmeldt via ProgRESS WWW, krijg je toegang tot het vak op de Student Portal.

Het aanmelden is niet vrijblijvend. Als je je hebt ingeschreven, dan wordt van je verwacht dat je het vak volgt en actief participeert. Uiteraard kun je je gedurende de aanmeldingsperiode weer afmelden voor een vak.

Algemene en vakspecifieke ingangseisen

Voor de startdatum van het vak moet je hebben voldaan aan eventuele algemene en vakspecifieke ingangseisen, anders mag je niet deelnemen. Zie voor de algemene eisen het overzicht van 'regels en keuzes' bij de programmabeschrijving van je opleiding.

Vakspecifieke ingangseisen vind je in Ocasys. Het is in eerste instantie je eigen verantwoordelijkheid na te gaan of je voldoet aan de ingangseisen van een vak. Je kunt geen rechten ontlenen aan het feit dat de docent je heeft toegelaten tot de collegezaal.

Aanmeldingsperiode

De aanmeldingsperiode voor vakken is vanaf 1 augustus (voor semester 1) en 1 januari (voor semester 2) tot één week voor de start van de collegeperiode. Andere faculteiten hanteren mogelijk andere aanmeldingstermijnen en andere procedures.

Vergeeten aan te melden voor een vak?

Als je je niet aangemeld hebt vóór de deadline van de vakaanmelding, heb je twee weken de tijd om je alsnog voor vakken in te schrijven waar nog plaats is.

Tentamenaanmeldingsprocedure

De tentamenaanmelding is automatisch gekoppeld aan de vakaanmelding. Een voordeel hiervan is dat je niet meer te laat kunt zijn met het aanmelden voor tentamens. Er wordt ook eerder gecontroleerd of je voldoet aan de ingangseisen voor het vak.

Tentamenaanmelding door faculteit

In de vijfde collegeweek van elk blok meldt de faculteit je aan voor de tentamens van de vakken waarvoor je bent ingeschreven. Daarbij wordt gelet op de ingangseisen die bij het vak horen. De faculteit laat je per mail weten of je bent aangemeld voor het tentamen of niet. Als je zakt voor het tentamen, of niet in staat bent geweest aan het tentamen deel te nemen, word je door de faculteit automatisch ingeschreven voor het hertentamen.

Tentamen maken zonder het vak te volgen

Indien je niet van plan bent om het vak te volgen, maar alleen tentamen wilt doen, hoeft je je niet aan te melden voor het vak. Wel moet je je in de vijfde collegeweek van elk blok aanmelden voor het tentamen. Als je niet bent aangemeld en je neemt wel deel aan het tentamen, ontvang je geen resultaat.

Tentamenzitting

Tijdens de tentamenzitting moet je een bewijs van je inschrijving als student (studentenkaart) kunnen tonen. Verder word je geacht een print van je tentamenaanmelding bij je te hebben als bewijs dat je bent aangemeld.

1.2.5 Collegejaar

Elk studiejaar is onderverdeeld in twee semesters, die elk opgesplitst zijn in twee blokken (in totaal vier onderwijsblokken dus). Een blok, ook wel halfsemester genoemd, wordt aangeduid met jaar-, semester- en bloknummer (bijvoorbeeld 1.1.2 = het eerste studiejaar, het eerste semester en daarvan het tweede blok). Eén blok duurt negen of tien weken, waarvan zeven collegeweken, en twee of drie tentamenweken. In het propedeutisch jaar vindt frequentere toetsing plaats. Eén blok omvat in het algemeen 15 EC aan vakken.

De meeste vakken worden één keer per jaar aangeboden. Er zijn ook vakken die twee keer per jaar worden aangeboden. De meeste vakken in het eerste en tweede

bachelorjaar beslaan een half-semester. Enkele vakken in het derde bachelorjaar en het masterjaar duren een heel semester.

Schematisch zien de jaarindelingen van 2017-2018 er als volgt uit:

Indeling collegejaar 2017-2018			
Propedeuse			
Week	Data	College-/Tentamenweek	Indeling collegejaar
36	04-09		Facultaire introductie, inclusief colleges
37	11-09	C1

Vakantie- en feestdagen

Op de volgende dagen is de FEB gesloten en zijn er geen colleges en/of tentamens:

25 december t/m 1 januari	Kerstvakantie
30 maart	Goede Vrijdag
2 april	Tweede Paasdag
27 april	Koningsdag
5 mei	Bevrijdingsdag
10 mei	Hemelvaartsdag
21 mei	Tweede Pinksterdag

1.2.6 Onderwijs- en toetsvormen

Er zijn globaal genomen drie verschillende onderwijsvormen:

- In de hoorcolleges legt de docent de stof van het vak uit. Van jou wordt verwacht dat je de stof vooraf bestudeert en tijdens het college actief participeert.
- Tijdens de werkcolleges wordt vaak de collegestof nader uitgelegd en 'in praktijk gebracht' door een docent of een student-assistent. Ook zul je in kleinere groepen actief aan de slag gaan met de collegestof door middel van oefeningen, sommen of andere kleine opdrachten.
- Een practicum is de meest intensieve onderwijsvorm. Onder begeleiding van een docent of student-assistent werk je individueel of in een kleine groep een probleem uit.

Voor werkcolleges en practica kunnen de studenten die zich voor het vak hebben ingeschreven worden opgesplitst in groepen. Deze groepsindeling vindt in de regel plaats voorafgaand aan de start van het blok. Soms worden de groepen ingedeeld tijdens een eerste plenaire bijeenkomst (bijvoorbeeld het eerste college). Tijd en plaats van de werkcolleges/practicumbijeenkomsten verschillen per groep. Informatie over groepsindelingen vind je op Student Portal onder de vakinformatie.

Globaal worden de volgende toetsvormen onderscheiden:

- Met een schriftelijke of digitaal afgenomen (deel)tentamens met open vragen en/of meerkeuzevragen worden je kennis, inzicht en vaardigheden beoordeeld. Soms is het tentamen opgedeeld in deeltentamens, waarbij je bijvoorbeeld al tijdens de collegeweek een keer getoetst wordt op een deel van de stof.
- Met een opdracht, individueel of in een groep, wordt beoordeeld of je collegestof kunt toepassen en worden vaardigheden zoals schrijven en samenwerken beoordeeld. Er zijn verschillende soorten opdrachten, zoals papers, cases, huiswerkopdrachten, essays of onderzoeksrapporten.
- Met een mondelinge presentatie, individueel of in een groep, worden je kennis en inzicht van de collegestof en je presentatievaardigheden beoordeeld.
- Met een mondelinge tentamen, individueel of in een groep, beoordeelt de docent beoordeelt je kennis, inzicht en vaardigheden door middel van een vraag-en-antwoordgesprek.

Soms is verplichte aanwezigheid en actieve deelname aan hoor-/werkcolleges en practica ook onderdeel van de beoordeling van een vak.

Bij de vakbeschrijvingen in Ocasys kun je bij ieder vak zien welke onderwijs- en toetsvorm wordt gehanteerd.

De colleges en tentamens vinden plaats op verschillende locaties. Het onderwijs wordt over het algemeen gegeven op het Zernikecomplex. De meeste tentamens worden afgenomen in de Aletta Jacobshal of in de MartiniPlaza.

1.2.7 Roostering

Binnen de FEB worden de roosters faculteitsbreed opgesteld. De belangrijkste uitgangspunten voor de collegeroostering zijn:

- Voor verplichte vakken binnen een studiejaar (zie Ocasys) geldt dat voor elke student die in zijn studie op schema ligt de mogelijkheid wordt gecreëerd om zonder roosterproblemen de vereiste bijeenkomsten bij te wonen.

- Voor keuzevakken binnen een studiejaar geldt dat ze zoveel mogelijk zonder overlap met verplichte vakken worden geroosterd. Keuzevakken kunnen onderling wel overlappen.
- De collegeweek start op maandag 09:00 uur en loopt tot vrijdag 18:00 uur. Op maandag tot en met donderdag kunnen ook avondcolleges gepland worden.
- Collegeroosters worden per semester op de Student Portal gepubliceerd op of voor de datum waarop de vakinschrijving voor het betreffende semester wordt opengesteld. Groepsindelingen voor werkcolleges en practica worden bekendgemaakt via Student Portal.

De belangrijkste uitgangspunten voor de tentamenroostering zijn:

- Tentamens van verplichte vakken binnen twee opeenvolgende studie jaren na de propedeuse worden zonder overlap geroosterd. Tentamens van keuzevakken mogen onderling overlappen en het kan voorkomen dat er overlap is tussen propedeusetentamens en tweedejaars tentamens.
- Voor vakken in hetzelfde opleidingsjaar wordt binnen een studiejaar maximaal één tentamen per dag geroosterd.
- Voor vakken in hetzelfde opleidingsjaar volgt er na een avondtentamen nooit een ochtendtentamen.
- Tentamens starten op vaste tijden (9.00 uur, 14.00 uur en 18.30 uur). De standaard tentamenduur is drie uur.
- Tentamenroosters worden per semester gepubliceerd, gelijktijdig met de collegeroosters.

In individuele gevallen (studievertraging, keuzetrajecten) kan het voorkomen dat bovengenoemde uitgangspunten niet volledig gevolgd kunnen worden.

1.2.8 Online cursusinformatie

Informatie over jouw cursussen is online beschikbaar via de tab Today van de Student Portal. Je vindt hier informatie over de weekindeling, de literatuur die moet worden bestudeerd, de docenten die de cursus geven etc. Daarnaast is het mogelijk om documenten te up- en downloaden. Te denken valt dan aan het inleveren van opdrachten (uploaden) of het downloaden van opdrachten, sheets, presentaties en oude tentamens. Voor een groot deel van de cursussen geldt dat je van gedachten kunt wisselen met de docent en medestudenten via e-mail en het discussiebord. Je kunt ook online oefententamens en deelttoetsen maken. Een enkele cursus biedt de mogelijkheid om opgenomen colleges opnieuw te bekijken (videocolleges).

Als je inschrijving bij Studielink in orde is, ontvang je een gebruikersnaam en wachtwoord voor het gebruik van de digitale toepassingen, waaronder e-mail, ProgRESS WWW (nodig voor het inschrijven voor tentamens en cursussen) en ook de online cursusinformatie. Je gebruikersnaam is je studentnummer met een 's' ervoor: dus bijvoorbeeld 's1234567'.

Op het moment dat je je hebt ingeschreven voor een cursus in ProgRESS WWW komt je persoonlijke cursusinformatie automatisch via de tab Today van de Student Portal beschikbaar.

1.2.9 Belangrijke mededelingen

Het is van belang dat je je op de hoogte stelt van het nieuws en de belangrijke mededelingen over colleges, tentamens, voorlichtingen, inschrijvingsdeadlines en

andere 'last minute'-informatie voor studenten. Raadpleeg hiervoor frequent de volgende communicatiemiddelen:

- de Student Portal: zie de tabs Today, Study Info en Career
- je RUG-mail

Is er een mededeling gedaan via één van deze communicatiekanalen, dan word je geacht op de hoogte te zijn van dit bericht.

1.2.10 Afwezigheid

Als je door ziekte of een andere bijzondere omstandigheid niet aanwezig kunt zijn bij een practicum, een werkcollege of een tutorbijeenkomst waarvoor aanwezigheidsplicht geldt, meld dat dan bij de betreffende docent of de practicumcoördinator vóór de betreffende bijeenkomst. Lijkt de afwezigheid consequenties voor je studieresultaten te hebben en/of een lange periode te gaan bestrijken, meld dit dan ook bij je studieadviseur. Dit kan consequenties hebben voor je participatiecijfers.

1.2.11 Adreswijziging

Een adreswijziging of wijziging van je telefoonnummer doorgeven is van belang in verband met het ontvangen van belangrijke informatie van de faculteit en universiteit over je studie. Je kunt je adres- en telefoongegevens uitsluitend wijzigen via Studielink. Je adres- en telefoonwijziging wordt dan automatisch aan de faculteitsadministratie doorgegeven en gaat per direct in. Als dit niet lukt, kun je contact opnemen met de Information Services.

1.3 Regels, rechten en plichten

1.3.1 Examencommissie

Wat doet de examencommissie?

De examencommissie van de FEB is belast met de borging van de kwaliteit van de tentamens en examens van de opleidingen. De commissie bestaat uit een aantal leden van de onderwijsstaf en kent een studieadviseur als niet-stemhebbend adviserend lid. Als extern leden zijn een medewerker van de afdeling Kwaliteitszorg en een medewerker van de afdeling Onderwijsadministratie aangesteld.

De examencommissie is gebonden aan de onderwijs- en examenregelingen en de regels en richtlijnen van de faculteit. Lees voordat je een verzoek indient bij de examencommissie eerst wat er over dit onderwerp in deze regelingen staat.

Waarvoor kan ik bij de examencommissie terecht?

De examencommissie behandelt, al dan niet op verzoek, o.a. de volgende zaken:

- het aanvragen van een buitenregulier tentamen;
- het aanvragen van toestemming om je scriptie in het Nederlands te schrijven binnen een Engelstalige opleiding;
- het aanvragen van toestemming voor geheimhouding van je scriptie;
- het aanvragen van toestemming om zonder afgeronde propedeutische fase alvast vakken uit de post-propedeutische fase te volgen;
- klachten over de beoordeling van vakken en tentamens;
- gevallen van (tentamen)fraude en plagiaat;
- individuele afwijkingen van de bepalingen zoals vastgelegd in de OER of RR van de faculteit.

De examencommissie is er niet voor algemene vragen over je vakken, cijfers en tentamens. Deze vragen kun je stellen aan medewerkers van de Students Support Desk.

Individuele afwijking van regels

Wanneer je buitenproportionele studievertraging hebt opgelopen of studiebelemmering ten gevolge van overmacht of bijzondere persoonlijke omstandigheden, zoals langdurige ziekte, een handicap, familieomstandigheden, een topsportstatus of bepaalde bestuurswerkzaamheden dan kun je de examencommissie vragen om in aanmerking te komen voor een individuele afwijking van een regel, zoals:

- afwijking van studievoortgangseisen;
- (individuele) tentaminering buiten de vastgestelde tentamendatum en/of -tijd;
- afwijking van een reguliere tentamenvorm;
- dispensatie van de inschrijfverplichting voor tentamens;
- afwijkende toekenning van studiepunten voor een onderdeel.

In het geval van overlappende tentamens kun je het betreffende aanvraagformulier invullen op de Student Portal. Kijk wel eerst naar de voorwaarden.

Om in aanmerking te komen voor een individuele afwijking van regels moet je kunnen aantonen dat je al het mogelijke hebt gedaan om de vertraging of belemmering te voorkomen. Voor advies kun je terecht bij de studieadviseurs.

Hoe dien ik mijn aanvraag in?

Een verzoek kan per e-mail worden gestuurd naar examencie.feb@rug.nl. Vermeld je probleem, welke regeling je aanvraagt en motiveer je verzoek. Wanneer er in je verzoek sprake is van bijzondere persoonlijke omstandigheden, zoals ziekte of een sterfgeval, wordt je gevraagd hiervan schriftelijk bewijs bij te sluiten. Vermeld je naam, je studentnummer en je opleiding.

Hoe en wanneer krijg ik antwoord?

De examencommissie reageert per brief of per e-mail op een verzoek. De examencommissie zorgt ervoor dat je binnen zes weken een reactie krijgt. Dit hoeft (nog) geen besluit te zijn, soms wordt er aanvullende informatie gevraagd.

Meer informatie is op de Student Portal te vinden.

1.3.2 Onderwijs- en examenregelingen

In de OER is onder meer de inhoud van alle onderwijsprogramma's van de faculteit vastgelegd. De regeling biedt verder een overzicht van de rechten en plichten die studenten hebben. De OER-en van de bachelor- en masteropleidingen van de FEB zijn te vinden op de FEB-website.

1.3.3 Regels en richtlijnen

In de RR vind je de praktische uitwerking van de OER alsmede aanvullende regels. De RR vind je in de OER, op de FEB-website.

1.3.4 Tentamens

De termijn waarop de uitslag van een tentamen wordt gepubliceerd is maximaal tien werkdagen na de dag waarop het tentamen is afgelegd, met uitzondering van blok 2.2, de termijn in dat blok is maximaal vijf werkdagen. Uitsluitend de door de onderwijsadministratie op ProgRESS WWW gepubliceerde tentamenuitslagen zijn rechtsgeldig vanaf de in de OER vastgestelde termijn. De uitslagen door de docent gepubliceerd op de Student Portal zijn voorlopige uitslagen en daarom nog niet rechtsgeldig.

Uitslagen van tentamens worden gepubliceerd op ProgRESS WWW. Toegang hiertoe krijg je door in te loggen met je studentnummer en persoonlijke wachtwoord. In verband met de privacyregels worden geen mededelingen over tentamenuitslagen per telefoon of aan derden gedaan. Je kunt op elk gewenst moment je studieresultaten op ProgRESS WWW bekijken.

Tot uiterlijk zes weken na publicatie van een tentamenuitslag kun je het door jou gemaakte tentamen inzien. Binnen de genoemde termijn kun je kennismaken van vragen of opdrachten van het desbetreffende tentamen en van de normen aan de hand waarvan de beoordeling heeft plaatsgevonden. Mogelijkheden voor inzage van het tentamen worden via de Student Portal-pagina van het vak bekend gemaakt. Bij onduidelijkheden of onjuistheden kun je naar de Student Support Desk gaan. Neem dan je collegekaart mee.

Hertentamens

Hertentamens vinden in principe plaats in het eerstvolgende halfsemester nadat het eerste reguliere tentamen is afgenomen. De hertentamens van blok 2.2 vinden plaats in de tweede helft van de tentamenperiode van blok 2.2.

Voor vakken die twee keer per jaar worden aangeboden kunnen afwijkende regels gelden, zie de individuele vakbeschrijvingen zoals die in Ocasys zijn opgenomen.

1.3.5 Vrijstellingen

Vrijstelling van bepaalde vakken kan worden verleend op grond van bepaalde vooropleidingen of diploma's en alleen als je een voldoende hebt gehaald voor het betreffende onderdeel. Je kunt een vrijstelling aanvragen door middel van een formulier dat je kunt downloaden van de Student Portal. Het formulier moet met de bewijsstukken worden ingeleverd bij de Student Support Desk.

Een vak waarvoor een vrijstelling wordt verleend, wordt gehonoreerd met het cijfer 6. Je kunt niet alsnog een vrijstelling vragen voor een vak waarvoor je eenmaal bij de faculteit een resultaat hebt behaald. Als je een vrijstelling hebt gekregen, kun je niet meer cum laude afstuderen. Daarvoor geldt dat alle vakken afgelegd moeten zijn met minstens een 7.0 of hoger.

1.3.6 Richtlijnen voor studiebelasting

Voor het berekenen van de studiebelasting wordt uitgegaan van pagina's van ongeveer 300 woorden.

Richtlijnen studiebelasting			
Leerdoelen	Moeilijk	Gemiddeld	Gemakkelijk
Licht Globale kennisname, hoofdpijnen kennen	8 blz. per uur	13 blz. per uur	18 blz. per uur
Middelmatig Beheersen begrippenkader, oefeningen uitvoeren	6 blz. per uur	10 blz. per uur	14 blz. per uur
Zwaar Analyseren, synthetiseren, evalueren	4 blz. per uur	7 blz. per uur	9 blz. per uur

1.3.7 Plagiaat

Plagiaat is het gebruik maken van eerder gepubliceerde ideeën en formuleringen van anderen of jezelf zonder bronvermelding. Dit komt niet alleen voor bij opdrachten die studenten voor een cursus maken, maar ook bij afstudeerwerkstukken. Voorbeelden zijn: de uitwerking van een opdracht overschrijven van een medestudent, stukken tekst van internet knippen en plakken zonder te vermelden waar je de tekst vandaan haalt en waar een citaat precies begint en eindigt, een werkstuk meer dan één keer inleveren, (een deel van) een scriptie, een boek of een artikel overschrijven en niet duidelijk aangeven wanneer een citaat precies begint en eindigt. Ook het letterlijk vertalen van een passage uit een andere bron naar het Nederlands (of een andere taal) en niet duidelijk aangeven dat het feitelijk een citaat betreft, wordt als plagiaat aangemerkt.

De faculteit heeft een scherp beleid ten aanzien van plagiaat: plagiaat is uitdrukkelijk niet toegestaan. Wetenschappelijke vorming vereist onder andere dat je nooit delen uit werk van anderen overschrijft zonder de bron te vermelden. Je gebruikt natuurlijk vaak bronnen, maar het eindresultaat van jouw werk moet jouw eigen creatieve gedachtegoed zijn. Je moet zelf iets toevoegen. Plagiaat is strijdig met de kern van de academische opleiding: de vorming tot een zelfstandig en kritisch denkend persoon.

Een student is verantwoordelijk voor het werk dat in zijn naam wordt ingeleverd. Dus als jouw naam op een werkstuk voorkomt dat plagiaat bevat, dan ben jij verantwoordelijk, zelfs wanneer bijvoorbeeld een verdeling van taken heeft plaatsgevonden en jij niet actief aan het plagiëren hebt deelgenomen. Je moet kunnen aantonen dat actief is geprobeerd om plagiaat te voorkomen.

Om plagiaat te ontdekken, wordt onder meer gewerkt met een plagiaatscanner. Dit betekent dat alle opdrachten die studenten maken gecontroleerd worden op plagiaat. Als een docent vermoedt dat een student plagiaat pleegt, wordt dit gemeld bij de examencommissie. De examencommissie doet vervolgens nader onderzoek, waarbij hoor- en wederhoor wordt toegepast. Indien plagiaat bewezen wordt geacht, volgen er sancties, zoals uitsluiting voor een jaar van deelname aan het betreffende vak en de tentamens daarvan.

Raadpleeg voor de regelgeving over plagiaat de regels en richtlijnen (te vinden in de OER op de FEB-website).

1.3.8 Beroepregeling

Als je het niet eens bent met een uitslag van een tentamen of met een andere individuele rechtsvaststelling, kun je in beroep gaan. Neem daarvoor contact op met een studieadviseur. Zie ook de regels en richtlijnen (te vinden in de OER) en het studentenstatuut.

Als je het niet eens bent met een besluit van de examencommissie, kun je in beroep gaan bij het College van Beroep voor Examens.

1.4 Studiebegeleiding

1.4.1 Het eerste jaar

Het eerste jaar van je opleiding is belangrijk. Als je het eerste jaar goed afsluit, heb je meer tijd om je te concentreren op het vervolg van je opleiding en desgewenst extra-curriculaire activiteiten te ontplooiën, zoals student-assistentschappen, bestuurswerk en stage. Daarnaast zorgt een succesvol eerste jaar ervoor dat je studieprogramma studeerbaar blijft. De faculteit vraagt dan ook van haar studenten dat ze vanaf de eerste dag hun opleiding serieus nemen en voldoende tijd aan hun studie besteden.

Bij de overgang naar het wetenschappelijk onderwijs kom je voor veel veranderingen te staan en zul je merken dat er meer van je wordt verwacht: motivatie, discipline en zelfstudie. De faculteit helpt je bij deze overgang. Zo krijg je in het eerste jaar intensief onderwijs, neem je deel aan een studiesuccesgroep en zijn er regelmatig individuele gesprekken met je docent-tutor.

Dit intensieve onderwijs in het eerste jaar houdt in dat je regelmatig werkt in kleine groepjes. Bovendien wordt er frequent getoetst. Naast intensief onderwijs wordt er ook veel aandacht besteed aan studie- en keuzebegeleiding. Je hebt een eigen student-mentor en docent-tutor, waar je terecht kunt met je vragen en die ook zelf contact met je onderhouden. Je hebt de verantwoordelijkheid om je studievoortgang zelf in de gaten te houden, maar de faculteit biedt voldoende begeleidingsfaciliteiten om je te helpen succesvol te studeren.

1.4.2 Bindend studieadvies

De faculteit vindt het belangrijk dat je snel weet of je voor de goede opleiding hebt gekozen. Als je in een vroeg stadium ontdekt dat je verkeerd hebt gekozen, kun je nog van studie veranderen zonder veel tijd te verliezen. Alle bacheloropleidingen aan de FEB kennen daarom een bindend studieadvies voor de propedeuse.

Dit houdt in dat je in het eerste jaar van je opleiding minimaal 45 EC (van de 60 EC waaruit een studiejaar bestaat) moet behalen. Lukt dit niet, dan moet je stoppen met je opleiding. Het is dus belangrijk om vanaf de start toe te werken naar het behalen van 60 EC. Na twee à drie weken heb je al de eerste deeltentamens. Wil je deze succesvol kunnen afronden, dan moet je vanaf het eerste college aan de slag. Dat betekent de stof goed lezen, maar ook kritische vragen erover kunnen beantwoorden.

Je ontvangt vier keer per jaar, na elke tentamenperiode, een overzicht van je studieresultaten. Bij het tweede overzicht zit een voorlopig studieadvies. Het laatste overzicht ontvang je na afloop van de hertentamens van blok 2.2. Hierop volgt een definitief studieadvies. Dit kan positief of negatief zijn.

Een negatief BSA en dan?

Een negatief BSA is vooral een teken dat de opleiding die je volgt wellicht niet de juiste voor jou is. Als je een negatief BSA ontvangt voor je opleiding, wordt je de volgende twee jaren niet toegelaten tot die opleiding of een opleiding die tot hetzelfde cluster behoort. Als je een negatief BSA verwacht te krijgen, kun je het beste op tijd op zoek gaan naar een andere studie. De eerste logische stap is contact opnemen met je studieadviseur of je tutor. Als je al weet met welke andere studie je wilt beginnen, neem dan contact op met de studieadviseur van die opleiding. Je kunt ook terecht bij het Studenten Service Centrum voor bijvoorbeeld een studiekeuzeworkshop voor o.a. eerste- en tweedejaars studenten. Zie ook de exacte BSA-regelgeving in het BSA-handboek.

1.4.3 Facultaire introductie: Get Started

Voor eerstejaars bachelorstudenten staat de eerste week van het academisch jaar (4-8 september 2017) in het teken van de introductieactiviteit 'Get Started'. In deze week volg je een mix van onderwijs en introductieactiviteiten. Op deze manier maak je in één week kennis met alle facetten van de faculteit: onderwijs, onderzoek, studieondersteuning en de studieverenigingen. Ook worden in deze week alle praktische zaken geregeld, zoals de boekenverkoop, IT-training, groepsindelingen en een rondleiding door het gebouw.

1.4.4 Studiesuccesgroepen

De faculteit vindt het belangrijk dat je je snel thuis voelt op de faculteit, studiegenoten leert kennen en je vanaf de eerste dag actief met je studie bezig te zijn. Om je hierbij te helpen word je bij de start van het eerste studiejaar direct ingedeeld in een zogenaamde studiesuccesgroep.

De SSG komt één keer per week bijeen in het eerste blok, onder leiding van een mentor, een ouderejaars student die speciaal is opgeleid voor deze bijeenkomsten. Tijdens de bijeenkomsten wissel je informatie uit over onder meer effectief studeren, studieplanning, het maken van samenvattingen, voorbereiding van en deelname aan tentamens, praktische zaken en extracurriculaire activiteiten.

Naast de mentor heeft iedere SSG ook een tutor, een docent van de faculteit. De tutor voert bij aanvang van de studie en na de tentamenrondes van blok 1.1 en blok 1.2 een individueel gesprek met zijn/haar studenten. Je ontvangt hiervoor een uitnodiging van je tutor. Je studievoortgang en je algemene welzijn staan centraal tijdens de tutorgesprekken. Ook je studieresultaten worden besproken. Als je studieresultaten daar aanleiding toe geven, heb je ook een of twee gesprekken in het tweede semester van het eerste jaar. Het doel van het tutorsysteem is om studenten persoonlijke aandacht en regelmatige en persoonlijke feedback te geven.

Je studieresultaten vormen de basis voor de voortgangsadviezen die je na iedere tentamenperiode ontvangt. De voornaamste functie van tussentijdse voortgangsadviezen is het bevorderen van je eigen oordeelsvorming over je studieaanpak en het al dan niet doorstuderen (zelfselectie). Daarom ontvang je na het eerste semester een voorlopig studieadvies om je te helpen het eerste jaar succesvol af te ronden of om een andere programma te overwegen.

Als je je propedeuse na één jaar nog niet gehaald hebt, maar je hebt wel voldaan aan de BSA-norm, wordt vanaf het tweede inschrijvingsjaar vooral aandacht besteed aan tijdige afronding van de propedeuse. Zo moet je aan het begin van het tweede jaar een studieplanning maken, die je bespreekt met een tutor voor tweedejaarsstudenten. Zolang je je propedeuse niet hebt gehaald, heb je na iedere tentamenperiode van het tweede jaar een gesprek met de tutor voor tweedejaarsstudenten.

Overzicht begeleiding gedurende propedeuse	
Wanneer	Actie
Blok 1.1	Begeleiding door student-mentor (Studiesuccesgroep) en een kennismakingsgesprek met de tutor. Jouw rol: actieve deelname en voorbereiding van het gesprek.

Overzicht begeleiding gedurende propedeuse	
Wanneer	Actie
Na elke tentamenperiode	Schriftelijk bericht en advies m.b.t. je studievoortgang. Jouw rol: neem contact op met de tutor of de studieadviseur als je vragen hebt. Bij persoonlijke omstandigheden die je belemmeren tijdens je studie, dien je binnen vier weken na het ontstaan ervan contact op te nemen met de studieadviseur .
Na blok 1.1	Je tutor nodigt je uit voor een gesprek. Jouw rol: voorbereiden van het gesprek. Je kunt ook zelf een gesprek met je tutor of studieadviseur aanvragen.
Na blok 1.2	Je tutor nodigt je uit voor een gesprek. Hierin wordt aandacht besteed aan je resultaten en het voorlopig studieadvies dat je zult ontvangen. Jouw rol: voorbereiden van het gesprek. Je kunt ook zelf een gesprek met je tutor of studieadviseur aanvragen.
Na blok 2.1	Als het waarschijnlijk is dat je een negatief Bindend Studieadvies zult ontvangen nodigt je tutor je uit voor een gesprek. Jouw rol: voorbereiden van het gesprek. Je kunt ook zelf een gesprek met je tutor of studieadviseur aanvragen.
Na de laatste tentamenperiode (juli)	Je ontvangt een schriftelijk studieadvies, dat bindend is als het negatief is. Jouw rol: bij een negatief studieadvies: Nadenken over de opleiding die bij jouw kwaliteiten past en eventueel een 'exit'-gesprek voeren met de studieadviseur indien je de opleiding moet verlaten.
Diverse tijdstippen	Keuzevoorlichting over het vervolg van je bachelor in het tweede jaar, studie in het buitenland, Honours programma e.d.

1.4.5 Studietoelichting

Verschillende factoren spelen een rol bij succesvol studeren en het is dan ook niet gek als je behoefte hebt aan een objectieve, deskundige gesprekspartner om te kijken of je studie nog op schema ligt en of je wel het maximale uit je studie haalt. Daarom heeft de faculteit een aantal studieadviseurs in dienst.

De studieadviseurs verzorgen vakoverstijgende begeleiding. Zij spelen een belangrijke rol in de studieloopbaanbegeleiding van de faculteit. Vanzelfsprekend wordt alle informatie vertrouwelijk behandeld.

Maak gericht gebruik van je studieadviseur voor:

- persoonlijke begeleiding van 'start tot finish';
- analyse van je interesses, talenten en ambities (persoonlijk profiel en arbeidsmarkt);
- keuze van je studierichting, keuzevakken, specialisatie/master, Honours traject, tweede studie e.d.;
- keuze van specifieke activiteiten, zoals studie in het buitenland, bestuurswerk en stage;
- verbetering van je studiemethode, tentamenvoorbereiding, planning, scriptie e.d.;
- ondersteuning bij persoonlijke omstandigheden en belemmeringen;
- advies in geval van problemen met de onderwijsorganisatie, ongewenste intimiteiten, problemen met een begeleider e.d.

Persoonlijke omstandigheden

Je kunt in je studietijd studievertraging oplopen door bijzondere omstandigheden (overmacht) of het beoefenen van topsport. Hierdoor kan het gebeuren dat je meer tijd voor je opleiding nodig hebt dan de periode waarvoor je studiefinanciering krijgt. Het is daarom mogelijk om, onder voorwaarden, financiële ondersteuning uit het

Profileringsfonds aan te vragen. De belangrijkste voorwaarde om in aanmerking te komen voor financiële ondersteuning uit het Profileringsfonds is, dat je de bijzondere omstandigheden binnen vier weken na het ontstaan ervan meldt bij je studieadviseur.

Denk je 15 EC of meer studievertraging op te lopen, dan moet je dit ook melden bij de studentendecaan bij het Studenten Service Centrum. Een afspraak met een studentendecaan is in dit geval voorwaarde voor je recht op financiële compensatie van je studievertraging. Je bent er als student zelf verantwoordelijk voor dat je je studievertraging op tijd en bij de juiste instantie meldt. Meer informatie over deze regeling vind je in het studentenstatuut.

Soms maken persoonlijke omstandigheden aanpassingen in onderwijs of toetsing noodzakelijk. Het gaat daarbij meestal om:

- bepaalde voorzieningen (extra tentamentijd, aangepast toetsmateriaal);
- afwijkingen van de OER;
- afwijkende tentamentijd of -plaats;
- versoepeling van studievoortgangregels.

Samen met de studieadviseur kijk je naar wat nodig is en wordt vastgesteld van welke voorzieningen je gebruik kunt maken, welke afwijkingen van de OER worden aangevraagd, of het nodig is je studietempo of studieplanning bij te stellen etc.

Andere mogelijkheden voor advies en ondersteuning

Voor andere vormen van advies en begeleiding kun je terecht bij verschillende personen en instanties binnen en buiten de RUG: het Studenten Service Centrum (studentendecanen, studentenpsychologen en cursussen voor studieondersteuning), Handicap & Studie of de vertrouwenspersoon van de RUG. Kijk voor meer informatie op de Student Portal Als je andere vragen hebt, kun je contact opnemen met de studieadviseurs of het Studenten Service Centrum.

1.4.6 Voorlichtingsactiviteiten

Je moet gedurende je studie belangrijke keuzes maken die van invloed zijn op je studieloopbaan en je verdere carrière. Om je hierbij te helpen heeft FEB diverse voorlichtingsactiviteiten georganiseerd.

Pick Your Profile

Ben je eerstejaarsstudent van de bacheloropleiding Bedrijfskunde of bacheloropleiding Economics and Business Economics en weet je nog niet welk profiel je moet kiezen na het behalen van je propedeuse? Om je hierbij te helpen organiseert de FEB samen met EBF Pick Your Profile: een evenement met informatie over de verschillende profielen, lezingen van experts uit het bedrijfsleven en workshops. Pick Your Profile wordt elk jaar in april/mei aangeboden.

FEB Master's Event

Wil je weten welke masteropleiding past bij je carrière doelen? Of weet je nog niet welke masteropleidingen je wilt gaan volgen na het behalen van je bacheloropleiding? Of wil je weten wat de ingangseisen zijn voor de masteropleiding? Dit evenement helpt je daarbij. Het evenement biedt presentaties over de verschillende masteropleidingen en een informatiemarkt waar je informatie kunt krijgen van docenten, studieadviseurs en huidige masterstudenten. De mastervoorlichting wordt elk jaar in maart en november aangeboden.

1.4.7 Information Services

Information Services helpt met vragen over inschrijving, collegegeld, beurzen en immigratie. Information Services bestaat uit de volgende afdelingen: Admissions Office, International Service Desk, Mobility and Scholarship Desk en de University Student Desk.

1.4.8 Studenten Service Centrum

Studenten kunnen bij het SSC terecht met alle begeleidingsvragen waarop het antwoord van de opleiding niet toereikend is. De studentendecanen, psychologen en trainers van het SSC hebben een gemeenschappelijk doel: belemmeringen in de studievoortgang voorkomen of wegnemen, zodat je jezelf optimaal kunt ontwikkelen tijdens je studietijd.

Informatie, advies en begeleiding

De studentendecanen zijn gespecialiseerd in financiële kwesties en vragen die te maken hebben met je rechtspositie. Zij kunnen je informeren en adviseren over in- en uitschrijven, studiefinanciering, studiekeuze, studeren met een functiebeperking en bezwaar- en beroepsprocedures. Als je studievertraging oploopt door omstandigheden waar je geen invloed op hebt, bijvoorbeeld door ziekte of familieomstandigheden, dan moet je dat niet alleen direct bij je eigen studieadviseur melden. Als de vertraging groter is of dreigt te worden dan 15 EC en om in aanmerking te komen voor financiële compensatie uit het Profileringsfonds van de universiteit, meld dit ook bij een studentendecaan van het SSC. Meer hierover vind je op de Student Portal.

Coaching en kortdurende therapie

Als je studie belemmerd wordt door studiestress, faalangst, concentratieproblemen of psychische klachten bieden de psychologen van het SSC ondersteuning. De ondersteuning bestaat doorgaans uit een intake, gevolgd door een aantal individuele of groeps gesprekken.

Trainingen en workshops

De trainers van het SSC verzorgen cursussen, trainingen en workshops op het gebied van succesvol studeren en persoonlijke ontwikkeling. Je kunt kiezen uit een breed aanbod dat steeds actueel wordt gehouden. Daarbij kun je bijvoorbeeld denken aan cursussen effectief studeren of het aanpakken van uitstelgedrag.

Kijk voor meer informatie en voor de contactgegevens en openingstijden van het SSC op de Student Portal.

1.5 Verbreding en verdieping van je studie

1.5.1 Minoren

Bij de meeste bacheloropleidingen van FEB dient een minor gevolgd te worden. Een minor omvat 30 EC en wordt in principe in het eerste semester van het derde jaar gevolgd.

Binnen FEB worden drie categorieën minoren onderscheiden:

- Een universitaire minor is een minor die door een andere faculteit van de RUG wordt aangeboden. De bedoeling van de universitaire minor is studenten in staat te stellen hun blikveld te verbreden door over de grenzen van het eigen vakgebied heen te kijken. Het aanbod aan universitaire minoren is te vinden op de RUG-website. Studenten van FEB mogen geen universitaire minor kiezen die wordt aangeboden door de FEB.
- Een facultaire minor geeft studenten de gelegenheid zich verder te verdiepen in één of meerdere deelgebieden van het bedrijfskundig-economisch vakgebied. In het programmaoverzicht van de eigen opleiding kun je zien welke facultaire minoren gevolgd mogen worden.
- Studenten kunnen ook kiezen voor een buitenlandminor. Dit betekent dat ze in het eerste semester van het derde jaar voor 30 EC aan vakken aan een buitenlandse universiteit kunnen volgen. De FEB heeft een groot aantal samenwerkingscontracten afgesloten met universiteiten in het buitenland.

De verplichting een minor te volgen geldt niet voor alle opleidingen van FEB. Per opleiding zijn de regels als volgt:

- Studenten van de BSc Bedrijfskunde (m.u.v. het profiel A&C) kunnen kiezen uit alle drie de categorieën minoren. Het is niet toegestaan delen van verschillende minoren met elkaar te combineren.
- Studenten van de BSc E&BE, profiel Business Economics of profiel Economics, kunnen kiezen uit alle drie de categorieën minoren. Het is niet toegestaan delen van verschillende minoren met elkaar te combineren.
- Studenten van de BSc E&BE, profiel International Economics and Business zijn verplicht een buitenlandminor te volgen.
- Studenten van de BSc International Business zijn verplicht een buitenlandminor te volgen.
- Studenten van de BSc Econometrics and Operations Research hoeven geen minor te volgen. Wel mogen EOR-studenten één semester van hun opleiding vervangen door een studie in het buitenland, waarbij het vakkenpakket goedgekeurd moet zijn door de opleidingsdirecteur.

Meer informatie over minoren, de toelatingseisen en spelregels is o.a. te vinden op de RUG-website. Voor algemene informatie over alles wat de buitenlandminor betreft kun je terecht op de Student Portal. De opleiding Bedrijfskunde heeft een uitgebreide minorhandleiding samengesteld, die te vinden is op de student-portalpagina van de BSc Bedrijfskunde. Meer informatie over de buitenlandminor binnen de profielen Business Economics en Economics van de opleiding E&BE is te vinden op de student-portalpagina van E&BE.

1.5.2 Honours College

Het Honours College geeft talentvolle en gemotiveerde studenten de kans meer uit zichzelf te halen. Je verzwart je reguliere bacheloropleiding met 45 EC en je reguliere masteropleiding met 15 EC, waarvoor je geen extra collegegeld hoeft te betalen. Het

uitgangspunt van deze honoursprogramma's is de ontwikkeling van talent en eigen initiatief. In het honours-bachelorprogramma staat hierbij de verdieping en verbreding centraal, terwijl het honours-masterprogramma is gericht op het ontwikkelen van leiderschap. In beide honoursprogramma's ligt de nadruk op een interdisciplinaire benadering van wetenschappelijke en maatschappelijke vraagstukken. Kijk voor meer informatie op de RUG-website.

1.5.3 Focusgebieden binnen masteropleidingen

De FEB heeft binnen de masteropleidingen speciale aandachtsgebieden, de zogenoemde focusgebieden.

Focusgebieden binnen één masteropleiding

De opleiding MSc Economics heeft de volgende focusgebieden:

- Microeconomics: Markets and Incentives
- Macroeconomic Theory and Policy

De opleiding MSc International Economics & Business heeft de volgende focusgebieden:

- Globalization, Growth and Development
- International Capital and Globalization

Focusgebieden niet gekoppeld aan één opleiding binnen FEB

Focusgebieden die niet gekoppeld zijn aan één opleiding binnen FEB zijn:

- Energy
- Healthcare Management
- Health Economics

Je kunt in aanmerking komen voor een vermelding van het succesvol afronden van de vakken behorende bij de focusgebieden op je diplomasupplement. Meer informatie kun je vinden in de OER en op de website.

1.5.4 Loopbaanoriëntatie: FEB Careers Company

De arbeidsmarkt wordt steeds competitiever. Werkgevers kijken niet alleen naar diploma's, maar ook naar (praktijk)ervaringen en een breed scala aan vaardigheden. We adviseren je om je al in een vroege fase van je studie te oriënteren op de arbeidsmarkt en carrièremogelijkheden. De FEB Careers Company ondersteunt je hierbij en biedt onderstaande career services.

Advies en begeleiding

- Je kunt je persoonlijk laten adviseren door career advisors. Je kunt via de Student Support Desk een afspraak met hen maken.
- Je kunt bij het Careers Company Student Team terecht voor vragen en informatie over stages en career events en het laten checken van je cv, je LinkedIn-profiel en sollicitatiebrieven. Het Careers Company Student Team is aanwezig van maandag tot en met donderdag (9.00-13.00 uur).
- Verder kun je een career mentor krijgen. Dit is een professional uit het FEB Alumni Network die je individueel coacht bij je carrièrevoorbereiding.

Workshops en training

Je kunt deelnemen aan wekelijkse workshops die bijdragen aan je oriëntatie op de

arbeidsmarkt, het leren kennen van jezelf en je ambities, doelen, mogelijkheden en vaardigheden. De trainers geven in de interactieve sessies aandacht aan interpersoonlijke vaardigheden, effectieve communicatie, teamwork, solliciteren en netwerken.

Vakken en programma

- Je hebt de mogelijkheid om praktische bedrijfservaring op te doen en de arbeidsmarkt te leren kennen. In diverse vakken, waaronder Business Research & Consulting, krijg je te maken met 'real life business cases'. Ook kun je meerdere keren per jaar meedoen aan business challenges, waarbij je je in teamverband zes weken buigt over een speciale opdracht van een bedrijf of organisatie. Hiervoor werkt de Careers Company samen met organisaties, het bedrijfsleven en de overheid.
- Verder zijn er nog de learning communities, waarin studenten zich samen met alumni en docenten verdiepen in een specifiek onderwerp.

Career events

Je kunt deelnemen aan diverse carrièreactiviteiten, die je voorbereiden op de arbeidsmarkt en je loopbaan. Ook krijg je de gelegenheid om in contact te komen met bedrijven en organisaties tijdens de careers week en diverse alumni-evenementen.

Ervaring opdoen

Een goede aansluiting tussen opleiding en praktijk vergroot je kans op een goede positie op de arbeidsmarkt. Een stage biedt je gelegenheid een bedrijf te leren kennen en de theorie van je opleiding in de praktijk toe te passen. Bedrijven en organisaties benaderen de FEB Careers Company voor recruitment van studenten voor een stage.

- Het is in een aantal studieprogramma's mogelijk om je afstudeerscriptie te combineren met een stage.
- Je kunt een master internship doen, waarbij je een extracurriculaire stage van 15 EC bovenop je masterprogramma doet.
- Overige mogelijkheden zijn bijvoorbeeld een zomerstage zoals het Global Research Internship-programma.

Meer informatie?

Voor meer informatie kijk op de FEB-website. Of kom langs in de Careers Company-ruimte in de Plaza.

1.5.5 Studeren in het buitenland

Een belangrijk kenmerk van het huidige hoger onderwijs is internationalisering. Daarom hebben de universiteit en de faculteit internationalisering tot een speerpunt gemaakt in hun langetermijnstrategie.

Internationalisering zorgt voor een beter studie- en werkklimaat op de universiteit. Studenten worden aangemoedigd om hun eigen prestaties te spiegelen aan de prestaties en ideeën uit verschillende culturen. Voor studenten is internationalisering een belangrijk onderdeel van hun studie. Het verruimt de blik, niet alleen op academisch niveau, maar ook op het gebied van persoonlijke ontwikkeling. Het draagt er tevens toe bij dat hun inzetbaarheid op de arbeidsmarkt wordt vergroot.

Uitwisseling

De faculteit heeft veel bilaterale samenwerkingsovereenkomsten met universiteiten in Europa en daarbuiten. Deze overeenkomsten hebben als doel uitwisseling van studenten te bevorderen.

Het Exchange Office is onderdeel van de afdeling Student Support en verantwoordelijk voor het uitzenden en ontvangen van uitwisselingsstudenten. Naast het promoten en ondersteunen van studentuitwisseling, vormen het onderhouden van contacten met en het uitbreiden van het aantal partneruniversiteiten belangrijke activiteiten van het Exchange Office.

Je kunt voor informatie over internationalisering ook terecht op de Student Portal.

Double-degreeprogramma's

De FEB biedt DD-programma's aan op zowel bachelor- als masterniveau. DD-programma's zijn opgezet met partneruniversiteiten in Chili, China, Duitsland, Engeland, Frankrijk, Hongarije, Indonesië, Noorwegen, Roemenië en Zweden. DD-programma's geven toegang tot andere vakken en onderzoeksgebieden dan die door de eigen universiteit worden aangeboden. Ze bieden studenten een diepere en/of bredere benadering van hun gekozen onderwerp en een breed scala aan nieuwe keuzevakken. Bovendien bieden deze programma's een niveau van internationale ervaring dat verder gaat dan een traditioneel uitwisselingsprogramma.

Deelname aan een DD-programma biedt een aantal voordelen:

- Je kunt twee geaccrediteerde diploma's behalen in twee profielen in minder tijd en/of met minder kosten.
- Je kunt ervaring opdoen met internationale samenwerking en als een fulltime student functioneren in een ander land en tegelijkertijd je taalvaardigheden verbeteren.
- Je kunt je kennis van een profiel verdiepen en verbreden in een andere onderzoeks- en academische omgeving.
- Je kunt je internationale netwerk vergroten en academische en professionele contacten leggen in een ander land.
- Je kunt je carrièremogelijkheden verbeteren door alumnus te worden van twee internationaal bekende universiteiten in twee verschillende landen.

1.6 Afstuderen

1.6.1 Propedeutisch examen

Met ingang van 1 september 2017 wordt het propedeutisch examen afgeschaft. Als je voor 1 september 2017 je propedeuse afrondt, ontvang je nog een propedeusebul. Deze wordt automatisch voor je aangemaakt. Je ontvangt bericht als de propedeusebul voor je klaar ligt. In dit bericht staat ook hoe je je kunt aanmelden voor de propedeusebuluitreiking die in november plaatsvindt. De datum van de propedeusebuluitreiking wordt gepubliceerd op de Student Portal. Als je voor 1 september 2017 aan alle eisen hebt voldaan, maar geen bericht hebt ontvangen, meld je dan bij de SSD. Dit kan nodig zijn bij een afwijkend propedeuseprogramma.

Voldoe je na 1 september 2017 aan de eisen van de propedeutische fase, dan ontvang je geen propedeusebul meer. Het blijft wel mogelijk een gewaarmerkte cijferlijst te ontvangen waarop staat dat je de propedeutische fase met goed gevolg hebt afgerond. De afschaffing van het propedeutisch examen heeft geen gevolgen voor de inhoud van jouw studieprogramma of het bindend studieadvies.

1.6.2 Goedkeuring bachelorprogramma

Het is belangrijk dat je tijdig goedkeuring aanvraagt voor je bachelorprogramma. Zonder goedkeuring van je bachelorprogramma kun je namelijk niet aan je bachelorscriptie beginnen. Dit betekent dat je uiterlijk zes weken vóór je met je scriptie denkt te beginnen een aanvraag voor goedkeuring van je vakkenpakket moet indienen bij de examencommissie. Je kunt dit uitsluitend doen via ProgRESS WWW.

Meer informatie is te vinden op de Student Portal.

1.6.3 Afstuderen en uitreiking bachelorbul

Je hebt voldaan aan de eisen voor het verkrijgen van een bachelorbul als:

- je bachelorprogramma is goedgekeurd door de examencommissie;
- je alle onderdelen van je bachelorprogramma met een voldoende hebt afgerond;
- alle studieresultaten in ProgRESS WWW staan geregistreerd (je krijgt hiervan automatisch bericht per e-mail);
- je scriptie is geüpload in de Student Portal;
- je staat ingeschreven voor de juiste bacheloropleiding (controleer dit in Studielink).

Daarnaast moet je controleren:

- of de resultaten van je goedgekeurde programma die je hebt behaald bij andere faculteiten en/of in het buitenland ook zijn bijgeschreven in ProgRESS WWW;
- of de vakcodes van de vakken die je hebt behaald ook overeenkomen met de vakcodes van de vakken in je goedgekeurde bachelorprogramma.

Zodra het laatste studieresultaat is verwerkt en je programma is goedgekeurd word je namens de examencommissie door de Student Administration geslaagd gemeld. Je bachelorbul wordt daarna automatisch aangemaakt. De bul wordt gedateerd op de datum van het laatst behaalde studieresultaat of op de datum waarop je programma is goedgekeurd.

Bachelorbuluitreikingen vinden twee keer per jaar plaats. Op de Student Portal wordt bekend gemaakt wanneer de buluitreiking plaatsvindt. Je kunt je tot uiterlijk vier weken van tevoren, zolang er plaats is, aanmelden voor een uitreiking via het online aanvraagformulier op ProgRESS WWW. De deelnemers aan de buluitreiking ontvangen

een uitnodiging per e-mail waarin precieze plaats en tijd worden vermeld. Wanneer je je niet aanmeldt voor de buluitreiking, ontvang je per e-mail een bericht zodra de bul gereed is en je deze kunt komen afhalen bij de Student Support Desk.

1.6.4 Goedkeuring masterprogramma

Het is belangrijk dat je tijdig goedkeuring aanvraagt voor je masterprogramma. Zonder goedkeuring kun je namelijk niet aan je masterscriptie beginnen. Dit betekent dat je uiterlijk zes weken vóór je met je scriptie denkt te beginnen een aanvraag voor goedkeuring van je vakkenpakket moet indienen bij de examencommissie. Je kunt dit uitsluitend doen via ProgRESS WWW.

Meer informatie is te vinden op de Student Portal.

1.6.5 Afstuderen en uitreiking masterbul

Je hebt voldaan aan de eisen voor het verkrijgen van een masterbul als:

- je masterprogramma is goedgekeurd door de examencommissie;
- je alle onderdelen van je goedgekeurde masterprogramma met een voldoende hebt afgerond;
- alle studieresultaten in ProgRESS WWW staan geregistreerd (je krijgt hier automatisch bericht van per e-mail);
- je scriptie is geüpload in Student Portal;
- je staat ingeschreven voor de juiste masteropleiding (controleer dit in Studielink).

Daarnaast moet je controleren:

- of de resultaten van je goedgekeurde masterprogramma die je hebt behaald bij andere faculteiten en/of in het buitenland ook zijn bijgeschreven in ProgRESS WWW;
- of de vakcodes van de vakken die je hebt behaald ook overeenkomen met de vakcodes van de vakken in je goedgekeurde masterprogramma.

Zodra het laatste studieresultaat is verwerkt en je programma is goedgekeurd word je namens de examencommissie door de Student Administration geslaagd gemeld. Je masterbul wordt daarna automatisch aangemaakt. De bul wordt gedateerd op de datum van het laatst behaalde studieresultaat van je masterprogramma of op de datum waarop dat programma is goedgekeurd. Voor de datering van de master thesis wordt standaard de datum van het eindgesprek op het beoordelingsformulier aangehouden. Indien een opleiding geen eindgesprekken houdt, wordt de datum van het inleveren van de definitieve versie van de master thesis gehanteerd.

Masterbullen worden meerdere malen per jaar uitgereikt. Op de Student Portal staat een lijst met data van uitreiking. Je kunt je tot uiterlijk vier weken van tevoren aanmelden voor een uitreiking via het online aanvraagformulier in ProgRESS WWW. Als de uitreiking op de datum van je voorkeur vol is, krijg je daar zo spoedig mogelijk bericht over en kun je een andere datum kiezen.

Overleg van tevoren met je afstudeerbegeleider of hij/zij ook aanwezig kan zijn op de dag van je keuze. Buluitreikingen worden gepland tussen 12.00 en 18.00 uur. De deelnemers aan de buluitreiking ontvangen uiterlijk twee weken van te voren een uitnodiging per e-mail waarin de precieze plaats en tijd van de uitreiking worden vermeld.

Wanneer je je niet aanmeldt voor een buluitreiking, ontvang je per e-mail een bericht zodra de bul gereed is en je deze kunt komen afhalen bij de Student Support Desk.

1.7 (Studie)financiering

1.7.1 Studiekostenbeleid

De universiteit kent een prijsbeleid studiekosten. Doel van deze regeling is beheersing van de kosten voor studiemateriaal, zodat de component 'studiekosten' in de studiefinanciering niet te boven wordt gegaan. Voor 2017-2018 is het normbedrag €740,-. Per opleidingsfase geldt een plafondbedrag van het aantal cursusjaren x normbedrag. Zo is het plafondbedrag voor:

- een bacheloropleiding € 2.220,- (3 x € 740,-);
- een éénjarige masteropleiding € 740,-;
- een tweejarige masteropleiding € 1.480,- (2 x € 740,-).

Een enkele keer is het onvermijdelijk dat de kosten hoger zijn dan het plafondbedrag. In dat geval kan de helft van het bedrag dat je meer kwijt bent bij het faculteitsbestuur worden teruggevraagd door middel van het overleggen van aankoopbewijzen.

Je kunt je verzoek tot gedeeltelijke teruggave van studiekosten indienen bij de Financial Shared Service Centre, Cluster Alfa Gamma 2. Vermeld duidelijk je naam, adres met postcode, studentnummer en IBAN-nummer. Sluit bonnen of nota's van alle aangeschafte studiematerialen bij en maak hiervan in een spreadsheet een optelling uitgesplitst naar blok. Hieruit moet blijken dat de daadwerkelijke kosten hoger waren dan het door de minister vastgestelde plafondbedrag. Verzoeken zonder bewijsstukken worden niet in behandeling genomen.

Kosten die je voor je studie in het buitenland hebt gemaakt, vallen niet onder het prijsbeleid studiekosten.

1.7.2 Studiefinanciering

Voor informatie over de studiefinanciering kun je terecht bij Information Services van RUG of bij DUO.

1.7.3 1-februari-regeling

Indien je voor het eerst als HBO- of WO-student staat ingeschreven en de studiefinanciering stopzet vóór 1 februari, worden de kosten van je OV-chipkaart over de eerste vijf maanden omgezet in een gift. Voorwaarde is wel dat je in datzelfde studiejaar niet opnieuw studiefinanciering aanvraagt voor een (andere) opleiding in het Hoger Onderwijs.

Neem in geval van vragen contact op met het Studenten Service Centrum of met DUO.

1.7.4 Noodfonds

Kom je onverwacht voor grote uitgaven te staan? Dreig je hierdoor in een acute financiële noodsituatie terecht te komen? Het Noodfonds biedt hulp bij onvoorziene uitgaven die je draagkracht ver te boven gaan en waartegen je je redelijkerwijs niet had kunnen verzekeren.

Meer informatie en het aanvraagformulier vind je op de Student Portal.

1.8 Kwaliteitszorg

1.8.1 Kwaliteitszorgsysteem onderwijs

De faculteit beschikt over een kwaliteitszorgsysteem, waarmee alle aspecten van de opleidingen op een systematische wijze worden gecontroleerd en waar nodig aangepast. Dit systeem draagt bij aan:

- het continu verbeteren van de opleiding;
- kwalitatief goed onderwijs;
- het tijdig signaleren van problemen en/of gebreken bij een opleiding.

Het kwaliteitszorgsysteem omvat onder andere cursus- en curriculumevaluaties. Daarvoor is de bijdrage van studenten essentieel. Jouw feedback kan de faculteit helpen het onderwijs nog verder te verbeteren.

Bij de cursusevaluaties is het uitgangspunt dat jaarlijks alle aangeboden cursussen geëvalueerd worden. Alle studenten die aan een cursus hebben deelgenomen, ontvangen tijdens de tentamenperiode via hun studentmail een link naar een online-vragenlijst. De resultaten van de evaluaties worden gebruikt om cursussen te verbeteren. Je kunt samenvattingen van evaluatierapporten en verbeterplannen inzien op de Student Portal'.

Curriculumevaluaties zijn gericht op het vaststellen van de kwaliteit van de onderwijsprogramma's. Dit onderdeel kent twee aspecten: studenttevredenheid en 'peer'-beoordeling.

- Studenten kunnen hun mate van tevredenheid kenbaar maken via de vragenlijsten die halverwege de propedeuse en bij afsluiting van de bachelor of master worden afgenomen.
- Daarnaast vindt door middel van een curriculumaudit een periodieke beoordeling van het curriculum door 'peers' (docenten, onderwijskundigen, opleidingsdirecteuren en vakgenoten) plaats. Een dergelijke peer review is belangrijk als aanvulling op de kwaliteitsbeoordeling door studenten.

In het managementinformatiesysteem 'Kengetallen Onderwijs Bedrijfskunde en Economie' worden kengetallen met betrekking tot instroom, doorstroom en uitstroom gerapporteerd. Zo kunnen opleidingen en studentcohorten onderling vergeleken worden. De kengetallen beantwoorden de vraag of de binnen de faculteiten geformuleerde streefdoelen gehaald zijn. Je kunt de kengetallen inzien op Student Portal.

Voor al je vragen over onderwijskwaliteit kun je contact opnemen via eduqua.feb@rug.nl.

1.8.2 Klachten

De faculteit vindt het belangrijk dat je met plezier en succes studeert. Als je klachten hebt over het onderwijs, aarzel dan niet om hier direct iets mee te doen. Dit kan op verschillende manieren, afhankelijk van de aard en ernst van de kwestie.

In veruit de meeste gevallen is het aan te raden om eerst persoonlijk contact te leggen met de direct betrokkene. Zo kun je voor een klacht over een vak het beste bij de docent of het desbetreffende secretariaat terecht. Betreft jouw klacht de onderwijsorganisatie, bijvoorbeeld roostering, tentamendatum, registratie studieresultaten of buluitreiking, ga dan naar de Student Support Desk.

Het kan voorkomen dat het persoonlijk contact geen oplossing oplevert. In dat geval verzoeken we je via de Student Support Desk een klacht in te dienen.

Je klacht wordt afgehandeld door het hoofd van Education and Communication Services. Elke klacht wordt vertrouwelijk behandeld. Uiteraard word je geïnformeerd over de ondernomen acties of afspraken.

Leidt dit niet tot een oplossing, of betreft het meer persoonlijke problematiek, dan kun je het vraagstuk vertrouwelijk voorleggen aan een studieadviseur of een medewerker buiten de faculteit, bijv. de studentendecaan (Studenten Service Centrum) of de vertrouwenspersoon van de RUG. Zij kunnen bemiddelen of andere wegen voorstellen.

Het is raadzaam om van tevoren advies in te winnen bij medestudenten. Quest kan je hierbij helpen.

1.8.3 Bureau Vertrouwenspersoon

Wanneer je te maken krijgt met ongewenst gedrag of ongelijke behandeling kun je het Bureau Vertrouwenspersoon inschakelen. Meer informatie kun je vinden op de Student Portal.

1.9 Voorzieningen

1.9.1 Plaza

De Plaza is de centrale hal van het Duisenberggebouw functioneert als ontmoetingsplaats en verbindt de verschillende onderwijslocaties met elkaar. Hier vind je onder andere de receptie, de SSD, de Repro Services, de EBF shop en het Micaffè. Op de eerste verdieping zijn speciale studieruimtes met computers beschikbaar.

1.9.2 Universiteitsbibliotheek

Op de tweede verdieping van het Duisenberggebouw bevindt zich de Universiteitsbibliotheek Zernike. Deze bibliotheek bevat de collecties van de Faculteit Economie en Bedrijfskunde, de Faculty of Science and Engineering en de Faculteit Ruimtelijke Wetenschappen. Daarnaast beschikt de bibliotheek over een uitgebreide digitale collectie boeken, tijdschriften en databestanden. De meeste hiervan zijn via het internet beschikbaar. Op de website van de Universiteitsbibliotheek Zernike vind je actuele en praktische informatie.

De bibliotheek verzorgt geregeld instructies en workshops ter ondersteuning van het zoeken naar passende en goede literatuur en data bij opdrachten en scripties.

Openingstijden Universiteitsbibliotheek Zernike	
Maandag t/m donderdag	09.00-20.00 uur 09.00-17.00 uur tijdens vakanties
Vrijdag	09.00-17.00 uur

De Universiteitsbibliotheek in de binnenstad van Groningen is voor iedere student toegankelijk. Naast de beschikking over diverse collecties heb je daar ook de mogelijkheid om te studeren in één van de studiezalen.

1.9.3 Computerfaciliteiten

De FEB biedt samen met de Faculteit Ruimtelijke Wetenschappen computerfaciliteiten aan voor studenten. Naast de PC-zalen voor computerpractica voor onderwijs- en cursusdoeleinden zijn er faciliteiten beschikbaar op de eerste verdieping van de Plaza. Verder is er op de eerste verdieping van het Duisenberggebouw het FEB Research Lab, dat geavanceerde ICT-voorzieningen heeft voor studenten die in het kader van hun scriptie computerondersteund onderzoek uitvoeren.

Je hebt alleen het recht om gebruik te maken van de opgestelde pc's in de computerzalen als je voldoet aan de volgende voorwaarden:

- je staat ingeschreven als student aan de RUG en je kunt dat met een geldige collegekaart aantonen;
- je volgt een cursus bij de FEB of de Faculty of Science and Engineering;
- je gebruikt de pc voor studieactiviteiten.

Voor sommige cursussen worden pc's gereserveerd in één van de computerzalen. In dat geval geldt aanvullend dat je deelnemer aan de betreffende cursus moet zijn.

Computerzalen

Een overzicht van de beschikbare computerzalen is te vinden op de Student Portal. Voor de computerzalen gelden de volgende huisregels:

- Je mag in de pc-zalen niet eten, drinken of roken.
- Je mag niet telefoneren.
- Je laat de werkruimtes netjes achter.

Openingstijden		
Grote computerruimte Theaterzaal	maandag t/m vrijdag	9.00 – 22.00 uur
Computerzalen	maandag t/m vrijdag	9.00 – 22.00 uur, tenzij er colleges, tentamens of practica worden gegeven
Eerste verdieping Studenten Plaza	maandag t/m vrijdag	7.30 – 22.00 uur
In de zomerperiode (18 juli-26 augustus)	maandag t/m vrijdag	9.00 – 20.00 uur

CIT Servicedesk

Je kunt met je vragen over computergebruik in de pc-zalen terecht bij de servicedesk. Ook als je tijdens cursussen of practica in een van de zalen problemen hebt met de bediening van apparatuur, of als er een storing optreedt, kun je terecht bij de servicedesk. De CIT servicedesk vind je op de begane grond van het Mercatorgebouw, naast de grote computerruimte Theaterzaal.

Contactgegevens CIT Servicedesk	
Openingstijden	maandag t/m vrijdag: 8.30 – 17.00 uur
Telefoonnummer	(050) 3633232

Software en computercursussen

Je kunt tegen gereduceerd tarief software kopen via de internetsite van Surfspot. Naast cursussen in standaardpakketten zoals Word en Excel verzorgt het CIT ook een aantal meer op de universitaire gemeenschap gerichte computercursussen zoals SPSS en RefWorks. De computercursussen vinden plaats in de Smitsborg (Nettelbosje 1). Actuele cursusinformatie wordt vermeld op de Student Portal.

1.9.4 Syllabuswinkel

De verkoop van syllabi vindt plaats in de Plaza van het Duisenberggebouw (zaal 5412.0014), elke werkdag van 8.30 tot 16.30 uur.

1.9.5 Boekenverkoop

De EBF organiseert vier maal per jaar een boekenverkoop voor haar leden. De vereniging biedt haar leden de garantie op de laagste prijs voor nieuwe boeken, wat kan oplopen tot een korting van 15% op alle boeken. De verkoop van boeken vindt plaats bij aanvang van ieder blok. Boeken kunnen besteld worden via de website van de EBF en worden vervolgens thuis afgeleverd. Ruim van tevoren wordt de verkoop via verschillende promotiekanalen aangekondigd.

1.9.6 Printen, kopiëren en scannen

De faculteit heeft printers die speciaal zijn bestemd voor studenten. Je kunt op deze apparaten printen, kopiëren en scannen. Je betaalt met een tegoed op je RUGpas. Je

kunt je tegoed op je RUGpas opwaarderen via myprint.rug.nl. Je tegoed is gekoppeld aan je S-nummer.

Meer informatie is te vinden op de Student Portal.

1.9.7 Studeren met een functiebeperking

De RUG probeert in haar voorzieningen zoveel mogelijk rekening te houden met studenten met een functiebeperking of chronische ziekte. De belangrijkste gebouwen van de universiteit zijn toegankelijk voor rolstoelgebruikers. In een aantal zalen is een ringleiding aanwezig voor slechthorenden en in de universiteitsbibliotheek zijn voorzieningen voor visueel gehandicapten aanwezig.

1.10 Studieverenigingen en studentenorganisaties

1.10.1 Inleiding

Je bent naar Groningen gekomen om te studeren, maar een plezierig en effectief sociaal netwerk is ook van belang voor studiesucces. Er zijn vele mogelijkheden om snel een sociaal netwerk op te bouwen: lid worden van een algemene studentenvereniging, een sportvereniging, een studenten(belangen)-organisatie of van de facultaire studievereniging.

Daarnaast kun je bij studentenverenigingen en -organisaties organisatorische en bestuurlijke ervaring opdoen. Dergelijke 'investeringen' kunnen je later bij het zoeken van een baan zeker goed van pas komen. Het is mogelijk voor bepaald bestuurlijk werk deels financieel gecompenseerd te worden.

Meer informatie is te vinden in het hoofdstuk over financiële ondersteuning, in het bijzonder het 'Profileringsfonds' in het studentenstatuut.

1.10.2 Economische en Bedrijfskundige Faculteitsvereniging

De EBF is de studievereniging voor studenten van de FEB-RUG. De EBF telt momenteel ongeveer 5.000 leden, waarvan er ruim 180 actief zijn binnen de vereniging. Het doel van de vereniging is het ondersteunen en bevorderen van de academische, professionele en persoonlijke ontwikkeling van haar leden. De EBF tracht dit doel te bereiken door het organiseren van activiteiten die in het verlengde liggen van de verschillende studies die aangeboden worden aan de faculteit. De EBF organiseert onder andere de volgende activiteiten:

- EBF Conference: een groot tweedaags studentencongres in Nederland met vooraanstaande sprekers, masterclasses en workshops;
- International Business Research: jaarlijkse reizen naar 'emerging markets' buiten Europa, met als doel onderzoek doen voor bedrijven;
- European Study Research: jaarlijkse reizen naar steden binnen Europa, met als doel het bezoeken van bedrijven en het ontdekken van andere culturen;
- Recruitment Days: een jaarlijks evenement waar bedrijven en studenten met elkaar in contact kunnen komen. Dit evenement wordt mede georganiseerd door de Marketing Associatie Rijksuniversiteit Groningen (MARUG);
- Booksale en summaries: verkoop van studieboeken met korting via de EBF-website, en verkoop van samenvattingen tegen een gereduceerd tarief bij de EBF Shop, tegenover de receptie van het Duisenberggebouw;
- EBF Symposium: een symposium waarbij jongerejaars studenten al in het begin van de studie kennis kunnen maken met de praktische kant van het theoretische studieprogramma;
- Leadership Panel: lezingen gegeven door vooraanstaande sprekers uit het bedrijfsleven of de publieke sector.

De EBF heeft vier onderverenigingen voor studenten die een specifieke studierichting volgen: MARUG, Risk, TeMa en VESTING. De onderverenigingen organiseren gerichte activiteiten die aansluiten bij de betreffende studies.

Andere studieverenigingen zijn Groninger Fiscale Eenheid en Pro Memorie. Verder is er nog de studentenbelangenvereniging Quest.

MARUG

De MARUG is de studievereniging voor studenten met interesse in marketing en geeft je de kans om te ervaren hoe marketing in de praktijk is of werkt.

De MARUG biedt o.a. de volgende activiteiten:

- marketingevenementen (zoals het MARUG Marketing Conference, International Marketing Experience (IME), Battle of the Marketeers, master activiteiten, marketing classes, Mind over Marketing, inhouse dagen, recruitment days en de Nationale Marketing Strijd);
- contact met bedrijven.

Daarnaast geeft MARUG je gelegenheid je studie te verdiepen en ook om commissie-ervaring op te doen. MARUG geeft het online marketingmagazine Markant uit.

Risk

Risk is de financiële studievereniging van de FEB. Risk organiseert activiteiten voor de financieel georiënteerde studenten en dan voornamelijk uit de doelgroep finance, organizational- en management control, accountancy & controlling en international financial management. Het doel van Risk is om voor haar leden een brug te leggen tussen theorie en praktijk. Hieronder wordt een selectie gegeven van de activiteiten die door de Risk georganiseerd worden:

- Risk beleggersavonden;
- Risk Accountancy Week;
- Risk congres;
- Risk International Financial Program (IFP);
- Risk Banking Tour;
- Risk Investment Team;
- Risk Multinational Cycle.

Risk geeft een eigen magazine uit: Risk Magazine (5x per jaar).

TeMa

TeMa is de studievereniging voor de masters Supply Chain Management en Technology and Operations Management en voor het profiel Technologiemanagement van de bachelor Bedrijfskunde.

Het doel van deze studievereniging is de belangen van de studenten van deze opleidingen te behartigen en hen in contact te brengen met bedrijven.

TeMa biedt diverse activiteiten voor een relatief kleine, maar zeer specifieke en unieke groep studenten. Zo organiseert TeMa bedrijfsbezoeken bij vooraanstaande bedrijven, een symposium, een buitenlandreis en biedt TeMa contacten met het bedrijfsleven en stageplaatsen aan. Daarnaast worden veel gezellige en sociale activiteiten georganiseerd. Denk hierbij aan feesten, een kerstdiner, batavierenrace en TeMa Dies Natalis. Ook organiseert TeMa elke derde maandag van de maand een T(h)eMa-borrel.

VESTING

VESTING richt zich op studenten van de bachelor Econometrics and Operations Research en de master Econometrics, Operations Research and Actuarial Studies. De vereniging stelt zich ten doel een brug te leggen voor haar leden tussen theorie en praktijk op het gebied van de econometrie en aanverwante terreinen. Verder wil zij het contact tussen haar leden bevorderen. Activiteiten zijn onder andere:

- een jaarlijks congres;
- International Programme;
- informele activiteiten als het VESTING Introductiekamp en een zeilkamp;
- landelijke activiteiten als de LEVT en Landelijke Econometristen Dag (LED);
- boekenverkoop.

VESTING geeft een eigen magazine uit: de GAXEX.

1.10.3 Pro Memorie

Pro Memorie is de studievereniging voor accountancy & controlling studenten en geïnteresseerden aan de RUG. De vereniging heeft als doel het bevorderen van de betrokkenheid van en het onderlinge contact tussen de studenten, alsmede het ondersteunen van studenten bij hun oriëntatie op hun toekomstige professie. Pro Memorie streeft ernaar om een waardevolle aanvulling op de studie te zijn door zowel inhoudelijke als ontspannende activiteiten te organiseren. Hiermee wordt tevens beoogd studenten te stimuleren om de opleiding Accountancy & Controlling te gaan volgen en de opleiding met succes en voldoening af te ronden. Pro Memorie is de schakel tussen studenten, de universiteit en het bedrijfsleven en probeert aan de wensen van al haar belangengroepen te voldoen.

1.10.4 Quest

Met de slogan 'Stop consuming, get concerned!' werd Quest in begin 2005 gelanceerd. Quest is de afkorting van 'Quality of Education for Students' en vertegenwoordigt de studenten van de FEB. De onderwijskwaliteit is een zaak van de faculteit en de student. Daarom is Quest pro-actief bezig met de onderwijskwaliteit; dit betekent dat het doel is om klachten te voorkomen en te verhelpen en een bijdrage te leveren aan de kwaliteit van het onderwijs door hierover mee te denken. Binnen jaarvertegenwoordigingen kunnen studenten feedback geven over de gevolgde vakken.

Tevens heeft Quest regelmatig contact en overleg met verschillende personen en organen binnen de faculteit, waaronder de studievereniging EBF, de student assessor van het faculteitsbestuur, de opleidingscommissies, de faculteitsraad en de portefeuillehouder onderwijs uit het faculteitsbestuur.

Verder faciliteert Quest studenten die plaatsnemen in de officiële faculteitsorganen, de opleidingscommissies en de studentgeleding van de faculteitsraad. Deze organen zijn belangrijke bronnen voor feedback op het onderwijs en vertegenwoordigen de studenten in discussies over onderwijszaken.

1.10.5 Alumni

Na het ontvangen van je bachelor- of masterbul ben je alumnus van de FEB. Als alumnus van de FEB maak je samen met bijna 29.000 andere alumni deel uit van het FEB Alumni Network. Dit netwerk heeft als doel het opbouwen, onderhouden en versterken van een levenslange verbinding tussen alumni, faculteit en studenten.

De activiteiten van het FEB Alumni Network

Gedurende het jaar organiseert het FEB Alumni Network diverse netwerk- en kennisactiviteiten zoals bedrijfsbezoeken, borrels, lezingen, gastcolleges en symposia. Internationale alumni kunnen participeren in de 'international chapters' in steden als New York, Londen, Shanghai en Zürich waar ze andere alumni kunnen ontmoeten.

Naast het organiseren van evenementen voor alumni wil de FEB alumni graag betrekken bij de faculteit en de ontwikkeling van het onderwijs. Door middel van gastcolleges, voorlichtingsactiviteiten, het mentorprogramma en het participeren in onderwijsprojecten worden alumni met studenten, met de faculteit en met elkaar in contact gebracht.

Alumni als mentor voor studenten

Het FEB Career Mentor Programme biedt studenten de mogelijkheid om gebruik te maken van de kennis en ervaring van alumni. Studenten hebben toegang tot online alumni profielen en kunnen contact zoeken met hen voor specifieke loopbaan- en carrièrevragen, zoals vragen over bepaalde bedrijven, functies en het werkveld, maar ook aan sollicitatietips. Immers, alumni beschikken over kennis en ervaring die waardevol zijn voor de loopbaanvoorbereiding van studenten.

In contact blijven

Het FEB Alumni Network verstuurt aan alle FEB alumni regelmatig een digitale alumni nieuwsbrief over aanstaande evenementen en relevante ontwikkelingen op de faculteit. Als alumnus kun je je tevens aanmelden bij de LinkedIn groep van FEB Alumni Network of donateur worden van het FEB Alumni Network.

Wil je meer informatie over activiteiten, donateurschap of mentorprogramma, mail dan de alumni officer Susanne Klinkers via febalumni@rug.nl of kijk op de FEB-website bij Alumni.

1.11 Adressen

Voor de meest recente informatie over telefoonnummers, e-mailadressen en kamernummers van medewerkers van de FEB wordt verwezen naar de [website](#).

1.11.1 Algemeen

Bezoekadres	Duisenberggebouw Zernikecomplex Nettelbosje 2 9747 AE Groningen

2 General information

2.1 Faculty of Economics and Business

2.1.1 Definitions

BA	Bachelor of Arts
BSA	Binding Study Advice
BSc	Bachelor of Science, bachelor's degree
EBF	Economic and Business Faculty Association
EC/ECTS	International unit expressing student workload; according to the European Credit Transfer and Accumulation System 1 EC/ECTS equals 28 hours of study
DD	Double degree programme
FEB	Faculty of Economics and Business
Mentor	A senior student who is trained and appointed to supervise the meetings of a first year SPAA group
MSc	Master of Science, master's degree
RG	Rules and guidelines
TER	Teaching and examination regulations
SSC	Student Support Centre
SPAA	First year Study Performance and Academic Attitudes group
Tutor	A lecturer of the faculty who will hold individual meetings with students from his/her SPAA group
UG	University of Groningen

2.1.2 Management structure

The university is responsible for the provision of high-quality academic education, feasible degree programmes, and appropriate teaching and student facilities. The powers and responsibilities for the organization and implementation of the teaching programmes lie with the faculty. In this context, the management structure of the FEB has a number of important bodies, in which students play an important role.

The faculty has a faculty board consisting of three members. In addition, a student assessor sits on the board. The consultative participation of staff and students is organized via the faculty council and as of September 2017 also partially via the programme committees. The faculty council consists of 18 persons: 9 staff members elected by staff members and 9 student members elected by students.

Programme directors are appointed for the programmes of the faculty. On behalf of the faculty, they are responsible for the organization, co-ordination and monitoring of the quality of the degree programmes. In addition, they advise the faculty board on the content, structure and programming of the various teaching activities, as well as on the quality control system. The names of the programme directors are listed above the programme descriptions. Most programme directors are supported by one or more programme coordinators.

The programme committees are important bodies in the field of education. Within the faculty, each degree programme has such a committee. A programme committee is part of the consultative participation structure and also advises on all matters concerning a

degree programme, in particular quality and quality assurance. Each committee consists of equal student members and staff members.

2.1.3 Overview of degree programmes

All of the bachelor's degrees at the FEB are three-year programmes. Each bachelor's degree has a so-called Honours Bachelor track. Each bachelor's degree grants admission to a number of master's degrees; see the view on the next pages. The admissions board deals with applications for admission to master's degrees that are not listed in the overview. In virtually all cases, a master's degree has specific entry requirements, including a sufficient command of English.

Master's degrees are one-year programmes, with the exception of the MSc Teaching Economics & Business Studies and the Research Master in Economics and Business. These degree programmes take two years. Most double degree programmes take 18 months or two years.

On the next pages there is an overview of all the bachelor's and master's degrees offered by the FEB.

Bachelor's degrees per 1 September 2017	
BSc programme	BSc diploma gives entry to <i>(Some MSc's degrees have additional entry requirements, see TER)</i>
BSc Business Administration Profiles in year 2 and 3: <ul style="list-style-type: none"> • Accountancy & Controlling • Business and Management • Technology Management 	<ul style="list-style-type: none"> • MSc Accountancy & Controlling • MSc Business Administration • MSc Finance • MSc Human Resource Management • MSc International Business & Management • MSc International Economics & Business • MSc International Financial Management • MSc Marketing • MSc Supply Chain Management • MSc Technology & Operations Management • MSc Teaching Economics & Business Studies • Research Master Economics & Business

Research Master Economics & Business	<ul style="list-style-type: none"> • any BSc diploma of FEB; additional selection based on additional requirements 	No

2.1.4 Research Driven Education

The educational vision of the faculty is based on Research Driven Education (RDE). The RDE learning path focuses on an independent, investigative and analytical way of working; not only useful and necessary in an academic career, but also in the business and government sectors. The starting point is that all students, early on in their studies, come into contact with all aspects of academic research, and that increasingly they assume a more participating role as they progress in their study programme. Solid training in research methods, research techniques and research skills are all part of this learning pathway. Assignments are also given involving the students actively in (small scale) research. At the same time, lecturers include (own) research in their lectures. The bachelor thesis rounds off the bachelor RDE learning path. In the master phase students carry out research independently, either in groups or individually, on the basis of assignments and within the context of the master's thesis. The link between research and education will be thus reinforced.

2.2 Organization: registration, deregistration, education and examination

2.2.1 Registering, and reregistering for a degree

Registration and reregistration for a degree must be done through Studielink. Students register via Studielink for the next year of their degree. Students must also use Studielink for enrolling in a master's degree for which their bachelor's degree grants direct admission (to be found in the TER for their degree). Registration for another master's degree is only possible after approval by the admissions board.

For some degrees students are required to register in ProgRESS WWW for a certain profile, for example, the various profiles in the MSc Business Administration (MSc BA). Please note that a registration in ProgRESS WWW does not replace the official registration or reregistration for a degree programme. So, if students want to start the MSc BA for example, they must always indicate this in Studielink. In addition, by clicking the 'Registration' button in ProgRESS WWW they can indicate which path they want to follow within the MSc BA.

Students can start their bachelor's degree, their pre-master's programmes and their double degree programmes once a year: 1 September.

Students can start their master's programme twice a year: 1 September or 1 February. This means that the degree that gives admission to the master's degree of their choice must be completed in August or January. The Research Master's in Economics and Business starts in September only.

2.2.2 Transferring to a different degree programme

Doubts about the degree programme?

It is possible that students are disappointed in their degree programme. Maybe the programme does not match their interests after all or they are finding the level too high. If students are in doubt, they should contact a study advisor. The study advisor can help them to decide whether to continue, to transfer to a different programme or to stop.

Deregistering or transferring to a different university degree programme

If, during the academic year, students want to transfer to a different degree programme at the UG or at another institution, it is wise to contact the study advisor or co-ordinator of the programme in which they want to participate. It is not always possible to transfer during the year, e.g. because of a binding study advice or a fixed intake (numerus fixus). Transfer to another degree programme can be done via Studielink. It is advisable to contact the study advisor before transferring.

If students wish to stop studying altogether, then they must deregister via Studielink too. When deregistering, students have to make sure that they have been properly advised concerning the financial consequences. More information is available at the Information Services.

Transferring to a Higher Professional Education (HBO) degree programme

If students want to transfer to an HBO degree programme they must contact the HBO institution in question as soon as possible. The possibilities and application deadlines may vary per institution and programme.

2.2.3 Admission to and registration for a master's degree

The TER for masters degrees at the FEB state which bachelor's degree certificates grant admission to a master. In all other cases, admission is at the discretion of the admissions board. Current information about admission and registration for a master's degree is to be found on the FEB website.

If students want to pursue a master's degree that has no 'follow-on' arrangement at the FEB, they should formally request admission through the educational administration (transfer.feb@rug.nl). Decisions about whether or not an application will be accepted and about deficiency programmes will be taken by the admissions board. The admission requirements and the admissions procedure for each master's degree are available on the FEB website.

Admission requirements

Students may start a master's degree if they have a bachelor's degree certificate that grants direct admission to the master's degree or have completed the preparatory pre-MSc programme.

The Research Master has a selection procedure. The criteria are set out in the TER for this degree programme (more information on the FEB website).

Registration

In June, Studielink sends an e-mail message about the reregistration procedure to students. In Studielink, students can indicate which master's degree they wish to take in the next academic year. In case they are not certain in June whether or not they will satisfy the admission requirements by 1 September, students must reregister in Studielink for their current bachelor's degree and also register in Studielink for the future master's degree. As long as students do not have the relevant bachelor's degree certificate or a proof of admission to the master's degree, they will remain automatically registered in the bachelor's degree. They will be formally registered in the master's degree by Information Services once they have been awarded the bachelor's degree or upon proof of admission to the master's degree (VTAE or VDTM form, via the Student Support Desk).

2.2.4 Enrolling for courses and exams

Compulsory enrolment for courses

Students must enrol via ProgRESS WWW for all the courses they intend to follow. This obligation applies to any degree programme and to all years. ProgRESS WWW is accessible online. They can enrol from home via the internet. When students enrol for courses, they will need the user name and password they have received from the university. When students enrol for a course through ProgRESS WWW, they get access to the course on the Student Portal.

Enrolling for a course comes with obligations. When students have enrolled, they are expected to follow the course and participate actively. It is, of course, possible to withdraw from the course within the enrolment period.

General and subject-specific requirements

Students must fulfil all general or subject-specific entry requirements for the course before it commences, otherwise they will not be allowed to take part. Students can find

general requirements in the overview of 'rules and choices' under the information about the degree programme of their choice. Subject-specific entry requirements can be found in Ocasys. Students are primary responsible for checking whether or not they have satisfied all the entry requirements for a course. Students cannot derive any rights from the fact that a lecturer allows them to attend a lecture or tutorial.

Enrolment period

Students can enrol for courses between August 1 (for semester 1) and January 1 (for semester 2) till one week before the start of the lecture period. Other faculties may have different enrolment periods and regulations.

Forgotten to enrol for a course?

If students have failed to enrol for a course before the course enrolment deadline, they have two weeks to enrol for courses that are not full yet.

Procedure for enrolment in courses and exams

Enrolment for a course is automatically linked to the enrolment for the exam. The advantage of linking enrolment this way is that students cannot be late for exam enrolment. Also, compliance with entry requirements for a course is now checked at an earlier stage.

Exam enrolment by the faculty

If students meet the requirements the faculty will enrol them, in the fifth study week of each block, for the corresponding exams. They will receive an e-mail if they are enrolled for the exam or not. If students do not pass the exam or fail to take it, the faculty will automatically enrol them for the resit.

Attending an exam but not the course

If students only want to take an exam, without following the course, they do not have to enrol for the course. However, they must enrol for the exam in the fifth study week of each block. If students are not enrolled, but still take the exam, they will not receive a result.

When attending an exam

When students take an exam, they must be able to produce proof of registration as a student (student card). In addition, students should provide a printed copy of their exam enrolment to show that they have been enrolled for the exam.

2.2.5 Academic year, lecture and exam timetables

Each academic year is divided into two semesters, these, in turn are divided into two half semesters - a total of four teaching blocks. A block, or half semester, is indicated by its year, semester and block number (e.g. 1.1.2 = the first academic year, the first semester and the second block). A block lasts nine or ten weeks, seven of which are teaching weeks and two or three exam weeks. In the propaedeutic year testing takes place more frequently. One block is generally worth 15 ECs in courses.

Most courses are offered once a year. There are also courses that are offered twice a year. Most courses in the first and second year of the bachelor's programme run for half a

semester. Some courses in the third year of the bachelor's programme and in the master's programme take a full semester.

The academic year 2017-2018 is divided as follows:

Academic year 2017-2018			
Propaedeutic year			
Week	Dates	Teaching /Exam weeks	Academic year
36	04-09		Faculty introduction, lectures included
37	11-09	T1

Holidays

The FEB is closed and there are no lectures and/or exams on the following days:

26 December to 1 January	Christmas break
30 March	Good Friday
2 April	Easter Monday
27 April	King's Day
5 May	Liberation Day
10 May	Ascension Thursday
21 May	Whit Monday

2.2.6 Teaching and assessment

There are three general teaching methods:

- In the lectures the lecturer explains the subject matter. Students are expected to study the course matter beforehand and actively participate in the lecture.
- In the tutorials, the lecture material is usually explained in more detail and 'put into practice' by the lecturer or a student-assistant. In addition, students will work in subgroups on the subject through exercises or small assignments.
- A practical is the most intensive teaching method. Under the supervision of a lecturer or a student-assistant, students work on an assignment individually or in a small group.

Students who have registered for a particular course may be placed in groups for tutorials and practicals. Students are generally assigned to a group before the block starts. Sometimes groups will be formed during the first plenary session (e.g. the first lecture). Time and location of the tutorials or practicals may be different for each group. Information about groups can be found on the Student Portal under course information.

Generally speaking, the following assessment methods are used:

- Knowledge, comprehension and skills are assessed in the written or digital exam with open and/or multiple choice questionsexam. The exam is sometimes divided into an intermediate exam and a final exam. An intermediate exam will assess a part of the subject matter and can be scheduled during the teaching weeks.
- Assignments (individual or group) assess students' ability to apply the subject matter and skills, such as writing and working in teams. Examples of assignments are papers, cases, homework assignments, essays and research reports.
- Oral presentations (individual or group) assess students' knowledge, comprehension of the subject matter and presentation skills.
- The lecturer assesses knowledge, comprehension and skills by means of a question-and-answer session with an oral exam (individual or group).

Some courses require compulsory attendance and active participation in lectures and/or tutorials as part of the assessment.

The course descriptions in Ocasys list the teaching methods and assessments that are used in each course.

Lectures and exams take place at different venues. In general lectures are given in the various buildings at Zernike. Most exams are held in the Aletta Jacobs Hall or in the MartiniPlaza.

2.2.7 Timetabling

At FEB, timetables are organized on a faculty-wide basis. The most important criteria regarding lecture timetables are:

- Each student, who is on track, must be able to attend compulsory lectures/practicals, etc. in a particular year (see Ocasys).
- As much as possible, electives in a year are timetabled so that they do not clash with compulsory courses of the same year. Schedules for electives may, however, clash.
- The lecture week starts at 9:00 AM on Mondays and ends at 6:00 PM on Fridays. Monday through to Thursday lectures may take place after 6:00 PM.

- Each semester, lecture timetables are published on the Student Portal either on or before the date when registration for courses opens. Name lists for tutorials and practical groups are published on Student Portal.

The most important criteria for exam timetabling are:

- Exams for compulsory courses within two consecutive years after the propaedeutic year are scheduled so they do not clash. Exams for elective courses may overlap and there may be a clash between the propaedeutic exams and the second year exams.
- For courses within the same programme year, exams will be limited to one per day.
- For courses within the same programme year, an evening exam will never be followed by a morning exam the following day.
- Exams begin at fixed times (in the Aletta Jacobs Hall and the MartiniPlaza at 9:00 AM, 2:00 PM and 6:30 PM). Exams normally last three hours.
- Each semester, exam timetables are published on the Student Portal at the same time as lecture timetables.

In individual circumstances such as study delay or a particular elective path, the above-mentioned points may not be fully applicable.

2.2.8 Online course information

Information about courses is available online via the tab Today of the Student Portal. This includes information about the weekly timetable, compulsory literature, names of lecturers, etc. In addition, students can also upload and download documents here, for example, if they need to hand in (upload) an assignment or download new assignments, lecture slides, presentations or old exams. For most courses students can exchange ideas with their lecturer and fellow students via e-mail and the discussion board. The students can also take complete mock exams and partial exams online. For some course units students can also watch recorded lectures (video lectures).

If their registration with Studielink is in order, students will receive a user name and password to access the digital facilities, including e-mail, ProgRESS WWW (needed to register for exams and course units) and the online course unit information. Their user name is their student number with an s in front: e.g. 's1234567'.

The moment students enrol for a course in ProgRESS WWW, their personal course information will automatically be available through the tab Today of the Student Portal.

2.2.9 Important announcements

It is important that students take notice of the news and important announcements about lectures, exams, registration deadlines, information meetings and other 'last-minute' information. Frequently checking the following communication media is recommended:

- The student portal: please notice the tabs Today, Study Info and Career.
- UG e-mail

Once an announcement has been made via any of these communication media, students are assumed to have taken notice of the announcement.

2.2.10 Absence

If, due to illness or other special circumstances, students are unable to attend a lecture, a practical, seminar or tutorial for which attendance is required, students should notify the lecturer or other relevant staff member in advance. If they are likely to be absent for

an extended period of time, and/or the absence will affect their study progress, students should also notify the study advisor. This may have consequences for the participation marks.

2.2.11 Change of address

It is important to report a change of address or telephone number, because the Faculty and University will regularly send students important information about their studies by post. Students can register a change of address or telephone number only via Studielink. Their change of address is processed immediately and is automatically communicated to the faculty. In case this fails, students are recommended to contact the Information Services.

2.3 Regulations, rights and duties

2.3.1 The board of examiners

The board of examiners of the FEB is responsible for assuring the quality of the exams of the programmes. The board consists of several members of the teaching staff and a study advisor as a non-voting advisory member. An employee of the Quality Assurance department and an employee of the Educational Administration are appointed as an external member.

The board of examiners is bound by the teaching and examination regulations and rules and guidelines of the faculty. Before students submit their request to the board of examiners, they are advised to first read what these regulations say about the subject.

What to contact the board of examiners for?

The board of examiners deals with various requests, whether or not on request, including:

- requests for extracurricular exams
- requests for permission to write the thesis in Dutch in an English degree programme
- requests for permission for confidentiality of the thesis
- requests for admission to courses and exams a student is not (yet) entitled to take
- complaints about assessment of courses and exams
- cases of (exam) fraud and plagiarism
- individual deviations from the regulations as laid down in the TER or RG of the faculty

The board of examiners does not answer general questions about courses, grades and exams. Students should put these questions to the staff members of the Students Support Desk.

Individual exemptions from the rules

If students have (unacceptable) study delay or impediment as a result of circumstances beyond the student's control or of a personal nature, such as a long illness, disability, family circumstances, top sports, certain board and committee work, they can submit a request to the Board of Examiners for an individual exemption from a rule, such as

- exemptions from study progress requirements, admission requirements for a degree programme or course, etc.
- (individual) exams outside the scheduled exam date and/or time
- exemptions from regular exam methods
- exemption from the registration requirement for an exam
- alternative credit allocation for a course

In case of overlapping exams fill out the relevant application form available on the Student Portal.

To be eligible for a individual exemption from a rule students must be able to show that they have made every effort to prevent the delay or impediment. Students may want to contact a study advisor for advice.

How to submit a request

A request can be submitted by email to examencie.feb@rug.nl. The request should include a description of the problem, the rule that is applied for and the reasons for the request. In case a request has to do with special personal circumstances, such as illness

or bereavement, a student may be asked to provide written proof. The student's name, students number and degree programme should be added.

How en when to expect an answer?

The board of examiners responds to requests by letter or by e-mail. The board of examiners responds within six weeks. This may not (yet) be a decision; it may be a request for additional information.

More information is available on the Student Portal.

2.3.2 Teaching and examination regulations

The TER sets out the content and structure of all FEB degrees. It also sets out rights and duties of students. The TER for bachelor's and 'master's degrees at FEB are also available on the FEB website.

2.3.3 Regulations and guidelines

The RG are based on the TER and contain additional rules. The RG are included in the TER and available on the FEB website.

2.3.4 Exams

Exam results must be published no later than ten working days after the day of the exam in blocks 1.1, block 1.2., and block 2.1. This term is no more than five working days in block 2.2. Only results published by the Educational Administration in Progress WWW are legally valid from the time as laid down in the TER. Results published by the lecturer on the Student Portal are provisional results and are for that reason not yet legally valid.

Exam results will be published in ProgRESS WWW. Students will need their student number and password to access their results.

Exam results are confidential, which means that no information can be disclosed by telephone or to third parties. Students can check their results at any time via ProgRESS WWW.

Exams will be available for inspection by students for up to six weeks after the results have been published. Within this period, students can inspect questions or assignments relating to the exam as well as the assessment criteria. Details of the inspection procedure are published on the Student Portal page of the course. If students have a question about their results, the Student Support Desk will be able to help. Students should bring their student card with them.

Resits

In principle, resits will take place in the half semester directly following the first regular exam. The resits of the courses of half semester 2.2 will take place in the second half of the exams period of half semester 2.2.

Different rules may apply to courses that are offered twice a year. Details can be found in Ocasys.

2.3.5 Exemptions

Exemption from certain exams may be granted based on previous education or diplomas and only if you passed the relevant unit. It is not possible to list all the qualifications and

diplomas for which exemption may be granted. Students can request an exemption by filling out a form that is downloadable from the Student Portal. They should hand in the form and documentary evidence at the Student Support Desk.

Courses for which an exemption has been granted will be awarded a mark 6. It is not possible to request an exemption for a course for which they have previously taken an exam at the faculty. If a student has been granted an exemption this means that a student cannot achieve cum laude, because to get cum laude all courses must have been passed with at least a 7.0 or higher.

2.3.6 Study load guidelines

One page is considered to consist of approximately 300 words.

Study load guidelines			
Learning objectives	Difficult	Average	Easy
Light General introduction, outline of main points	8 pages per hour	13 pages per hour	18 pages per hour
Average Mastery of conceptual framework, doing assignments	6 pages per hour	10 pages per hour	14 pages per hour
Heavy Analysis, synthesis, evaluation	4 pages per hour	7 pages per hour	9 pages per hour

2.3.7 Plagiarism

Plagiarism is defined as the use of previously published ideas and phrases of others or yourself without acknowledging their source. This occurs not only in the case of assignments students write for a course, but also in the case of final projects. Examples include: reproducing an assignment completed by a fellow student, 'copy pasting' from the internet without stating the source, submitting the same piece of work more than once, reproducing (a part of) a thesis, a book or an article and failing to indicate the beginning and the end of a quotation. Also the literal translation of a passage from another source into Dutch (or another language) and failing to clearly indicate that, in fact, it concerns a quotation, will be deemed to be plagiarism.

The faculty has strict regulations concerning plagiarism: plagiarism is explicitly forbidden. One of the requirements of academic training is that students should never reproduce the work of others without acknowledging its source. Naturally, students will use these sources while they are working on an assignment or article, but the final piece of work they submit must be based on their own creative thinking. Students must contribute something of their own. Plagiarism undermines the basic aim of academic education; namely to develop the ability to think in an independent and critical manner.

A student is responsible for the work that is submitted in his name. Therefore, if the name of a student is on a document containing plagiarism then the student is responsible, even if through a distribution of tasks, the student concerned has not actively been involved in plagiarism. The student must be able to show that he has actively attempted to prevent plagiarism.

Amongst other measures, the faculty uses a plagiarism scanner to detect and combat the problem. This means that all assignments submitted by students will be screened for plagiarism. Part of this screening will be done electronically. If a member of staff suspects that a student is guilty of plagiarism, the Board of Examiners will be notified. The Board of Examiners will then investigate the matter further, applying the principle of hearing both sides, if necessary. If plagiarism is deemed proven, disciplinary measures will follow, such as exclusion from participation in the course and examinations thereof for one year.

Further information and the regulations regarding plagiarism can be found in the rules and guidelines (available in the TER on the FEB website).

2.3.8 Right of appeal

If students object to an exam result or another formal decision that affects them, they can lodge an appeal. If students wish to do so, they are recommended to contact their study advisor first. See also the regulations and guidelines (available in the TER) and the students' charter.

If students do not agree with a decision of the board of examiners they can submit an appeal to the Board of Appeals for Examinations.

2.4 Supervision

2.4.1 The first year

The first year of the degree programme is important. If students complete the first year successfully, they will have more time to concentrate on the remaining part of their degree programme and on extra-curricular activities, such as student assistantships, committee work and internships. In addition, a successful first year helps to keep the study programme feasible. This is why the faculty encourages its students to take their degree programme seriously right from the start and to spend sufficient time studying. Students will experience many changes in the transition to university education and they will notice that more is expected of them; motivation, discipline and self-study. The faculty will help them in this transition. For example, students will have intensive teaching in the first year, they will be part of a mentor group and they will have individual meetings with their lecturer-tutor on a regular basis.

This intensive teaching in the first year means that students will regularly work in small groups. There will also be frequent assessments. In addition to intensive teaching, a great deal of attention is also paid to study supervision and advice on course choices. For example, students are allocated a student-mentor and a lecturer-tutor to whom they can turn with their questions and who also maintains contact with them. Students themselves are responsible for keeping an eye on their study progress. However, the Faculty offers sufficient supervision facilities to help students to be successful in their studies.

2.4.2 Binding study advice

The faculty finds it important that students know, at an early stage, whether their chosen programme is the right one for them. If students discover at an early stage that they have made the wrong choice they can change programmes without losing too much time. That is why all bachelor's programmes at the FEB have a binding study advice for the propaedeutic phase.

This means that students have to get at least 45 ECs (out of a total of 60 ECs per year) in the first year of the programme. If students fail to do so they must leave the programme. Therefore it is important students start working for the 60 ECs right from the start. The first midterm exams are already in the second or third week. Successful completion of these midterm exams means that work must start right after the first lecture. That means studying the relevant materials carefully and being able to answer critical questions.

Four times a year, after each exam period, students receive an overview of their study results. The second overview will also include a (provisional) study advice. They receive the final overview after the half semester 2.2. resits and is followed by a final study advice. This final study advice can be either positive or negative.

A negative BSA, now what?

A negative BSA is primarily an indication that the programme students are following may not be the right one for them. Receiving a negative BSA means that registering for the same programme or a programme in the same cluster is prohibited for the two following years.

If students expect a negative BSA, it is best for them to look for a different programme at an early stage. The first logical step is to contact their study advisor or tutor. If students already know which other programme they would like to register for, they can contact the study advisor of that particular programme. The Student Service Centre can also be

of assistance here, as this centre offers, for instance, a study choice workshop first and second year students. Students can also check the BSA regulations in the BSA handbook.

2.4.3 Faculty Introduction: Get Started

For first-year bachelor students, the first week of the academic year (4-8 September 2017) will be dedicated to the introduction activity 'Get Started'. This week will have a mixture of educational activities and introduction sessions. This way students will get to know all aspects of the Faculty: education, research, study support and the student societies. All practical matters, such as the book sale, an IT training session, tutorial group enrolments and a tour of the building will also be organized.

2.4.4 Mentor (SPAA) Groups

The faculty finds it important that first year students settle in quickly, that they get acquainted with fellow-students and that they develop a pro-active attitude towards their studies as of the first day. To get them started, students are allocated to mentor groups, called Study Performance and Academic Attitudes groups, at the start of the first academic year.

The SPAA group meets once every week during the first block. The meetings are facilitated by a student-mentor, a senior student who is specially trained for the job. During SPAA meetings, students will discuss effective studying, study planning, processing summaries, preparing and taking exams, FEB academic culture, practical matters and extracurricular activities, to name a few topics.

In addition to a mentor, each group also has a tutor, who is a faculty lecturer. Tutors organizes individual meetings with their students at the start of the academic year and after the exam rounds of block 1.1 and block 1.2. Students will be invited by their tutor to attend these meetings. Study progress and general well-being will be the main focus of each tutor meeting. Additionally, study results will be discussed. Depending on study results, students may also have a meeting in the second semester of the first year. The tutor system aims at giving students personal attention as well as regular and individual feedback.

Study results form the basis for advice on study progress that students receive after each examination period. The main purpose of informing students about their progress after each block is to help them decide whether their approach to studying is effective, and whether or not they should continue with their degree programme (self-selection). That is why students will receive an preliminary study advice after the first semester to help them successfully complete their first year or consider alternative degree programmes.

In case students have not completed the propaedeutic phase successfully after the first year, they need to focus on timely completion of the propaedeutic phase from the second year onwards. For that reason students will be required to draw up a study plan. Students will also be assigned a tutor for second year students, who will meet up with them to discuss this plan and their progress, after each half semester until they have passed all first year courses.

Overview supervision during propaedeutic year	
When	Action
Block 1.1	Supervision by student-mentor (SPAA Group) and an introductory meeting with the tutor. Students' role: active participation and preparation for the tutor meeting.
After each exam period	Written report and advice concerning study progress. Students' role: contact the tutor or their study advisor if they have questions regarding their studies/study related matters. In case of personal circumstances that affect their study progress students must contact the study advisor without fail within four weeks of the event causing possible study delay.
After block 1.1	The tutor invites students to attend a meeting Students' role: prepare for the meeting. Students can also arrange a meeting with their tutor themselves.
After block 1.2	The tutor invites students to attend a meeting. They will discuss the results as well the upcoming provisional study advice. Students' role: prepare for the meeting. Students can also arrange a meeting with their tutor themselves.
After block 2.1	If it is likely that students will receive a negative BSA, the tutor invites them to attend a meeting . Students' role: prepare for the meeting. Students can also arrange a meeting with their tutot themselves.
After the last exam period (July)	Students will receive a written study advice that is binding if it is negative. Students' role: In case the advice is negative, students need to consider another programme that is more suitable for them. They can also contact the study advisor to have an 'exit' meeting and discuss options.
At various times	Degree programme information for the second year of the bachelor's programmes, study abroad, Honours programme, etc.

2.4.5 Study advice

Successful studying depends on different factors, so it is understandable that students sometimes need to consult an impartial expert to discuss obstacles, or to help make sensible decisions in their careers. This is why the faculty employs study advisors. The study advisors offer supra-curricular counselling. They play an important role in academic career counselling offered by the faculty. Naturally, all matters discussed remain confidential.

Make the most of a study advisor for:

- personal guidance from start to finish
- an analysis of your interests, talents and ambitions (personal profile and labour market)
- choosing your specialization, optional courses, Master's programme / specialization, Honours path, second study programme, etc.
- choosing specific activities, e.g. study period abroad, committee membership, internship
- improving study methods, exam preparation, planning, thesis, etc.
- support in the event of personal problems or impediments
- advice in the event of problems with a curriculum, sexual harassment, problems with a supervisor, etc.

Personal circumstances

During their studies students may fall behind as a result of extraordinary circumstances (beyond their control) or practising top-level sport and they may extend the period in which they are eligible for student finance. These students can request financial support from the Graduation Fund under certain conditions. The most important condition to be eligible for financial support from the Graduation Fund is that students report their circumstances within four weeks after the onset of the circumstances to their study advisor.

Students have to report to the student counsellors at the Student Service Centre immediately if their study delay represents more than 15 ECs. Students must make an appointment with a student counsellor in order to qualify for financial compensation. Students are responsible for reporting study delay to the correct department within the specified time, i.e. four weeks. More information about this regulation can be found in the student charter.

Sometimes personal circumstances necessitate adaptations to teaching methods or testing. This usually involves:

- certain facilities (extra exam time, adapted exam material, etc.)
- exemptions from the TER
- different exam time or place
- relaxation of rules for study progress

Together with the study advisor, students can decide what is necessary and determine which facilities they can use, which exemptions from the TER should be applied for, whether it is necessary to adapt their study pace or study planning, etc.

Other options for advice or support

For other forms of support and advice students can also turn to other people and organizations inside and outside the UG: Student Service Centre (student counsellors, student psychologists and courses for improving study skills), Disability & Study or the Confidential Advisor. Please check the Student Portal for more information. If students need other information, they can contact a study advisor or the Student Service Centre.

2.4.6 Information activities

During your studies you will have to make important choices that have an impact on your study career and your career later. To help you in this respect the FEB has organised various information activities.

Pick your profile

Are you a first-year student of the bachelor programme Business or the bachelor programme Economics and Business Economics and you are not sure which profile to choose after getting your propaedeutic certificate? To help you out here the FEB organises, together with the EBF Pick Your Profile, an event with information on the various profiles, talks by experts from the field and workshops. Pick Your Profile runs in April/May of each year.

FEB Master's Event

Do you want to know which master programme matches your career objectives? Or you don't know yet which master programme you want to take after getting your bachelor diploma? Or do you want to know what the entry requirements are for a master

programme? The event offers presentations on the various master programmes and an information market where you can get information from lecturers, study advisors and current master students. The master information event is held in March and November of each year.

2.4.7 Information Services

Information Services assist students and staff members with questions about registration, tuition fees, scholarships and immigration. Information Services consists of the following departments: Admissions Office, International Service Desk, Mobility and Scholarship Desk, and the University Student Desk.

2.4.8 Student Service Centre

The SSC helps students to find solutions to study problems that cannot be solved within the framework of their degree programme. The student counsellors, psychologists and trainers at the SSC all have a common goal: to prevent or remove obstacles to study progress so that students can develop and achieve their full potential during their time at university.

Information, advice and counselling

Student counsellors are specialized in the field of financial matters as well as issues concerning the legal position of students. They can provide students with information and advice with regard to registration and deregistration, student finance, choice of degree programme, studying with a disability, objection and appeals procedures. Please note: if students are incurring study delay due to circumstances beyond their control, for example, illness or family circumstances, they should not only immediately consult their study advisor. If their delay represents 15 ECs or possibly more they must also report this to a study counsellor of the SSC, as it is one of the conditions for qualifying for financial support from the UG Graduation Fund. More information can be found on the Student Portal.

Coaching and short-term therapy

If the study progress is hindered by study stress, fear of failure, concentration or psychological problems the psychologists at the SSC can offer support. Their support usually consists of an intake interview, followed by a number of individual or group counselling sessions.

Training courses and workshops

The trainers of the SSC offer courses, training sessions and workshops in the fields of successful studying and personal development. This ranges from courses in effective studying, to dealing with the tendency to procrastinate. The wide range of activities is regularly updated.

For more information, contact details and the opening hours of the SSC, go to the Student Portal.

2.5 Broaden en deepen your study

2.5.1 Minors

Most FEB bachelor degrees require a student to take a minor. A minor comprises 30 ECs and is in principle taken in the first semester of the third year.

FEB distinguishes three categories of minors:

- A university minor is a minor that is offered by another UG faculty. The aim of a university minor is to enable students to broaden their horizon by venturing beyond the borders of their own field. The range of university minors can be found on the university website. FEB students are not permitted to choose a university minor that is offered by the FEB.
- A faculty minor enables students to study one or more subfields of business and economics in-depth. In the programme overview students can find which faculty minors can be taken.
- Students can also choose a foreign minor, a minor abroad. This means that in the first semester of the third year students can take courses with a study load of 30 ECs at a foreign university. The FEB has entered into a large number of collaborative agreements with foreign universities.

The requirement to take a minor does not apply to all FEB degrees. The regulations for each degree are as follows:

- Students of the BSc Business Administration (with the exception of the A&C profile) can choose any of the three categories of minors. It is not permitted to combine parts of different minors.
- Students of the BSc E&BE, profile Business Economics or profile Economics can choose any of the three categories of minors. It is not permitted to combine parts of different minors.
- Students of the BSc E&BE, profile International Economics and Business, must take a foreign minor.
- Students of the BSc International Business must take a foreign minor.
- Students of the BSc Econometrics and Operations Research are not required to take a minor. However, they may substitute one semester of their degree programme by studying abroad on condition that the cluster of subjects is approved by the programme director.

More information about minors, admission requirements and rules can, for instance, be found on the university website. For general information concerning a foreign minor please go to the Student Portal. Business Administration has put together a comprehensive minor manual that can be found on the Student Portal page site of the BSc Business Administration. More information about the foreign minor in the profiles Business Economics and Economics of the E&BE programme can be found on the Student Portale page of E&BE.

2.5.2 Honours College

The Honours College gives talented, motivated students the opportunity to challenge themselves even more. They can follow an extra programme in addition to the regular bachelor's programme (45 ECs) or master's programme (15 ECs). Students can participate without paying extra tuition fees. The main aim of the honours programme is to develop talent and initiative. In the bachelor's honours programme, the emphasis is therefore on greater depth and breadth, while the master's honours programme is geared to the development of leadership skills. In both honours programmes the

emphasis is on a multidisciplinary approach to scientific and social issues. More information about the programme is available on the university website.

2.5.3 Focus areas in master's programmes

The FEB has areas of special attention, the so called focus areas, in the master's programmes.

Focus areas in a single master's programme

The MSc in Economics has the following focus areas:

- Microeconomics: Markets and Incentives
- Macroeconomic Theory and Policy

The MSc in International Economics & Business has the following focus areas:

- Globalization, Growth and Development
- International Capital and Globalization
-

Focus areas not linked to one FEB programme

Focus areas not linked to one FEB programme are:

- Energy
- Healthcare Management
- Health Economics

Students can choose for a note on the diploma supplement to indicate successful completion of the courses belonging to a focus area. More information is available in the teaching and examination regulations and on the website.

2.5.4 Career orientation: FEB Careers Company

The labour market is increasingly competitive. Employers do not only look at diplomas, but also at (practical) experience and a broad range of skills. We advise students to explore the labour market and career opportunities early on in their studies. The FEB Careers Company provides support and offers the following career services.

Advice and support

- Students can get advice in person from career advisors. An appointment can be made via the Student Support Desk.
- They can go to the Careers Company Student Team for questions and information about internships and career events and to get their CV, LinkedIn profile and application letters checked. The Careers Company Student Team is available from Monday to Thursday (9:00 AM-1:00 PM).
- In addition they can get a career mentor. This is a professional (person) from the FEB Alumni Network, who will coach them individually on career preparation.

Workshops and training

Students can participate in weekly workshops that contribute to their orientation on the labour market, getting to know themselves and their ambitions, goals, opportunities and skills. The trainers pay attention to interpersonal skills, effective communication, teamwork, applying for jobs and networking in interactive sessions.

Courses and programme

- Students have an opportunity to gain practical experience and to get to know the labour market. In various courses, for instance, Business Research & Consulting, they will deal with 'real life business cases'. Also, a number of times per year they can take part in a six weeks business challenge, where they will tackle, in a team, a special assignment of a company or organisation. To this end the Careers Company works together with organisations, the industry and the government.
- In addition, there are also learning communities, in which students together with alumni and lecturers will go deeply into a particular subject.

Career events

Students can participate in various career activities that prepare them for the labour market and their career. They will also get the opportunity to come into contact with companies and organisations during the Careers Week and various alumni events.

Gaining experience

A good match between education and practice increases chances of a good position in the labour market. An internship offers students an opportunity to get to know a company and to apply the theory of their education in practice. Companies and organisations approach the FEB Careers Company for recruitment of students for an internship.

- In a number of study programmes it is possible to combine the master thesis with an internship.
- Students can take a master internship, where they will do an extra-curricular internship of 15 ECs in addition to their master's programme.
- Other possibilities are, for instance, a summer internship, such as the Global Research Internship programme.

More information?

For more information go to the FEB website. Or drop by at the Careers Company in the Plaza.

2.5.5 Studying Abroad

To 'be international' is a defining characteristic of a modern institution of higher education. Consequently, both the university and the faculty have made internationalization one of the main aims of their long-term strategy.

Internationalization makes the university a better place to study and work. Students are encouraged to mirror their own performance and ideas against those of other cultures. For students, internationalization is an important aspect of their education. It broadens their mind, not only in their academic but also in their personal development. It also adds to their employability.

Exchange

The FEB has many bilateral cooperation agreements with universities both inside and outside Europe. The aim of these agreements is to promote the exchange of students. The Exchange Office is part of the Student Support Office and responsible for sending students abroad and receiving exchange students from partner universities around the world. In addition to promoting and facilitating student and staff exchange, another

important activity of the Exchange Office is to maintain existing relationships and extend the number of partner universities.

More information is available on the Student Portal.

Double degree programmes

The FEB offers DD programmes at both graduate and undergraduate level. DD programmes have been established with partner universities in Chile, China, England, France, Germany, Hungary, Indonesia, Norway, Romania and Sweden.

DD programmes give participating students access to different courses and research areas from those offered at their home institution. They provide students with a deeper and/or broader approach to their chosen field and a wide range of new electives.

Additionally, the programmes offer a level of international exposure that extends beyond the traditional exchange programme.

Students participating in a DD programme:

- earn two accredited degrees in two specialisations from two internationally renowned universities
- expand international networks by establishing academic and professional links in two countries
- obtain practical experience by collaborating in diverse teams - while also improving foreign language skills
- deepen and broaden knowledge in specialised fields in diverse research and teaching environments
- enhance career opportunities through alumni and career services in two corporately-linked programs

2.6 Graduating

2.6.1 Propaedeutic degree

The propaedeutic certificate will be discontinued as of 1 September 2017. If students complete the propaedeutic phase before 1 September 2017, they will still be issued a propaedeutic certificate. This certificate will be prepared automatically for students when they have completed their first-year programme successfully. Students will receive a notification when their degree certificate is ready for them to collect at the SSD. This notification also contains information about signing up for the propaedeutic degree ceremony that takes place in November each year. The date of the propaedeutic degree ceremony will be published on the Student Portal. Students who have met all requirements for the propaedeutic certificate but have not received any notification, must report so the SSD. This can be the case when they have completed a non-standard first-year programme.

If students complete the propaedeutic phase after 1 September 2017, they will not be issued a propaedeutic certificate. It will remain possible to receive a certified list of grades stating that they have successfully passed the propaedeutic phase. The discontinuation of the propaedeutic assessment will have no effect on the content of your degree programme or on the binding study advice.

2.6.2 Approval of bachelor's degree programme

It is important for students to apply for approval of their bachelor's programme in time. Students cannot start their bachelor's thesis without approval of their bachelor's programme. This means that students must submit an application for the approval of their study programme to the Board of Examiners at least six weeks before they intend to start on their thesis. Students can only do this via ProgRESS WWW.

More detailed information can be found on the Student Portal.

2.6.3 Graduating and the bachelor's degree ceremony

Students will have satisfied the requirements for a bachelor's degree if:

- their bachelor's programme has been approved by the Board of Examiners
- they have passed all the courses of their approved bachelor's programme
- all their study results are registered in ProgRESS WWW (they will be informed of this automatically by e-mail)
- their thesis has been uploaded onto the Student Portal, and
- they are registered for the correct bachelor's degree programme (students need to check this in Studielink)

In addition, students must check:

- if any results of their approved bachelor's programme obtained at other faculties or abroad are also included in ProgRESS WWW
- if the course codes of the courses they have finished are the same as the course codes of the courses in their approved bachelor's programme

After the last result has been registered, and their programme is approved, students will be registered as having graduated by the Student Administration on behalf of the Board of Examiners. Their bachelor's degree certificate will then be generated automatically. The degree certificate will be dated on the day on which the final result in their bachelor's programme was obtained, or on the date of approval of that programme.

There are two bachelor's degree ceremonies per year. The date of the ceremony will be announced via the Student Portal. It is possible to register for a degree ceremony, depending on places being available, up to four weeks in advance via the online registration form on ProgRESS WWW. Participants in the ceremony will be sent an invitation by e-mail with detailed information about place and time. If students do not apply for a graduation ceremony, they will receive an e-mail as soon as the degree certificate is ready and they can collect it from the Student Support Desk.

2.6.4 Approval of the master's degree programme

It is important for students to apply for approval of their Master's programme in time. Students cannot start their Master's thesis without approval of their Master's programme. This means that students must submit an application for the approval of their study programme to the Board of Examiners at least six weeks before they intend to start on their thesis. Students can only do this via ProgRESS WWW.

More detailed information can be found on the Student Portal.

2.6.5 Graduating and the master's degree ceremony

Students will have satisfied the requirements for a master's degree if:

- their master's study programme has been approved by the Board of Examiners
- they have passed all the courses of their approved master's programme
- all their study results are registered in ProgRESS WWW (students will be informed of this automatically by e-mail)
- their thesis has been uploaded onto Student Portal
- they are registered for the correct master's degree programme (students need to check this in Studielink)

In addition, students must check:

- if any results of their approved master's programme obtained at other faculties or abroad are also included in ProgRESS WWW
- if the course codes of the courses they have finished, are the same as the course codes of the courses in their approved master's programme

After the last result has been registered and their programme is approved, students will be registered as having graduated by the Student Administration on behalf of the Board of Examiners. Their master's degree certificate will then be generated automatically. The degree certificate will usually be dated on the day on which the final result in their master's programme was obtained or on the date of approval of that programme. The default date for the master thesis is the date of the thesis defence on the assessment form. If the master's programme does not have a thesis defence, the date of the submission of the final version of the master thesis is used.

There are a number of master's degree ceremonies per year. Students can find a list of dates of ceremonies on the Student Portal. It is possible to register for a degree ceremony up to four weeks in advance via the online registration form in ProgRESS WWW. If the date of choice is fully booked, we will inform students as soon as possible, so students can choose another date. Students need to consult with their thesis supervisor to make sure that he or she can also attend on the preferred date. Graduation ceremonies always take place between 12:00 PM and 6:00 PM. Participants in the ceremony will be sent an invitation by mail two weeks in advance with detailed information about place and time.

If students do not apply for a graduation ceremony, they will receive an e-mail as soon as their degree certificate is ready and they can collect it from the Student Support Desk.

2.7 Student finance and other money matters

2.7.1 Study costs policy

The university has a policy on study costs. The policy aims to control the costs for required study material so that the component 'study costs' in the student finance will not be exceeded. The standard sum for 2017-2018 is € 740,-. Each degree phase has a cost maximum (length of programme x standard sum):

- a bachelor's programme is € 2.220,- (3 x € 740,-)
- a one-year master's programme is € 740,-
- a two-year master's programme is € 1.480,- (2 x € 740,-)

Sometimes it is not possible to avoid costs exceeding these limits. In such cases it is possible to apply to the faculty board for reimbursement of half of the extra expenditure. Students can submit their request for partial reimbursement of study costs to the Financial Shared Service Centre, cluster Alpha Gamma 2. They will need to provide their name, address (including the postal code), student number and IBAN account number. Receipts for all study materials should be enclosed, and the details entered on a spreadsheet (including the total) for each block. The figures must show that actual expenditure exceeds the maximum amount set by the government. Applications without receipts etc. will not be processed.

Costs for studying abroad are not included in the study costs policy.

2.7.2 Student finance

Information on student finance is available at the university Information Services and at DUO.

2.7.3 February 1st rule

If students have registered for the first time in higher education and have cancelled their (Dutch) student finance before 1 February, the costs of their OV-chipkaart for the first five months can be converted into a grant. The condition is that they may not re-apply for a higher education student finance in the same academic year.

The Student Service Centre and DUO can give further information.

2.7.4 Emergency Fund

Students may face unexpected major expenses which may result in an acute financial emergency. The Emergency Fund offers help in the event of unexpected expenses that students cannot afford and against which they could not have reasonably insured themselves.

More information and the application form can be found on the Student Portal.

2.8 Quality assurance

2.8.1 System of quality assurance - education

The faculty has a quality assurance system, that ensures that all aspects of the degree programmes are systematically checked and amended when necessary. This system contributes to:

- continuous improvement of programmes
- high standard education
- identification of problems/deficiencies in a degree programme at an early stage

Among other things, the quality assurance system comprises course and curriculum evaluations. For these evaluations the contribution of students is essential. The contribution can help the faculty to continuously improve courses and programmes

The starting point of the course evaluations is that all courses offered will annually be evaluated. All students who have taken a course will be sent a link to an online questionnaire via their student mailbox. This will be done in the examination period. The results of the evaluations will be used to improve the courses. Summaries of evaluation reports and improvement plans are available on the Student Portal.

The object of the curriculum evaluation is to measure the quality of the degree programmes. The evaluation has two elements:

- Students can make their opinions known by means of the curriculum evaluation questionnaires distributed halfway through the first year and at the end of the bachelor's and master's programmes.
- In addition, a curriculum audit will provide a periodical evaluation conducted by peers (lecturers, educationalists, programme directors and content specialists). The peer review is important because it adds relevant information that may not be obtained through student evaluations alone.

The management information system 'Educational Indicators for Business and Economics' contains indicators concerning enrolment numbers, student progress and graduation numbers. This information system enables comparisons of degree programmes and student cohorts. The indicators answer the question whether the targets formulated by the faculty have been achieved.

The indicators are available on Student Portal'.

Students can send an email to eduqua.feb@rug.nl if they have any questions about the quality of teaching.

2.8.2 Complaints

It is important to the faculty that students have a positive study experience and that they complete their studies successfully. If students have educational complaints, they should not hesitate to do anything with it directly. This can be done in different ways, depending on the nature and severity of the issue.

In most cases it is advisable to first establish personal contact with the right person. So for a complaint about a course, it is best to get in touch with the lecturer or the secretariat of that course. If the complaint concerns the organization of a course, for example, timetables, dates of exams, the registration of results or the degree certificate ceremony, then the best place to go is the Student Support Desk.

It is possible that personal contact may not solve the problem. In that case, students can submit a complaint via the Student Support Desk. The complaint will be dealt with by the head of Education and Communication Services. Every complaint will be treated confidentially. The student in question will be kept informed of any actions taken or agreements made.

If the problem cannot be solved in this way, or if it is more personal, then students can approach a study advisor for a confidential meeting, or contact someone from outside the faculty, for example, a student counsellor (Student Service Centre) or the university Confidential Advisor. They can mediate or suggest other options.

Prior to any course of action, students may want to ask other students, for example via Quest, for advice.

2.8.3 Confidential Advisor

If students experience unwanted conduct or unfair treatment, they can contact the Confidential Advisor. Further information is available on the Student Portal.

2.9 Facilities

2.9.1 Plaza

The Plaza, the central hall in the Duisenberg Building, is a meeting place and connects various teaching locations with each other. Here students can find the reception desk, the SSD, the repro services, the EBF shop and the Micaffè. The first floor has special study areas with computers.

2.9.2 University Library

The University Library Zernike is located on the second floor of the Duisenberg Building. This library holds the collections of the Faculty of Economics and Business, the Faculty of Science and Engineering and the Faculty of Spatial Sciences. In addition, the library has an extensive digital collection of books, journals and databases. Most of these are available through the internet. You can find current and practical information on the website of the University Library Zernike.

On a regular basis, the library provides instruction meetings and workshops on how to find appropriate and good literature and data for assignments and theses.

Opening hours University Library Zernike	
Monday to Thursday	9:00 AM - 8:00 PM 9:00 AM - 5:00 PM during holidays
Friday	9:00 AM - 5:00 PM.

The University Library in the centre of Groningen is open to all UG students. The University Library houses various collections and has reading rooms.

2.9.3 Computer facilities

In a joint project with the Faculty of Spatial Sciences, the FEB offers computer facilities for students. In addition to the PC rooms for computer practicals for teaching and course-related purposes, facilities are available on the first floor of the Plaza. Furthermore, the FEB Research Lab is available on the first floor of the Duisenberg Building. The FEB Research Lab offers advanced ICT facilities to students who conduct computer-assisted research for their thesis.

Only students who meet all of the following requirements may use the PCs in the computer rooms:

- they must be registered as a student (and have a valid student card) at the university
- they must be taking a programme at the FEB or the Faculty of Science and Engineering
- they must use the PCs for study-related purposes only

For some specific courses a number of PCs are reserved in one of the computer rooms. In that case the additional requirement for the student is to be a participant of that specific course.

Computer rooms

Students can find an overview of available computer rooms on the Student Portal.

The following house rules apply for the computer rooms:

- Eating, drinking and smoking are prohibited in the computer rooms.
- It is not allowed to phone.
- Work areas should be left clean and tidy for the next user.

Opening hours computer rooms		
Main computer room Theaterzaal	Monday to Friday	9:00 AM- 10:00 PM
Computer rooms	Monday to Friday	9:00 AM - 10.00 PM unless required for lectures, exams or practicals
Student Plaza, first floor	Monday to Friday	7:30 AM – 10:00 PM
Summer period (18 July- 26 August)	Monday to Friday	9:00AM - 8:00 PM

CIT Service Desk

Staff at the service desk can answer questions about computer use in the computer rooms. The service desk can also provide assistance if students have problems using a computer in one of the rooms during a course or practical. The service desk is located on the ground floor of the Mercator Building, opposite the main computer room Theaterzaal.

Contact CIT Service Desk	
Opening hours	Monday to Friday: 8:30 AM - 5:00 PM
Telephone number	(050) 3633232

Software and computer courses

Students can buy software at reduced rates via the Surfspot website.

In addition to courses in standard applications such as Word and Excel, a few CIT courses specifically cater for the university community, such as SPSS and RefWorks. The computer courses are taught in the Smitsborg (Nettelbosje 1). Up-to-date course information is listed on the Student Portal.

2.9.4 Syllabus shop

Readers and other course materials are for sale in the Plaza of the Duisenberg Building (building 5412.0014). The shop is open daily between 8:30 AM and 4:30 PM.

2.9.5 Book sales

The EBF organizes book sales for its members four times a year. The association guarantees its members the lowest price on new books, which is a discount of up to 15%. Book sales take place at the start of each block. Books can be ordered through the EBF website and will be delivered to the home address. Students are informed well in advance about the details of book sales.

2.9.6 Printing, copying and scanning

The faculty has printers that are specially designated for students for printing, copying and scanning. They pay with a credit on their university card. Students can top-up the credit on their university card via myprint.rug.nl. The credit is linked to the S-number.

More information is available on the Student Portal.

2.9.7 Studying with functional impairment

The university makes every effort to cater for the needs of students with an impairment or chronic illness. The main university buildings all have wheelchair access. A number of lecture rooms have an induction loop for the hard-of-hearing, and the university library has facilities for students with a visual impairment.

2.10 Student organizations and societies

2.10.1 Introduction

Students come to Groningen to study, but there is much more to Groningen. Successful studying also relies on a pleasant and effective social network. There are lots of ways students can quickly build up a social network: by joining one of the student associations, a sports club, a student organization or the faculty student association. By becoming actively involved in one of the student associations students can gain organizational and management experience. Such 'investments' will be a great help later when looking for a job. For certain types of committee work students may get an allowance.

More information is available in the chapter on financial support, particularly the 'Graduation Fund' in the students' charter.

2.10.2 Economics and Business Faculty Association

The EBF is the student association for students at the UG-FEB. Currently, the EBF has approximately 5,000 members, well over 180 of these play an active role in the association. The EBF aims to support and promote the academic, professional and personal development of its members. To this end, the EBF organizes activities which are related to the different degree programmes offered by the faculty.

The EBF organizes the following activities, to name a few:

- EBF Conference: a large, two-day student conference in the Netherlands with prominent speakers, masterclasses and workshops
- International Business Research: annual trips to emerging markets outside Europe, with the aim of doing research for companies
- European Study Research: annual trips to European cities, with the aim of visiting companies and discovering other cultures
- Recruitment Days: an annual event where companies and students can come into contact with each other. This event is co-organized by the Association of Marketing University of Groningen (MARUG)
- Book sale and summaries: sales of textbooks at a discount through the EBF-website, and summaries at a reduced price at the EBF Shop, opposite the reception desk in the Duisenberg Building
- EBF Symposium: a symposium that aims to introduce students to the practical side of the academic degree programme at an early stage in their academic career
- Leadership Panel: lectures given by prominent speakers from the business world or the public sector

EBF has four sub-associations for students within a specific field of study: MARUG, Risk, TeMa and VESTING. These sub-associations organize activities that are linked to the specific degree programmes.

Other student associations are Groningen Fiscal Students' Society and Pro Memorie. Furthermore, there is the association for student interest Quest.

MARUG

MARUG is a student association for students interested in marketing that gives them the chance to experience marketing in practice.

MARUG:

- organizes various marketing events, for example, the MARUG Marketing Conference, International Marketing Experience (IME), Battle of the Marketeers,

- master activities, marketing classes, Mind over Marketing. inhouse days, the recruitment days and the National Marketing competition
- maintains contact with multinationals

Furthermore, MARUG helps to gain more in-depth knowledge of a particular field of study; and offers the opportunity to gain committee experience. MARUG publishes the online marketing magazine Markant.

Risk

Risk is the financial student society of FEB. Risk organizes activities for students studying finance, organizational and management control, accountancy & controlling or international financial management. The aim of Risk is to bridge the gap between theory and practice for its members. The following are examples of Risk activities:

- Risk Finance Symposium
- Risk Accountancy Week
- Risk Conference
- Risk International Financial Programme
- Risk Banking Tour
- Risk Investment Day

Risk publishes a magazine: Risk Magazine (5 times a year)

TeMa

TeMa is the student association for the masters Supply Chain Management and Technology and Operations Management and for the profile Technology Management of the bachelor Business Administration.

The aim of the association is to promote the interests of the students of these degree programmes and to bring them into contact with companies.

TeMa offers several activities for a comparatively small, but specific and unique group of students. Among other activities, TeMa organizes visits to leading companies, organizes a symposium, a study trip abroad, offers contacts with the business community and offers internships. Furthermore, TeMa organizes social activities, such as parties, a Christmas dinner, the 'batavierenrace' and the TeMa Dies Natalis. Additionally, TeMa organizes T(h)eMa (theme) drinks every third Monday of the month.

VESTING

VESTING is the association for students of the bachelor Econometrics and Operations Research and the master Econometrics, Operations Research and Actuarial Studies.

VESTING aims to bridge the gap between theory and practice in the field of econometrics and related fields. It also aims to promote contact between its members.

Amongst others, activities are:

- an annual symposium
- International Programme
- informal activities such as the VESTING Introduction Camp, and Sailing Camp
- national activities such as the LEVT, and National Econometricians Day (LED)
- book sales

VESTING publishes a magazine: GAXEX'.

2.10.3 Pro Memorie

Pro Memorie is the student association for accountancy & controlling students at the UG. The aim of the association is to promote the involvement of students and to provide contact between students, as well as to support students in their orientation on a future career.

Pro Memorie aims to be a valuable addition to the degree programme by organizing both academic/specialist and entertainment activities. An additional aim is to stimulate students to choose the Accountancy & Controlling programme and to successfully complete it. Pro Memorie is the link between students, the University and business, and aims to cater for the wishes of its interest groups as best as possible.

2.10.4 Quest

Quest was launched under the slogan 'Stop consuming, get concerned!' in early 2005. Quest is short for 'Quality of Education for Students', and represents the students of the FEB. Quality of education is something that concerns both faculty and students, which is why Quest is proactively involved in monitoring and assessing the quality of teaching. The aim is to prevent and handle complaints and to contribute to the quality of teaching. Through their year representatives, students can provide feedback on the courses they have taken.

In addition, Quest has regular contact and meetings with various people and organizational bodies within the faculty, such as the student faculty association EBF, the student assessor of the faculty board, programme committees, the faculty council and the vice-dean for education of the faculty board.

Furthermore, Quest assists those students who sit on the official faculty bodies, the programme committees and student members of the faculty council. These bodies are important sources of feedback about teaching and represent the students in discussions about matters concerning study programmes.

2.10.5 Alumni

Once students got their bachelor or master degree they are an alumnus of FEB. As an alumnus of the Faculty Economics and Business they are part of the FEB Alumni Network together with some 29,000 other alumni. The objective of this network is to build, maintain and strengthen a life-long relationship of alumni, the faculty and students.

The activities of the FEB Alumni Network

During the year the FEB Alumni Network organises several network and knowledge activities such as company visits, drinks, talks, guest lectures and symposia. International alumni are able to participate in the 'international chapters' in cities such as New York, London, Shanghai and Zürich where they can meet other alumni.

Besides organising events for alumni the FEB really likes to involve alumni in the faculty and the development of education. By means of guest lectures, information activities, the mentor programme and participating in education projects alumni are brought into contact with students, the faculty and each other.

Alumni as mentor for students

The FEB Career Mentor Programme offers students the possibility to use the expertise and experience of alumni. Students have access to online alumni profiles and can make contact with them for specific questions on career issues, such as questions about

particular companies, positions and the field, but also about tips when applying for a job. After all, alumni have knowledge and experience that are valuable for the career preparation of students.

Keeping in touch

The FEB Alumni Network regularly sends a digital alumni newsletter about forthcoming events and relevant developments at the faculty to all FEB alumni .

An alumnus can also sign up at LinkedIn group of the FEB Alumni Network or become a supporter of the FEB Alumni Network.

More information on activities, being a supporter or the mentor programme is available by mail to alumni officer Susanne Klinkers via febalumni@rug.nl or on the FEBwebsite at Alumni.

2.11 Addresses

The most up-to-date information on telephone numbers, e-mail addresses and room numbers of staff at the FEB can be found on the website.

2.11.1 General

Taal:	Nederlands

Inhoud

De BSc Bedrijfskunde is een interdisciplinaire, wetenschappelijke en praktijkgerichte opleiding met ruime aandacht voor vaardigheden die in de beroepspraktijk van belang zijn. De bachelor stelt studenten in de gelegenheid om een brede academische vorming op te doen met betrekking tot het functioneren van en het ingrijpen in organisaties. De bachelor biedt in de eerste plaats een kennismaking met de bedrijfswetenschappelijke disciplines en de belangrijkste functionele gebieden. Inzicht in de samenhang tussen deze gebieden, een integratieve benadering, de relatie met de externe omgeving en aandacht voor technologische, financiële en organisatorische veranderingsprocessen zijn daarbij belangrijke aandachtspunten. Binnen BSc Bedrijfskunde wordt daarnaast ruime aandacht besteed aan het toepassen van wetenschappelijke kennis bij het oplossen van organisatievraagstukken. Hierbij hoort ook het versterken van sociale en communicatieve vaardigheden van studenten. De afgestudeerde bachelor is in de eerste plaats een bedrijfskundige professional die beschikt over een wetenschappelijke houding en die probleem- en oplossingsgericht werkt.

Opbouw van het programma

BSc Bedrijfskunde kent een driejarig studieprogramma dat is opgebouwd uit een propedeutische fase (het eerste studiejaar) en een postpropedeutische fase (het tweede en derde studiejaar). De propedeuse heeft een oriënterende functie waarbij een kennismaking met de verschillende bedrijfsprocessen het vertrekpunt vormt. Belangrijke gebieden waarmee de student in de propedeuse kennis maakt zijn onder meer: organisatiekunde, marketing, financial accounting, informatiekunde en supply chain operations. Het propedeuseprogramma kent daarnaast practica waarin wetenschappelijke methoden, technieken en vaardigheden worden getraind. In het tweede en derde studiejaar worden de studieonderdelen die in het eerste jaar zijn aangeboden verdiept en in samenhang toegepast. Naast een algemeen verplicht deel van 90 EC (inclusief propedeuse), heeft de BSc Bedrijfskunde drie profielen van ieder 90 EC. In het tweede studiejaar dient dan ook een keuze gemaakt te worden uit één van de

volgende profielen: Accountancy en Controlling, Business en Management of Technology Management. Middels het volgen van één van deze drie profielen worden studenten in staat gesteld zich verder te specialiseren in één van de deelgebieden binnen de bedrijfskunde.

Het profiel **Accountancy en Controlling** (A&C) richt zich op de betrouwbaarheid van informatie voor de besturing van organisaties en voor het afleggen van verantwoording over het gevoerde beleid aan interne en externe stakeholders. Naast algemeen bedrijfskundige vakken zijn de vakken binnen het profiel A&C er op gericht om studenten wetenschappelijke kennis van, inzicht in en vaardigheden op het gebied van accountancy en controlling bij te brengen. Naast de grondslagen van onder meer internal control, auditing en corporate governance, biedt het profiel een verdieping op het gebied van management accounting, financial accounting, en financiering. Het profiel A&C biedt primair de basis voor een masteropleiding Accountancy of Controlling en de daarop aansluitende (theoretische) postinitiële opleidingen voor registeraccountant respectievelijk registercontroller.

Binnen het profiel **Business en Management** (B&M) wordt naast een verdieping in de verschillende bedrijfswetenschappelijke disciplines speciale aandacht besteed aan sociale processen binnen organisaties. Vakken als Management en Organisatietheorie, Organisatieverandering en Leiderschap, Human Resource Management en Strategisch Management nemen dan ook een centrale plaats in binnen dit profiel. Studenten die het profiel B&M hebben gevolgd zijn in staat om complexe bedrijfsprocessen te doorgronden en kunnen deze koppelen aan sociale (veranderings)processen binnen een organisatie. Het profiel **Technology Management** (TM) combineert een gedegen inzicht in de bedrijfswetenschappen met een verdieping in technologische vraagstukken. Daardoor ontstaat een goede basis voor het verrichten van onderzoek naar het functioneren en verbeteren van processen in organisaties. De vakken binnen het profiel TM richten zich op het raakvlak van management en techniek. Studenten die het profiel TM gevolgd hebben, kunnen complexe bedrijfsproblemen waar techniek een belangrijke rol speelt modelleren, analyseren, oplossingen aandragen en deze realiseren.

Het derde studiejaar van het programma staat, afhankelijk van het profiel dat gevolgd wordt, in het teken van integratie en individuele professionalisering middels een minor van 30 EC. Daarbij kan gekozen worden voor een universitaire (verbredende) minor, een facultaire (verdiepende) minor of een buitenlandminor. Studenten Bedrijfskunde hebben de keus uit deze facultaire minoren:

- minor Algemene Economie voor de Lerarenopleiding
- minor BDK-B&M/TM
- minor Bedrijf en Belastingen
- minor Controlling
- minor Finance
- minor Innovation & Entrepreneurship
- minor Internship Business Project

Studenten die het profiel A&C volgen, hebben niet de mogelijkheid om een minor te volgen. Zie voor meer informatie over de minoren paragraaf 3.5.1 van deze gids en de handleiding 'Minoren Bachelor Bedrijfskunde', te vinden op de Student Portal community van de BSc Bedrijfskunde.

Het derde studiejaar wordt afgesloten met het schrijven van een werkstuk. Door het schrijven van een bachelorafstudeerwerkstuk wordt getoetst of de student op een zelfstandige en wetenschappelijk verantwoorde wijze een bedrijfskundig onderzoek kan uitvoeren.

Gedetailleerde informatie over de BSc Bedrijfskunde staat op de Student Portal community BSc Bedrijfskunde. Naast actuele informatie over het programma zijn op deze community ook goedkeuringsregelingen en informatie over de organisatie van de opleiding te vinden. Verder staat op de Student Portal community meer informatie over de profiel-specifieke vakken en het volgen van vakken aan buitenlandse universiteiten staat.

Carrièreperspectieven

Met het oog op carrièreperspectieven is het aan te bevelen om na afronding van de BSc Bedrijfskunde een aansluitende masteropleiding te volgen. Afgestudeerde bedrijfskundigen komen na het behalen van een masterdiploma in zeer uiteenlopende functies terecht. Afhankelijk van de masteropleiding valt hierbij te denken aan functies op het gebied van human resource management, marketing, financieel beleid, productie en logistiek, kwaliteit, informatie- en communicatietechnologie en organisatieadviesing.

3.1.2 Overzicht studieprogramma

V = Verplicht; K = Keuze; KG = Keuzegroep; EN = onderwijs wordt in het Engels gegeven; NL = onderwijs wordt in het Nederlands gegeven; zie ook de vakbeschrijvingen in Ocasys.

3.1.3 Regels en keuzes

Regels en keuzes BSc Bedrijfskunde	
Eerstejaars voorlichting	http://www.rug.nl/feb/career-services/advice/career-support/study-events
Toelatingseis post-propedeuse	Afgerond propedeutisch programma BSc Bedrijfskunde
Eisen voor voorlopige toelating tot (het eerste jaar van) de post-propedeuse, tijdens het tweede jaar van inschrijving.	Voldoen aan de BSA-norm, d.w.z. ≥ 45 EC van het propedeutisch programma is behaald. Voor meer informatie over het bindend studieadvies (BSA): zie par. 5. van de BSc-OER en/of par. 1.4.2 van het algemene deel van deze studiegids.
Overstap naar de postpropedeuse vanuit de propedeuse van een andere opleiding	Vanuit de propedeuses van de BSc E&BE en de BSc IB is toelating tot de postpropedeuse van de BSc Bedrijfskunde mogelijk nadat is voldaan aan aanvullende eisen. Zie par. 6.1 van de BSc-OER. Studenten die willen overstappen naar de postpropedeuse van de BSc Bedrijfskunde wordt aangeraden ingeschreven te blijven bij de opleiding waar zij hun propedeuse hebben behaald, totdat zij aan de aanvullende eisen hebben voldaan. Wie toch eerder wil overstappen naar de BSc Bedrijfskunde, moet zich inschrijven als propedeusestudent bij de BSc Bedrijfskunde. Neem bij twijfel contact op met de FEB onderwijsadministratie (transfer.feb@rug.nl).
Ingangseisen bachelorvakken	Zie de vakbeschrijvingen in Ocasys.
Ingangseisen Integrative Research Project (EBB101A05)	<ul style="list-style-type: none"> Definitieve toelating tot de postpropedeuse en ≥ 120 EC aan goedgekeurde vakken (inclusief propedeuse en vrijstellingen) is behaald.
Ingangseisen bachelorafstudeerwerkstuk	<ul style="list-style-type: none"> Definitieve toelating tot de postpropedeuse en het bachelorprogramma is goedgekeurd en ≥ 120 EC aan goedgekeurde vakken (inclusief propedeuse en vrijstellingen) is behaald. <p>Deze regeling is van toepassing op alle studenten die staan ingeschreven voor de opleiding.</p>
Goedkeuring vakkenpakket	Aanvragen via ProgRESS WWW, uiterlijk 6 weken vóór de start van het bachelorafstudeerwerkstuk.
Mastervoorlichting	http://www.rug.nl/news-and-events/events/open-days-introduction

<p>Instroommoment(en) doorstroommasters</p>	<p>1 september en 1 februari</p>

3.1.4 Substitutie- en overgangsregelingen

Binnen de substitutieregeling worden 3 opties onderscheiden:

- **Optie 1:** Het substitutievak verschilt inhoudelijk niet of nauwelijks van het vak uit het oude programma. Wel kunnen naam, vakcode, voertaal of blok gewijzigd zijn. In het geval van een verandering van blok kunnen studenten het substitutievak alleen in het nieuwe blok volgen; ook het (her)tentamen kan alleen in het nieuwe blok worden afgelegd.
- **Optie 2:** Het substitutievak verschilt inhoudelijk (sterk) van het vak uit het oude programma. In dat geval heeft de student de keus om het substitutievak te volgen en daarin ook tentamen af te leggen of hertentamen af te leggen over het vak uit het oude programma. In 2017-2018 wordt hiertoe tweemaal de gelegenheid geboden. De hertentamens voor vakken uit het oude programma worden parallel gerosterd aan de reguliere tentamens voor het substitutievak.
- **Optie 3:** Er is geen substitutievak voor een vak uit het oude programma. In dat geval wordt in 2017-2018 tweemaal de gelegenheid geboden hertentamen af te leggen over het vak uit het oude programma. De tentamenperiodes kunnen afwijken van die in het studiejaar 2016-2017.

3.2 BSc Econometrics and Operations Research

3.2.1 Programme description

Programme director:	Dr Pim Heijnen p.heijnen@rug.nl, (050) 3632317
Programme coordinator:	Dr Bram de Jonge b.de.jonge@rug.nl, (050) 3633723
Secretary:	Martine Geerlings-Koolman, m.a.koolman@rug.nl, (050) 3637018
Language:	English

Content

The BSc Econometrics and Operations Research (BSc EOR) concerns the modelling approach to the description and analysis of issues in the areas of economics, management and related fields. The main objectives of the programme are acquiring knowledge of the most important models presently in use, the necessary background in mathematics and statistics and developing a research-oriented attitude. Training of the ability to translate the findings of this modelling approach into results relevant for the application area is an integrated part of the programme.

To reach these objectives, in the first year and in the first part of the second year the focus is on mathematics and statistics. Other subjects in the first two years are introductory courses into the main areas of EOR, economics and programming. The mainstream subjects of the programme are dealt with in the second and third year: operations research, actuarial science, econometrics and mathematical economics. In the third year, studying a semester at a foreign university is an option. The final semester of the programme consists, on the one hand, of a bachelor thesis in completion of the bachelor programme and, on the other hand, of the opportunity to prepare students for one of the profiles of the master's programme Econometrics, Operations Research & Actuarial Studies. Elective courses offer the opportunity to broaden knowledge of the economic application areas.

To establish a connection between the scientific nature of the programme and the working environment of the BSc EOR, assignments and case studies play an important role in the programme. The programme aims at both Dutch and foreign students. The language of instruction is English. Throughout the programme, support is provided to ensure that academic writing and English language skills reach the required level.

Double degree programme

See section [3.3](#).

Career prospects

So far, almost all BSc EOR graduates have continued their studies at master level. Consequently, there is only limited information on job perspectives for BSc EOR graduates. Sources suggest that job perspectives for BSc EOR graduates are very good. Banks, insurance companies and consultancy firms offer good prospects. In addition, more traditional employers such as the CBS and the government continue to hire BSc EOR graduates. Through further study and specialization, for instance, by completing a master's programme, one can aim for a more research-oriented career, for instance as a PhD student. This does not have to be restricted to a subject in the area of econometrics,

operations research, actuarial science, mathematical economics or statistics, but it could also be in economics, management, logistics or one of the social sciences.

3.2.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

3.2.3 Rules and choices

Rules and Choices BSc Econometrics and Operations Research	
First-year information day	http://www.rug.nl/feb/career-services/advice/career-support/study-events
Entry requirements for the post-propaedeutic phase	Having completed the propaedeutic programme of BSc in Econometrics and Operations Research
Provisional entry requirements for (the first year of) the post-propaedeutic phase, during the second year of registration.	Students must have passed the BSA threshold, i.e. earned 45 ECs or more during the first year of registration in the propaedeutic phase. For more information about the binding study advice (BSA): section 5 of the BSc TER and/or section 2.4.2 of the General Information part of this student handbook.
Entry requirements for bachelor's courses	Consult the course descriptions in Ocasys
Entry requirements for the bachelor's thesis	<ul style="list-style-type: none"> Definitive admission to the post-propaedeutic phase and the bachelor's programme has been approved and ≥ 120 ECs from the approved courses (including propaedeutic courses and exemptions) have been earned. <p>This regulation applies to all students registered for the degree programme.</p>
Approval of the bachelor's programme	Apply via ProGRESS WWW, no later than 6 weeks before starting the Bachelor's thesis.
Master's information days	http://www.rug.nl/news-and-events/events/open-days-introduction

Follow-on master's programmes	<ul style="list-style-type: none"> • MSc Econometrics, Operations and Actuarial Studies (EORAS) • MSc Business Administration • MSc Economics • MSc Finance • MSc International Business and Management • MSc International Economics and Business • MSc Marketing • MSc Supply Chain Management • MSc Technology and Operations Management • MSc Teaching Economics and Business Studies (in Dutch)
Entry requirements for the follow-on master's programmes	<ul style="list-style-type: none"> • Bachelor's degree in Econometrics and Operations Research and • (for MSc in Finance:) Corporate Finance for E&BE (EBB079A05) must be completed. <p>For admission to other master's programmes: submit an application to the Admissions Board.</p>
Starting dates for the follow-on master's programmes	1 September (preferred) and 1 February.

3.2.4 Substitution regulation

Three options can be distinguished in the substitution regulations:

- Option 1: With respect to content, the substitution course does not differ or differs hardly from the course in the old programme. Although, name, course code, language of instruction or semester block may have changed. In case the block has changed students can only take the substitution course in the new block; also the (resit) examination can only be taken in the new block.
- Option 2: The substitution course differs, in respect of content (a lot) from the course in the old programme. In that case, the student has a choice to either take the substitution course and to also take the exam in the substitution course or to take the resit examination of the course in the old programme. In 2017-2018 there will be two opportunities to take this resit. The resit examinations for the old programme will be scheduled parallel with the regular examinations of the substitution course.
- Option 3: There is no substitution course replacing a course of the old programme. In that case two resit opportunities will be offered in 2017-2018 for the course of the old programme. The examination periods may deviate from those of the academic year 2016-2017.

BSc EOR substitution regulation 2017-2018				
course in OLD programme (2016-2017)	sem. 16-17	substitution course(s) in NEW programme (2017-2018)	sem. 17-18	option and explanation
Multivariate Calculus EBP013B05	Year 1, block 2.1	Multivariate Calculus EBP013B05	Year 1, block 2.2	Option 1

Linear Algebra for EOR EBPO37A05	Year 1, block 2.2	Linear Algebra for EOR EBPO37A05	Year 1, block 2.1	Option 1

Language:	English

Content

The BSc Economics and Business Economics (BSc E&BE) aims to provide a solid academic and internationally oriented training, combining insights from business economics, economics and international economics and business, developing a research-oriented attitude and reaching an advanced level of English language skills. The scientific domain of the BSc E&BE consists of the fields of business economics (with an emphasis on finance) and (international) economic theory and policy, as well as the related fields of the theory of (international) institutions and of multinational enterprises.

In the second year BSc students choose a profile in either Business Economics, Economics, or International Economics and Business. Depending on the choice made, graduates will be able to demonstrate relevant knowledge and understanding of:

- **Business Economics** - this encompasses the economic functioning of individual organizations (both profit and non-profit) and the behaviour of people in those organizations. Topics considered include financial and accounting decisions of organizations and the relation between these decisions and the functioning of financial markets, as well as problems related to marketing, operations and logistics management and human resource management.
- **Economics** - this encompasses a wide range of factors related to human choice under conditions of scarcity. These include economic, technological, environmental and political factors, together with their effects on local, national and international economic policy and upon strategy and behaviour of organizations in markets.
- **International Economics and Business** - this encompasses the interaction of multinational firms and their economic environment. The economic environment includes first of all the global and national economy, but also differences in institutions and policies between countries. This requires on the one hand the analysis of strategic decision-making by multinational firms in relation to global

economic developments and different country characteristics and on the other hand the analysis of the international economy taking into account the effects of e.g. location and investment decisions by multinational firms.

In all three profiles in-depth training will be given in mathematics, statistics, applied econometrics and (business) research skills. The training in these subjects will enable students to conduct individual academic research in (business) economics. In addition, students will be trained thoroughly in academic writing. Training and practice in this area take the form of writing several (empirical) papers leading to a bachelor's thesis. Writing a bachelor's thesis will promote further development of analytical and communication skills (taught and practised in tutorials, in which a student learns how to present, argue and defend points of view and to give feedback).

From a professional perspective, requirements of the programme are relatively broad and general, both in terms of content and in terms of academic skills and attitude. As part of the programme, guest lecturers are regularly invited to discuss their professional experiences and to explain how their work is related to the specific course topics. Graduates are also made familiar with various aspects of professional practice through a rather intensive and, mostly extra-curricular programme. In particular, the student association EBF is very active in organizing workshops, excursions, guest lectures, congresses, projects, etc. In addition, students may come into contact with the profession through FEB Careers Company that offers a large portfolio of activities.

Upon completion of the BSc E&BE (all three profiles), graduates can access the master programmes that are closely related to the bachelor programme: MSc Finance, MSc Economics and MSc International Economics and Business. The MSc Finance has specific entry requirements, see section [5.15.3](#). Graduates also have access to a number of other master's programmes offered by the FEB. Given the level and study load of the E&BE programme, it also allows access to other related (inter)national master's programmes.

Business Economics profile

The Business Economics profile (BE profile) offers a high-quality theoretical and practical foundation for any profession in the field. The focus is on core subjects of business economics, such as finance, accounting, marketing, operations and logistics management and human resource management. In addition students are taught solid general economic theory, which is essential in the field of business economics. Via this combination of business and economics courses, students learn to view the functioning of organizations from an analytic, microeconomic point of view in a macroeconomic and international economic context.

In the third year students take two core courses in corporate finance and financial markets leading to upper intermediate academic knowledge of this aspect of business economics. Accordingly, after graduation with a BE profile graduates are especially able to apply the acquired knowledge in these areas.

Economics profile

The Economics profile offers a high-quality theoretical and practical foundation, preparing students for any profession in this field. Most fundamentally, the Economics profile deals with individual consumer and producer behaviour, the performance of markets, as well as characteristics of national economies. In addition, topics such as banking, the origins of economic growth, economic differences between countries and

regions, the role of technological development and innovation and a broad range of public and monetary policy issues are dealt with.

Students are taught high-level general economic theory, which is essential for a professional in the field of economic policy or research. In the third year students take core courses in both macroeconomics and microeconomics at an upper intermediate academic level. The curriculum also focuses on the application of theory to practice, e.g. in the bachelor's thesis.

International Economics and Business profile

The International Economics & Business profile (IE&B profile) offers thorough academic training with a strong international profile and a focus on international business and international economics. International business concentrates on the main activities of international corporations. Topics studied include how strategic decision-making of multinational enterprises is affected by economic, social, political and cultural environments. International economics deals with the global economy in which multinationals operate, e.g.: the determinants of international patterns of trade and specialization, the competitiveness of nations versus that of firms and the policy options to strengthen competitiveness, the effects of trade policy, theories of exchange rates and of the balance-of-payments, international capital flows and the international monetary system. In the third year students take core courses at an upper intermediate academic level that focus on the integration of international business and international economics.

Study period abroad at a foreign university

To enhance the international profile of BSc E&BE, the third year of the BSc programme includes (the opportunity of) a study period abroad at another university. Students can make use of the extended exchange network of the faculty with several European and non-European universities. Students can select courses offered by the host university in consultation with the E&BE coordinators. Because of compulsory courses in the second semester, the study abroad period for students studying E&BE is in the first semester of the third year. For students in the IE&B profile, the foreign minor (study abroad) is compulsory; for students in the profiles BE and Economics, it is optional. Students need to take the initiative in making their own arrangements. It is strongly recommended to start planning well ahead of time. Students need to apply in advance for approval of the subjects they wish to study abroad.

To be eligible for one of the faculty's exchange programmes for studying abroad, students must have completed all first year courses. It is strongly recommended that students have also completed (most of) the second year at the time they are leaving in order to be able to take courses at the required level during the semester abroad. Please note: if students wish to study at a university which does not offer courses in English, the preparation to attain the required language skills should be started well in advance.

As stated above, students can only be selected for a 'study abroad' place if they have completed their first year of study. For most universities the first selection is in January, in block 1.2 (but for some universities the selection is much earlier). A final selection round for remaining 'study abroad' positions takes place after the exams of block 2.1. This means that if second-year students have not completed the 1st year courses of block 2.2 (including English for E&BE and Research Paper for E&BE) in the previous year, they are not eligible for studying abroad in the third year of their studies, as there are no more exams or resits for these courses before the final selection round starts. Note that

these students might experience serious study delay. Study progress and grades will be taken into account in the selection procedure.

In all cases, the programme of the ‘study abroad’ has to be approved in advance by the E&BE programme management:

- Dr Peter Smid for Business Economics
- Prof. Paul Elhorst for Economics
- Dr Beppo van Leeuwen for International Economics and Business

If students E&BE-IE&B profile have participated in higher education outside the Netherlands before starting their studies, they can apply for an exemption from the compulsory ‘study abroad’ period via a webform available on the Student Portal. If granted, students must contact Dr Beppo van Leeuwen, programme coordinator of IE&B, for a substitute programme. Additional information about studies abroad can be found on the BSc E&BE community on the Student Portal.

If students would like to know more about the opportunities for studying abroad, they are welcome to come to the Student Support Desk, or visit the website.

Double degree programmes

See section [3.5](#).

Career prospects

Although graduates have the option to enter the labour market in junior staff functions in firms and governmental organizations after graduation from the BSc E&BE, the vast majority of graduates, however, choose to pursue a relevant master.

3.4.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

Rules and Choices BSc Economics and Business Economics	
Entry requirements for the post-propaedeutic phase	Having completed the propaedeutic programme of BSc in Economics and Business Economics
Provisional entry requirements for (the first year of) the post-propaedeutic phase, during the second year of registration.	Students must have passed the BSA threshold, i.e. earned 45 ECs or more during the first year of registration in the propaedeutic phase. For more information about the binding study advice (BSA): section 5 of the BSc TER and/or section 2.4.2 of the General Information part of this student handbook.
Entry requirements for the post-propaedeutic phase for students with a completed propaedeutic within another programme	It is also possible to be admitted to the post-propaedeutic phase after having completed the propaedeutic phase of <ul style="list-style-type: none"> • BSc Business Administration • BSc Econometric and Operation Research • BSc International Business once additional requirements have been met. See section 6.3 of the BSc TER. In case of doubt or questions, please contact the Educational Office (transfer.feb@rug.nl).

Bachelorprogramma's / Bachelor programmes

Entry requirements for bachelor's courses	<p>Consult the course descriptions in Ocasys.</p> <p>The foreign minor (study abroad) can contain no more than 15 ECs in non-economic and non-business courses, including no more than one language courses in the language of the foreign university of at most 6 ECs.</p> <p>The courses of the foreign minor should be post-propaedeutic and must not have a substantial overlap with other courses taken in the E&BE programme. Additionally, students must have completed the first year of the propaedeutic phase before enrolment at the partner university can take place. It is strongly recommended to complete most of the second year before leaving.</p>
Entry requirements for the bachelor's thesis	<ul style="list-style-type: none"> • Definitive admission to the post-propaedeutic phase and • the bachelor's programme has been approved and • ≥ 120 ECs from the approved courses (including propaedeutic courses and exemptions) have been earned. <p>This regulation applies to all students registered for the degree programme.</p>
Approval of the bachelor's programme	Apply via ProgRESS WWW, no later than 6 weeks before starting the bachelor's thesis.
Master's information days	http://www.rug.nl/news-and-events/events/open-days-introduction
Follow-on master's programmes	<ul style="list-style-type: none"> • MSc Business Administration • MSc Finance (preferably with E&BE-BE). • MSc Economics (preferably with E&BE-Economics) • MSc International Economics & Business (preferably with E&BE-IE&B) • MSc Human Resource Management • MSc International Business & Management • MSc International Financial Management • MSc Marketing • MSc Supply Chain Management • MSc Technology and Operations Management • MSc Teaching Economics and Business Studies (in Dutch)
Entry requirements for the follow-on master's programmes	<ul style="list-style-type: none"> • Bachelor's degree in E&BE and • (for MSc Finance:) Intermediate Asset Pricing (EBB084A05) and Corporate Finance for E&BE (EBB079A05) must have been completed as well. <p>For admission to other master's programmes: submit an application to the Admissions Board.</p>
Starting dates for the follow-on master's programmes	1 September and 1 February.

3.4.4 Substitution and transition regulations

Three options can be distinguished in the substitution regulations:

- Option 1: With respect to content, the substitution course does not differ or differs hardly from the course in the old programme. Although, name, course code, language of instruction or semester block may have changed. In case the block has changed students can only take the substitution course in the new block; also the (resit) examination can only be taken in the new block.
- Option 2: The substitution course differs, in respect of content (a lot) from the course in the old programme. In that case, the student has a choice to either take the substitution course and to also take the exam in the substitution course or to take the resit examination of the course in the old programme. In 2017-2018 there will be two opportunities to take this resit. The resit examinations for the old programme will be scheduled parallel with the regular examinations of the substitution course.
- Option 3: There is no substitution course replacing a course of the old programme. In that case two resit opportunities will be offered in 2017-2018 for the course of the old programme. The examination periods may deviate from those of the academic year 2016-2017.

BSc E&BE substitution regulation 2017-2018				
course in OLD programme (2016-2017)	sem. 16-17	substitution course(s) in NEW programme (2017-2018)	sem. 17-18	option and explanation

3.5 DD programmes BSc Economics and Business Economics

3.5.1 Programme description DD with Fudan University, Shanghai

Programme director:	Prof. Bert Schoonbeek, l.schoonbeek@rug.nl, (050) 3633798
Programme coordinator:	Dr Beppo van Leeuwen, e.h.van.leeuwen@rug.nl, (050) 3633744
Secretariat:	Global Economics & Management, secr.gem.feb@rug.nl, (050) 3633458
Language:	English

Content

On completion of two years of undergraduate study at Fudan University students enter the post-propaedeutic phase of the BSc Economics and Business Economics (BSc E&BE). In the postpropedeutic phase students can choose the profile Economics or the profile International Economics and Business. The description of these two profiles of the BSc E&BE can be found in section 3.4. As a minor, students from Fudan of both profiles can choose either the minor E&BE or the foreign minor

On completion of the programme students are awarded two degrees, a BSc E&BE (profile Economics or IE&B) from UG and a BA Economics from Fudan University.

3.5.2 Degree programme DD with Fudan University, Shanghai

Secretary:	Global Economics & Management, gem.feb@rug.nl, (050) 3633458
Language:	English

Content

The BSc International Business (BSc IB) is an interdisciplinary academic programme with a focus on international issues. It aims to provide a solid academic grounding in the functioning of and interventions in organizations that operate in various countries and cultures. Students learn to combine general business management knowledge and skills within the international context of the organizations. Students gain knowledge and understanding of general business and management, the main areas of international business and management and research methodology. Students learn to apply an interdisciplinary and integral approach in defining, analysing and solving problems in multinational organizations. In addition, students learn how to conduct research that complies with academic standards in management and academia. Instruction in the language and social communication skills that are necessary for operating in an international and intercultural context is also given.

First and second year

The BSc IB provides an introduction into elementary theories and concepts that are relevant in the field. In general, seven areas in which students need basic knowledge and skills are distinguished. These are:

- Organization theory: an introduction into theories and concepts of organization structures and processes. Students learn to consider organizational design and organizational change both in local companies as well as in multinational companies. Students are introduced to scientific theories about these issues and are trained to apply concepts to practical situations.
- International management and economics: multinational companies have to constantly consider business opportunities and related strategic choices. Students are introduced to the basics of (international) economics in such a manner that they understand the relevant economic concepts of the international environment. Additionally, by studying relevant concepts within the area of strategic management, students will learn how companies are able to operate in this context.
- International finance and accounting: students study the financial aspects of organizing and related aspects of accounting and control, with special attention to the additional complexity of these issues within multinational enterprises.
- International business law: in their international endeavours, companies often run into complicated legal problems on different levels. Basic knowledge of such issues is essential.
- Research methodology and statistics: students learn to conduct research that complies with scientific rules both in management and in academia. Courses in this cluster teach them how to think systematically and draw scientifically sound

conclusions on the issues that they have studied. This is a must if they have ambitions in management and consultancy as well as in academia.

- **Language and intercultural communication skills:** language and communication skills are very important for people who intend to operate in the international arena. In the first year an English language course improves the written, oral communication and presentation skills. During the study abroad in the third year students can choose a second foreign language.
- **Ethics:** students learn numerous ways to actively engage with ethical issues and dilemmas.

Additionally, there is a set of courses dealing with more functional areas such as international marketing and information systems management.

Preparing study abroad in the first and second year

During the second bachelor year, students need to prepare for their foreign minor (study abroad) in the third year. To enrol at a foreign university, students must have completed their first year. Please, read the relevant parts in this student handbook about the rules & regulations on study abroad carefully. In the first year a workshop is organized to give information about the study abroad programme.

Third year

BSc IB students spend one semester of the third year of their programme abroad. The programme in the third year during the 'home' semester consists of the following core courses: Managing International Business Organizations Game, International Financial Management, Empirical Research Project and International Strategic Management. Additionally, students write their bachelor's thesis in this semester.

As indicated above, to be eligible to apply for one of the faculty's exchange programmes, students must have completed the first year. It is strongly recommended that (most of) the second year has also been completed by the time they leave in order to be able to take courses at the required level during their study abroad. Please note that, if students want to study at a university that does not offer courses in English, the preparation to attain the required language skills (e.g. French, German or Spanish) will exceed the credits of the mandatory courses of the first and/or second year. Please refer to FEB-Student Portal for further details.

If students have participated in higher education outside the Netherlands before starting their studies in IB, they can apply for an exemption from the study abroad period at the Board of Examiners. If granted, students must contact the programme coordinator for IB to agree on a substitute programme.

Double degree programmes

See section [3.7](#).

Career prospects

When students have completed the BSc IB, they have all the tools they need to continue in a master's degree or to develop in a wide range of business management careers in international companies. Many companies and organizations offer traineeships and junior positions which introduce graduates to the different types of activities. The specific direction chosen varies according to interests and includes positions with an obvious international dimension such as export manager, international marketer, or international sales manager.

Furthermore, positions such as product manager, treasury manager, human resource manager and management development officer are important options. The programme also provides the skills, knowledge and expertise appropriate to a management career in a non-profit organization setting, such as the health-care industry, the cultural and entertainment sector or non-governmental organizations.

Finally, graduates could consider continuing their career within the academic field, given their training in the latest developments in this area.

3.6.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

Content

The students from KEDGE Business School and the UG can combine two study programmes in this double degree programme. All students take courses from the regular BSc International Business programme (BSc IB) in Groningen, including a bachelor's thesis. Upon successful completion of the course of studies at both institutions the students will receive the following degrees:

- The KEDGE bachelor diploma from KEDGE Business School (Programme Supérieur de Gestion et Commerce)
- The BSc IB diploma from the UG-FEB

Students who start at KEDGE Business School undertake two years of undergraduate study at KEDGE Business School in Bordeaux, France. This qualifies them for a 3-semester study programme (90 ECTS) at the UG. In addition students will do an internship for KEDGE Business School.

Students who start at the UG do the regular BSc IB programme, in addition they study at KEDGE Business School for 2 semesters, including the regular study abroad semester, and they do an internship.

Semesters	KEDGE BS students	FEB- UG students
1	Academic studies at KEDGE BS	Academic studies at Groningen
2	Academic studies at KEDGE BS	Academic studies at Groningen
3	Academic studies at KEDGE BS	Academic studies at Groningen
4	Academic studies at Groningen	Academic studies at Groningen

Content

The students of the double degree programme International Business undertake two years of undergraduate study at the University Indonesia in Jakarta, Indonesia. This qualifies them for a 3-semester study at programme (90 ECs) at the UG. Students who do not meet all requirements because of course deficiencies, can only be admitted to the 4-semester programme (120 ECs) in Groningen. In addition to the regular programme of 90 ECs, they will have to take additional courses of 30 ECs.

The students take courses from the regular BSc International Business programme (BSc IB), including a bachelor's thesis. They will have a BSc IB diploma when they have completed the study programme in Groningen. For additional information, please refer to the programme description for the BSc IB, section [3.6](#).

4 Schakelprogramma's / Pre-MSc programmes

4.1 Pre-MSc Accountancy and Controlling

4.1.1 Programme description pre-MSc Accountancy and Controlling

Programme director:	Dr. Sandra Tillema, s.tillema@rug.nl, (050) 3634539
Programme coordinator	Ingrid Luttmer-Noest, i.m.luttmer-noest@rug.nl, (050) 3633768
Secretariat:	Anna van der Voort-Toisuta, e.h.van.der.voort-toisuta@rug.nl, (050) 3633768
Language:	English and Dutch

Content

The pre-MSc programmes Accountancy and Controlling (pre-MSc A&C) give entry to the regular master programme Accountancy and Controlling. There are three programmes:

- a programme of 30 ECs for students with a University of Applied Sciences diploma (HBO) Accountancy (including Overall Test)
- a programme of 60 ECs for students with an HBO business economics diploma (or HBO Accountancy without Overall Test)
- a programme of 60 ECs for students with another HBO diploma

The programme focuses on the acquisition of academic knowledge, skills and insights into the areas of economics, business, accountancy and controlling. The emphasis lies on the reliability of information for the management of organisations and on being accountable for the executed policy to both internal and external stakeholders. To that end knowledge is required of and insight into the areas of organisation and management, financial accounting, management accounting, internal control and law. In addition, attention is required for scientific methods and techniques, and academic and practical skills. The programme promotes an analytical and critical approach of, usually, interdisciplinary organisational problems and develops expertise and skills to arrive at solutions that can be implemented.

Post-initial education

The pre-MSc A&C programmes give entry to the master programme Accountancy and Controlling and to following- on (theoretical) post- initial programmes:

- for registered accountant: Executive Master of Accountancy
- for registered controller: Executive Master of Finance and Control

These post-initial programmes are offered by the FEB. Direct admission to these post-initial programmes is only possible with the HBO Accountancy diploma and the completed pre-MSc programme Accountancy and Controlling for HBO Accountancy or the diploma HBO Business Economics and completed pre-MSc programme Accountancy and Controlling for HBO Business Economics, both in combination with the MSc in Accountancy and Controlling.

4.1.2 Degree programme pre-MSc Accountancy and Controlling

4.2 Other pre-MSc programmes FEB

4.2.1 Introduction

Programme director:	Dr Peter Smid, p.p.m.smid@rug.nl, (050) 3633668
Programme coordinator:	Dr Carel Huijgen, c.a.huijgen@rug.nl, (050) 3637206
Language:	English

Content

The FEB offers twelve English-taught one-year pre-MSc programmes (60 ECs) and one half-year pre-MSc programme (30 ECs), in preparation for the follow-on master's programmes of the faculty:

- Business Administration, profile Change Management
- Business Administration, profile Organizational & Management Control
- Business Administration, profile Small Business & Entrepreneurship
- Business Administration, profile Strategic Innovation Management
- Finance
- Human Resource Management
- International Business and Management
- International Financial Management
- International Economics and Business
- Marketing
- Supply Chain Management
- Technology and Operations Management
- Algemene Economie voor de Lerarenopleiding

The pre-MSc programmes are especially intended for students with a bachelor's degree of one of the NVAO accredited HBO programmes with a study load of 240 ECs. The pre-MSc programmes are also open to students with an accredited academic bachelor's degree, who do not immediately qualify for one of these MSc programmes, either from the Netherlands or abroad.

Each pre-MSc programme comprises a fixed, non master-specific core of 25 ECs, 15 of which will be offered in the first semester. There are also 35 ECs available for master-specific courses: 15 in the first semester and 20 in the second. A 'Research paper for Pre-MSc' of 10 ECs, offered in the second semester, is part of the programme. To be allowed to participate in this course 'Research paper for Pre-MSc', students need to have passed 'Mathematics for Pre-MSc' and 'Business Research Methods for Pre-MSc'.

After passing a pre-MSc programme, graduates will have the right to be admitted to the Master of Science that belongs to the chosen pre-MSc programme.

Students who have not completed the full programme at the end of the academic year, but have obtained at least 50 ECs of the programme, may continue the pre-MSc in the following year. After they have finished the remaining course(s) successfully, they will be admitted to the master.

Students who have not completed the full programme at the end of the academic year, and have obtained less than 50 ECs of the programme, can not continue the pre-MSc in the following year. If they still want to take the MSc (profile), then they will have to

register for the related FEB bachelor's degree. Failed pre-MSc may request exemptions on the basis of earlier training or experience for the courses that they did pass during their pre-MSc year from the board of examiners.

Programme structure

The programme is as follows:

Period	Course title	EC
1.1	Mathematics for Pre-MSc	5
	Master-specific courses	10
1.2	Business Research Methods for Pre-MSc	10
	Master-specific courses	5
2.1-2	Research paper for Pre-MSc	10
2.1	Master-specific courses	10
2.2	Master-specific courses	10

Additional information about each Pre-MSc programme can be found below.

4.2.2 Pre-MSc Business Administration

The Pre-MSc Business Administration (BA) consists of four different profiles: Change Management, Organizational & Management Control (O&MC), Small Business & Entrepreneurship (SB&E) and Strategic Innovation Management (SIM):

4.2.3 Pre-MSc BA - Change Management

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

4.2.16 Rules and choices pre-MSc programmes

Rules and choices Pre-MSc programmes	
Entry requirements for the pre-MSc programmes	See the Student Portal or art. 2.8 of the BSc TER.
Validity of admission to the pre-MSc programmes	Admission to the pre-MSc programmes is valid for one year and is only granted once. It will only be extended - for a maximum of one year - if at least 50 ECs from the pre-MSc programme have been obtained.
Entry requirements for the research papers for: <ul style="list-style-type: none"> • pre-MSc BA-CM • pre-MSc BA-O&MC • pre-MSc BA-SB&E • pre-MSc BA-SIM • pre-MSc Finance • pre-MSc HRM • pre-MSc IB&M • pre-MSc IE&B • pre-MSc IFM • pre-MSc Marketing • pre-MSc SCM • pre-MSC TOM 	<ul style="list-style-type: none"> • Students have passed Mathematics for pre-MSc (EBS002A05), and Business Research Methods for pre-MSc (EBS001A10) and • the pre-MSc programme has been approved.
Approval of the pre-MSc programme	Apply via ProGRESS WWW, no later than 6 weeks before starting the research paper.
Master's information days	http://www.rug.nl/news-and-events/events/open-days-introduction
Follow-on master programmes	Dependent of the choice of your pre-MSc programme
Entry requirements for the follow-on master's programmes	Completion of the pre-MSc programme
Starting dates for the follow-on master's programmes	1 September and 1 February.

5 Masteropleidingen / Master programmes

5.1 MSc Accountancy and Controlling

5.1.1 Programme description

Programme director:	Dr Sandra Tillema, s.tillema@rug.nl, (050) 3634539
Programme coordinator:	Ingrid Luttmer-Noest, i.m.luttmer-noest@rug.nl, (050) 3633768
Secretary:	Anna van der Voort-Toisuta, e.h.van.der.voort-toisuta@rug.nl, (050) 3633768
Language:	English

Content

The MSc Accountancy and Controlling (MSc A&C) focuses on the reliability of information and on accountability of the implemented policy, both to internal and external stakeholders. The Accountancy profile of the programme specifically focuses on information for the benefit of external stakeholders, whereas the Controlling profile is mainly aimed at providing information to internal stakeholders.

The aim of the MSc A&C is that students gain more in-depth academic knowledge and insight in the main fields of accountancy and controlling (financial accounting and internal control for both profiles; auditing for the Accountancy profile in the programme; management accounting & control for the Controlling profile). The MSc A&C links up with the Executive Master's Accountancy (EMA - for students with the Accountancy profile) and with the Executive Master of Finance and Control (EMFC - for students with the Controlling profile).

The BSc Business Administration-profile Accountancy & Controlling contains introductory courses in the fields of auditing, financial accounting, internal control and management accounting. In the MSc A&C the student's introductory knowledge in these fields is deepened in courses as risk management, auditing research and research in accounting and control. Aimed at the position of the accountant a further deepening in the areas of financial accounting and auditing will take place in this master's programme. Aimed at the position of the controller a further deepening will be offered in the areas of accounting & control and finance. The programme for both profiles will be rounded off with a master's thesis.

There are two intakes per academic year for the MSc A&C: September and February.

Double degree programme

See section [5.2](#).

Career perspectives

Taking the broad basis of business studies and the specialization in the areas of accountancy and controlling into consideration the master's diploma of both tracks offers various opportunities for positions in trade and industry; such as financial manager, information manager, head of administration, system designer, auditor and controller.

Post-initial programmes FEB

The majority of graduates will choose the follow-on post-initial EMA programme of 18 months (part-time) leading to chartered accountant (RA), or the 2.5 year (part-time) post-initial EMFC programme leading to chartered controller (RC).

The post-initial EMA programme leading to the position of chartered accountant can be taken simultaneously with a (compulsory) three-year practice internship at an auditing firm. More information about this can be obtained from the above-mentioned coordinator.

The post-initial EMFC programme that trains for the position of chartered controller can be taken after gaining some experience in the position of (assistant) controller. Further information about this programme can be obtained from the secretariat of the Controllers programme, tel. (050) 3637297.

5.1.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

5.1.4 Substitution and transition regulations

Three options can be distinguished in the substitution regulations:

- Option 1: With respect to content, the substitution course does not differ or differs hardly from the course in the old programme. Although, name, course code, language of instruction or semester block may have changed. In case the block has changed students can only take the substitution course in the new block; also the (resit) examination can only be taken in the new block.
- Option 2: The substitution course differs, in respect of content (a lot) from the course in the old programme. In that case, the student has a choice to either take the substitution course and to also take the exam in the substitution course or to take the resit examination of the course in the old programme. In 2017-2018 there will be two opportunities to take this resit. The resit examinations for the old programme will be scheduled parallel with the regular examinations of the substitution course.
- Option 3: There is no substitution course replacing a course of the old programme. In that case two resit opportunities will be offered in 2017-2018 for the course of the old programme. The examination periods may deviate from those of the academic year 2016-2017.

MSc A&C substitution regulation 2017-2018				
course in OLD programme (2016-2017)	sem. 16-17	substitution course(s) in NEW programme (2017-2018)	sem. 17-18	option and explanation
Enterprise Risk Management EBM157A05	Year 1, block 1.2 and 2.2	IT in Control EBM191A05	Year 1, block 1.2 and 2.2	Option 2

MSc A&C transition regulation 2017-2018		
course in NEW programme (2017-2018)	sem. 17-18	course(s) in OLD programme(s) that (if completed) may replace the new course

5.2 DD programme MSc Accountancy and Controlling

5.2.1 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek. t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases.

For phase one students enrol in one of the following MSc programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB.

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	<p>The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme.</p> <p>When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.</p>

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

Taking the broad basis of business studies and the specialization in the areas of accountancy and controlling into consideration the master's diploma of both tracks offers various opportunities for positions in trade and industry; such as financial manager, information manager, head of administration, system designer, auditor and controller.

5.3 MSc BA - Change Management

5.3.1 Programme description

Programme director:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Programme coordinator:	Dr Cees Reezigt, c.reezigt@rug.nl, (050) 3633858
Secretary:	Jeannette Wiersema, j.m.wiersema@rug.nl, (050) 3636543
Language:	English

Content

Changing, i.e. responding to market and other developments, tends to be essential for the survival of today's organizations. To organize is to change and to change is to organize. In the past, change management was a subject only addressed incidentally: once a business had been through a process of change, it was time for a period of consolidation. However, nowadays change is a crucial and permanently topical matter for organizations. This, in turn, creates a need for change experts, who know how to design and how to manage change processes that simultaneously take place in areas such as business processes, information technology, strategy, leadership style and human resource management. The MSc Business Administration-Change Management profile (MSc BA-CM) will train these experts.

As participants in this programme students gain insight into the processes behind change, the impact that changes may have on an organization and its members and the role change managers (line managers or internal or external consultants) may play in this. More specifically, students will learn about different change strategies that have been developed, including intervention tools that are helpful for implementing those strategies. They will also acquire the communicative and social skills needed to manage change programmes, on individual, group as well as organization levels. Furthermore, they will learn how to conduct research into change management related subjects.

To fulfil the programme requirements, students need to follow:

- four profile-specific, mandatory courses (5 ECs each, 20 ECs in total):
 - Theories and Approaches of Change Management
 - Change & Human factors
 - Managing Technological Change
 - Agents and Instruments of Change
- three electives of 5 ECs
- Research & Skills for MSc BA (5 ECs)
- Master thesis (20 ECs)

The course 'Research & Skills for MSc BA' prepares students for the writing of their thesis and helps them to link theory to practice and research.

Students will train and develop their academic, social and communication skills and form an academic attitude. A combination of teaching methods is used, including lectures, seminars, tutorials, case studies and projects. Assessment is through essays, exams, reports, case studies, industry-based assignments, presentations and a master thesis.

The MSc BA-CM starts twice a year: in September and February.

Double degree programme

See section [5.4](#).

Career prospects

After completing the master's degree, graduates are able to work independently as a change manager within organizations. They are flexible and can develop in many directions, for example through consultancy projects. They can start working as a management trainee, an internal consultant, a policy consultant or as a member of a project team in profit as well as non-profit organizations. A quarter of all graduates of Business Administration find jobs in consultancy. Graduates of MSc BA-CM are particularly well equipped for this.

5.4 DD programme MSc BA-Change Management

5.4.1 Programme description DD with Sun Yat-sen Business School

Programme coordinator:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Secretariat:	Mirjam Berghuis, m.berghuis@rug.nl, (050) 3633543

Programme profile

The Sun Yat-sen University was founded in 1924, and is located in Guangzhou, China. The university is consistently ranked among the top 10 universities in China. It hosts four campuses, and has modern buildings (including a huge university library). The faculty of the Sun Yat-sen Business School (SYSBS) provides undergraduate and graduate education in managerial science. It employs around 120 full-time faculty staff, who teach to 4000 students (of which 2000 master degree students). It is Triple Crown Accredited (AACSB, EQUIS, AMBA), and ranked number 43 of the business schools in 2015, and ranked 7 within the business schools of China.

In this DD programme, students obtain two masters (MSc Business Administration from UG, Master in Management from SYSBS) at two renowned universities. It aims to provide – in addition to the academic experience in Groningen – a unique Chinese experience to students, in which they become familiar with the culture, language and business practices that are useful for global businesses operating in or doing business with China.

The Master in Management is of high academic quality, but also has a strong practice-oriented focus. Students can apply the theoretical knowledge learned at the MSc BA (UG) in a new business environment. They can experience the welcoming Chinese environment, and practice speaking and working with Chinese people; such experiences are highly valued by international firms.

Programme structure

MSc DD MSc BA with SYSBS*			
Master's Year 1		Master's Year 2	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (SYSBS)	Semester 4 (SYSBS)
30 ECs MSc BA (CM, O&MC, SB&E, SIM) programme at FEB	30 ECs MSc BA programme at FEB	An Introduction to China (6) Chinese Language (4) Negotiation with Chinese (2) (workload 12 credits)	Thesis Micro-organizational behavior in the Chinese context (2) Work family and life in the Chinese and Global Contexts (2)

* Students from SYSBS will reverse the order; that is follow semesters 1-2 in China and semesters 3-4 in the Netherlands.

What will students learn?

Having completed this DD, graduates will have:

- Academic knowledge and expertise in solving complex business problems in the field of Change Management, Organizational and Management Control, Small

Business and Entrepreneurship, or Strategic Innovation Management, and solve complex business problems

- Basic knowledge of Chinese language, and advanced knowledge of Chinese business strategy, behaviors, and customs
- The experience of having worked and interacted in a Chinese business context, interacting in a truly international environment, and studying at a renowned Asian University

Key facts

Start of programme:	1 September*
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc Business Administration (UG) and • Master in Management (Sun Yat-sen University Business School) <p>Graduates will receive two degrees on which it will be noted that the respective degrees are awarded within the framework of the DD between Sun Yat-sen University and the UG.</p>
Admission:	<p>The admission requirements for this the Master in Management (SYSBS) are similar to those for the MScBA. Students need to:</p> <ul style="list-style-type: none"> • complete the MSc BA programme • have sufficient English proficiency: TOEFL IBT test with a score of 90 (no sub scores required) or IELTS 6.5).
Application:	<p>For students not yet enrolled in the MSc BA, please go to: www.rug.nl/howtoapply. The application deadline (via Studielink and OAS) is 1 May. The application deadline for SYSBS is 14 April (contact: t.l.j.broekhuizen@rug.nl).</p>
Tuition fees:	www.rug.nl/feb/education/doubleddegrees/tuition

* Two entry moments exist for the Groningen MSc BA programme (September or February). One entry moment exists for the SYSBS Master in Management programme: September.

Career prospects

This DD has been designed for individuals who aspire to a career in national, international or multinational institutions and enterprises.

5.5 MSc BA-Organizational & Management Control

5.5.1 Programme description

Programme director:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Programme coordinator:	Dr Sandra Tillema, s.tillema@rug.nl, (050) 3634539
Secretariat:	Jessica Bakker MA, i.j.bakker@rug.nl, (050) 3633535
Language:	English

Content

The MSc Business Administration-Organizational & Management Control profile (MSc BA-O&MC) enables students to become a financial expert who supports managers in their decision making and control processes. Students gain knowledge about accounting and financial management techniques. These techniques are used to provide (non-) financial information and to develop planning and control systems. They will be placed in a context of broader issues, such as strategy and culture, and special attention will be paid to changes in systems and techniques. Students also develop skills needed to communicate the information in an effective manner.

Students will explore subjects like management accounting, financial management, management control and management of change. Depending on their personal preferences, they can choose electives, for example, from the fields of business ethics, HRM, ICT, healthcare, marketing and operations. A combination of teaching and assessment methods is used.

To fulfil the programme requirements, students need to follow:
four profile-specific, mandatory courses (5 ECs each, 20 ECs in total):

- Management Accounting Techniques
- Management Accounting Change
- Financial Management for O&MC
- Research in Management Control

Furthermore, students need to choose:

- three electives (5 ECs each, 15 ECs in total)
- Research & Skills for MSc BA (5 ECs)
- Master thesis (20 ECs)

The course 'Research & Skills for MSc BA' prepares students for the writing of their thesis and helps them to link theory to practice and research.

The MSc BA-O&MC starts twice a year: in September and February.

Double degree programme

See section [5.6](#).

Career prospects

Graduates of the MSc BA-O&MC profile may find job opportunities in national and international companies, non-profit organizations or government institutions. This

includes positions as: (business-unit) controller, financial officer, management consultant, assistant manager, management trainee, project manager and researcher.

5.5.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

Programme: MSc BA-Organizational & Management Control/O&MC

5.6 DD programme MSc in BA-O&MC

5.6.1 Programme description DD with Sun Yat-sen Business School

Programme coordinator:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Secretariat:	Mirjam Berghuis, m.berghuis@rug.nl, (050) 3633543

Programme profile

The Sun Yat-sen University was founded in 1924, and is located in Guangzhou, China. The university is consistently ranked among the top 10 universities in China. It hosts four campuses, and has modern buildings (including a huge university library). The faculty of the Sun Yat-sen Business School (SYSBS) provides undergraduate and graduate education in managerial science. It employs around 120 full-time faculty staff, who teach to 4000 students (of which 2000 master degree students). It is Triple Crown Accredited (AACSB, EQUIS, AMBA), and ranked number 43 of the business schools in 2015, and ranked 7 within the business schools of China.

In this DD programme, students obtain two masters (MSc in Business Administration from UG, Master in Management from SYSBS) at two renowned universities. It aims to provide – in addition to the academic experience in Groningen – a unique Chinese experience to students, in which they become familiar with the culture, language and business practices that are useful for global businesses operating in or doing business with China.

The Master in Management is of high academic quality, but also has a strong practice-oriented focus. Students can apply the theoretical knowledge learned at the MSc BA (UG) in a new business environment. They can experience the welcoming Chinese environment, and practice speaking and working with Chinese people; such experiences are highly valued by international firms.

Programme structure

MSc DD MSc BA with SYSBS*			
Master's Year 1		Master's Year 2	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (SYSBS)	Semester 4 (SYSBS)
30 ECs MSc BA (CM, O&MC, SB&E, SIM) programme at FEB	30 ECs MSc BA programme at FEB	An Introduction to China (6) Chinese Language (4) Negotiation with Chinese (2) (workload 12 credits)	Thesis Micro-organizational behavior in the Chinese context (2) Work family and life in the Chinese and Global Contexts (2)

* Students from SYSBS will reverse the order; that is follow semesters 1-2 in China and semesters 3-4 in the Netherlands.

What will students learn?

Having completed this DD, graduates will have:

- Academic knowledge and expertise in solving complex business problems in the field of Change Management, Organizational and Management Control, Small

- Business and Entrepreneurship, or Strategic Innovation Management, and solve complex business problems
- Basic knowledge of Chinese language, and advanced knowledge of Chinese business strategy, behaviors, and customs
 - The experience of having worked and interacted in a Chinese business context, interacting in a truly international environment, and studying at a renowned Asian University

5.7 MSc BA-Small Business & Entrepreneurship

5.7.1 Programme description

Programme director:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Programme coordinator:	Dr Evelien Croonen, e.p.m.croonen@rug.nl, (050) 3637236
Secretariat:	Mirjam Berghuis, m.berghuis@rug.nl, (050) 3633453
Language:	English

Content

The MSc Business Administration-Small Business Entrepreneurship (MSc BA-SB&E) focuses on small and medium sized enterprises (SMEs) and entrepreneurship. Students receive academic training to gain a comprehensive understanding of theories on SMEs and entrepreneurship at different but interrelated levels of analysis, namely the micro, meso and macro level.

At the micro level students learn about the strategic and managerial issues of SMEs and entrepreneurial firms, and how these affect firm performance. Moreover, students gain an insight into how the individual characteristics of small business owners and entrepreneurs (such as motivations, goals and traits) affect strategy, management and ultimately performance of their firms. At the meso level students focus on managing the competitive position of SMEs and entrepreneurial firms within an industry, for example by analyzing the business environment and conducting an extensive resource analysis. Finally, at the macro level, students learn about the role of SMEs and entrepreneurship in different societies and implications for policy making.

After completing this programme graduates will have acquired relevant theoretical knowledge on SMEs and entrepreneurship at different levels, but the program also provides students with opportunities to apply their knowledge to practice, for example by doing assignments at companies and attending guest lectures. However, students have to be aware that the main focus of the program is on acquiring academic knowledge; the program does not provide a step-by-step guide on how to start-up and run a business.

To fulfil the programme requirements, students need to follow:

- Five profile-specific, mandatory courses (5 ECs each, 25 ECs in total):
 - Small Business Management
 - Strategic Analysis for Small Business
 - New Ventures & Entrepreneurship
 - Small Business Economics & Policy
 - Business Diagnosis and Design
- Two electives (5 ECs each, 10 ECs in total)
- Research & Skills for MSc BA (5 ECs)
- Master thesis (20 ECs)

The course 'Research & Skills for MSc BA' prepares students for the writing of their thesis, and helps them to link theory to practice and research.

The MSc BA-SB&E starts twice a year: in September and February.

Double degree programme

See section [5.8](#).

Career prospects

The MSc BA-SB&E profile is a good preparation for various career paths. First, the programme is highly relevant for students that want to become active in the SME sector, either as an independent small business owner, entrepreneur or manager. This may include taking over a (family) business. Second, the programme prepares for jobs within larger organizations that have SMEs or entrepreneurs as important stakeholders, such as consultancy firms, investors, banks, insurance firms, governmental organizations, or franchise organizations. A third possible career path is becoming an entrepreneurial employee within a larger organization that wants to renew, innovate and/or start corporate ventures (corporate entrepreneurship).

5.7.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

5.9 MSc BA-Strategic Innovation Management

5.9.1 Programme description

Programme director:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Programme coordinator:	Dr Killian McCarthy, k.j.mccarthy@rug.nl, (050) 3636810
Secretariat:	Mirjam Berghuis, m.berghuis@rug.nl, (050) 363 3453
Language:	English

Content

The MSc Business Administration-Strategic Innovation Management (MSc BA-SIM) focuses on the strategic management of innovation. Students will receive academic training to gain a comprehensive understanding of the strategic aspects of managing innovations - from the early development phase (idea generation, resource garnering, formation of strategic alliances) until the commercialization phase (launch, obtaining legitimacy, protecting and capturing value from innovations). In particular, they learn about the variety and importance of innovation, the complexity of organizing and managing innovations, the strategies to obtain early success and appropriate value from innovations.

The emphasis of MSc BA-SIM is on how organizations can successfully manage innovations at the intra-level (within the organization; organization and collaboration of (cross-functional) teams) and inter-level (between organizations: organization and collaboration between organizations and networks). To understand the context in which organizations have to strategically operate, students also learn about the influence of market characteristics and the role of competitors, consumers and institutional actors (regulators/policy makers and gatekeepers) in shaping innovation success. Finally, they will learn about how internal capabilities and resources can be coupled with strategies to influence innovation success.

To fulfil the programme requirements, students need to follow:

- four profile-specific, mandatory courses (5 ECs each, 20 ECs in total):
 - Organizing for Innovation
 - Strategy & Innovation Management
 - Capturing Value from Innovation
 - Cooperating for Innovation
- three electives (5 ECs each, 15 ECs in total)
- Research & Skills for MSc BA (5 ECs)
- Master thesis (20 ECs).

The course 'Research & Skills for MSc BA' prepares students for the writing of their thesis, and helps them to link theory to practice and research.

During the programme students train and develop their academic, social and communication skills and form an academic attitude. A combination of teaching methods is used, including lectures, seminars, tutorials, case studies and projects. Assessment is through essays, exams, reports, case studies, industry-based assignments, presentations and a master thesis. SIM students learn to apply a variety of qualitative and quantitative research methods.

The MSc BA-SIM starts twice a year: in September and February.

Double degree programme

See section [5.10](#).

Career prospects

After completing the MSc BA-SIM, graduates will understand the complex and unpredictable nature of managing innovations and they are able to apply acquired knowledge and research techniques to come up with relevant recommendations for strategic management to enhance an organization's innovation success. Future job opportunities are in the field of strategic management, innovation management, business development, consultancy and research - in both the private and public sector.

5.9.2 Degree programme

5.10 DD programme MSc BA-SIM

5.10.1 Programme description DD with Sun Yat-sen Business School

Programme coordinator:	Dr Thijs Broekhuizen, t.l.j.broekhuizen@rug.nl, (050) 3633777
Secretariat:	Mirjam Berghuis, m.berghuis@rug.nl, (050) 3633543

Programme profile

The Sun Yat-sen University was founded in 1924, and is located in Guangzhou, China. The university is consistently ranked among the top 10 universities in China. It hosts four campuses, and has modern buildings (including a huge university library). The faculty of the Sun Yat-sen Business School (SYSBS) provides undergraduate and graduate education in managerial science. It employs around 120 full-time faculty staff, who teach to 4000 students (of which 2000 master degree students). It is Triple Crown Accredited (AACSB, EQUIS, AMBA), and ranked number 43 of the business schools in 2015, and ranked 7 within the business schools of China.

In this DD programme, students obtain two masters (MSc in Business Administration from UG, Master in Management from SYSBS) at two renowned universities. It aims to provide – in addition to the academic experience in Groningen – a unique Chinese experience to students, in which they become familiar with the culture, language and business practices that are useful for global businesses operating in or doing business with China.

The Master in Management is of high academic quality, but also has a strong practice-oriented focus. Students can apply the theoretical knowledge learned at the MSc BA (UG) in a new business environment. They can experience the welcoming Chinese environment, and practice speaking and working with Chinese people; such experiences are highly valued by international firms.

Programme structure

MSc DD MSc BA with SYSBS*			
Master's Year 1		Master's Year 2	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (SYSBS)	Semester 4 (SYSBS)
30 ECs MSc BA (CM, O&MC, SB&E, SIM) programme at FEB	30 ECs MSc BA programme at FEB	An Introduction to China (6) Chinese Language (4) Negotiation with Chinese (2) (workload 12 credits)	Thesis Micro-organizational behavior in the Chinese context (2) Work family and life in the Chinese and Global Contexts (2)

* Students from SYSBS will reverse the order; that is follow semesters 1-2 in China and semesters 3-4 in the Netherlands.

What will students learn?

Having completed this DD, graduates will have:

- Academic knowledge and expertise in solving complex business problems in the field of Change Management, Organizational and Management Control, Small

- Business and Entrepreneurship, or Strategic Innovation Management, and solve complex business problems
- Basic knowledge of Chinese language, and advanced knowledge of Chinese business strategy, behaviors, and customs
 - The experience of having worked and interacted in a Chinese business context, interacting in a truly international environment, and studying at a renowned Asian University

Key facts

Start of programme:	1 September*
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc Business Administration (UG) and • Master in Management (Sun Yat-sen University Business School) <p>Graduates will receive two degrees on which it will be noted that the respective degrees are awarded within the framework of the DD between Sun Yat-sen University and the UG.</p>
Admission:	<p>The admission requirements for this the Master in Management (SYSBS) are similar to those for the MScBA. Students need to:</p> <ul style="list-style-type: none"> • complete the MSc BA programme • have sufficient English proficiency: TOEFL IBT test with a score of 90 (no sub scores required) or IELTS 6.5).
Application:	<p>For students not yet enrolled in the MSc BA, please go to: www.rug.nl/howtoapply. The application deadline (via Studielink and OAS) is 1 May. The application deadline for SYSBS is 14 April (contact: t.l.j.broekhuizen@rug.nl).</p>
Tuition fees:	www.rug.nl/feb/education/doubleddegrees/tuition

* Two entry moments exist for the Groningen MSc BA programme (September or February). One entry moment exists for the SYSBS Master in Management programme: September.

Career prospects

This DD has been designed for individuals who aspire to a career in national, international or multinational institutions and enterprises.

5.11 MSc Econometrics, Operations Research & Actuarial Studies

5.11.1 Programme description

Programme director:	Prof. Marco Haan, m.a.haan@rug.nl, (050) 3637327
Programme coordinator:	Dr Nicky van Foreest n.d.van.foreest@rug.nl, (050) 3635178
Secretariat:	Martine Geerlings-Koolman, m.a.koolman@rug.nl, (050) 3637018
Language:	English

Content

The MSc Econometrics, Operations Research & Actuarial Studies (MSc EORAS) aims at the description and analysis of problems in economics, management and related areas through mathematical models. Acquiring a research-oriented attitude, on the one hand, and knowledge of the most important models used, on the other, form the main ingredients of the programme, together with the ability to transform the outcome of the models into relevant results for the field of application.

The **profile Actuarial Studies** is especially concerned with topics related to insurance: life insurance, risk insurance and reinsurance. Insurance is closely related to investment strategies, social security, negotiations between employers and employees on pensions, etc. The intrinsic uncertainties in the field make tools such as econometrics and statistics indispensable.

The curriculum consists of three advanced actuarial courses, three courses to be chosen from the complete set of courses for the MSc EORAS, two quantitative electives and a master's thesis. The topic of the master's thesis must be in the field of actuarial science.

The **profile Econometrics** is especially concerned with the interpretation of observed (economic) data. A data set is modelled in order to find or verify relations within it, either for simulation or forecasting, or for policy decisions. Traditionally macroeconomics has been an important field of application for econometrics. Modern econometrics, however, also considers applications in other fields such as financial economics, marketing or consumer behaviour.

The curriculum consists of three advanced econometric courses, three courses to be chosen from the complete set of courses for the MSc EORAS, two quantitative electives and a master's thesis. The topic of the master's thesis has to be in the field of econometrics, statistics or mathematical economics.

The **profile Operations Research** is especially concerned with decision problems in e.g. logistics and finance, such as vehicle routing, time schedules for railway systems, supply management, production planning, service planning, queuing, investment, portfolio management or asset liability management. Both deterministic and stochastic models are used.

The curriculum consists of three advanced operations research courses, three courses to be chosen from the complete set of courses for the MSc EORAS, two quantitative electives and a master's thesis. The topic of the master's thesis has to be in the field of operations research.

The MSc EORAS starts twice a year: in September (preferred in view of intended order of modules and feasibility of internship) and February.

Double degree programme

See section [5.12](#).

Career prospects

Graduates generally are very successful in finding a job. Acquiring a PhD position is a possibility as well as employment in institutions or companies.

Graduates in actuarial studies:

- PhD positions in actuarial science, statistics, economics, management sciences or one of the social sciences
- Financial institutions such as banks, insurance companies and pension funds
- An actuary (Actuaris AG) by following additional courses at the Actuariële Genootschap

Graduates in econometrics:

- PhD positions in econometrics, economics, statistics, or one of the social sciences
- Traditional institutions such as CBS and government
- Financial institutions such as banks, insurance companies and pension funds

Graduates in operations research:

- PhD positions in operations research, management sciences or one of the social sciences
- Almost all large companies, hospitals, TNO, state departments such as the Ministry of Infrastructure and Environment (Rijkswaterstaat), (OR) consultancy firms

5.11.3 Rules and choices

Rules and choices MSc EORAS	
Master's information days	http://www.rug.nl/news-and-events/events/open-days-introduction
Entry requirements for the master's programme	<ul style="list-style-type: none"> Bachelor's degree in Econometrics and Operations Research (UG), and sufficient command of English. <p>For entry requirements with other bachelor's degrees, see Section 2 of the MSc TER.</p>
Starting dates for the master's programme	1 September (preferred) and 1 February
Entry requirements for master's courses	See the course descriptions in Ocasys
Entry requirements for the master's thesis	<ul style="list-style-type: none"> The master's programme has been approved, and at least 20 ECs from the master's programme have been obtained.
Approval of the master's programme	Apply via ProgRESS WWW, no later than 6 weeks before starting the master's thesis.

5.11.4 Substitution regulation

Three options can be distinguished in the substitution regulations:

- Option 1: With respect to content, the substitution course does not differ or differs hardly from the course in the old programme. Although, name, course code, language of instruction or semester block may have changed. In case the block has changed students can only take the substitution course in the new block; also the (resit) examination can only be taken in the new block.
- Option 2: The substitution course differs, in respect of content (a lot) from the course in the old programme. In that case, the student has a choice to either take the substitution course and to also take the exam in the substitution course or to take the resit examination of the course in the old programme. In 2017-2018 there will be two opportunities to take this resit. The resit examinations for the old programme will be scheduled parallel with the regular examinations of the substitution course.
- Option 3: There is no substitution course replacing a course of the old programme. In that case two resit opportunities will be offered in 2017-2018 for the course of the old programme. The examination periods may deviate from those of the academic year 2016-2017.

MSc EORAS substitution regulation 2017-2018

5.12 DD programme MSc EORAS

5.12.1 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek. t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one of the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB.

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme. When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

5.13 MSc Economics

5.13.1 Programme description

Programme director:	Prof. Marco Haan, m.a.haan@rug.nl, (050) 3637327
Programme coordinator:	Prof. Paul Elhorst, j.p.elhorst@rug.nl, (050) 3633893
Secretariat:	<ul style="list-style-type: none"> • Martine Geerlings-Koolman, m.a.koolman@rug.nl, (050) 3637018 • Marianne Fry m.fry@rug.nl, (050) 3637018
Language:	English

Content

Graduates of the MSc Economics are able to apply advanced economic theory so as to analyse economic issues related to society at large. The programme trains students for positions in which they contribute as economists to decision-making in (inter)national government bodies, public organizations and private corporations such as financial institutions, multinationals and consultancy firms.

The objective of the programme is to teach students economic theory at a high analytical level. The main focus is on contemporary economic theories in core fields of the economics discipline. An additional goal is to familiarize students with the application of theory and research methods to economic practice and economic policy. Such a combination of rigorous academic thinking with practical application is essential for any professional active in the fields of economics policy or research. Finally, students of the programme must be able to conduct economic research.

English is the language of teaching and communication. The international character of the programme is further demonstrated by the fact that the best international textbooks available are used. In the various courses, students study papers published in prominent academic journals in order to keep up with the latest developments. Courses are taught by specialists who have an international reputation in their field of research and/or a key role in public debates.

Students of the MSc Economics can focus on one of two themes - Microeconomics of Markets and Incentives or Macroeconomic Theory and Policy - by choosing certain specific elective courses (see Ocasys) and writing their master's thesis on a topic from that theme. Students receive a certificate as a supplement to their degree, indicating that in their master studies they have specialized in one of these two themes. Students focusing on the first theme will gain a thorough understanding of the incentives that shape the economic decision-making of individuals, households and firms. Students focusing on the second theme will obtain a thorough understanding of the structure of and changes in the aggregate economy. In addition to this, students can obtain an energy certificate if they follow three master courses in energy.

The MSc Economics starts twice a year: in September and February.

Double degree programmes

See section [5.14](#).

Career prospects

Economists are employed in many different types of companies, institutions and organizations. Some examples of career opportunities for graduates are:

- Financial institutions: banks, pension funds and insurance companies are important employers of economists. Examples are: De Nederlandsche Bank (the Netherlands Central Bank), the European Central Bank, commercial banks such as ABN-AMRO, ING and Rabobank and insurance companies such as AEGON
- Government: economists work for all Ministries, in particular for the Ministry for Economic Affairs (including the CPB Netherlands Bureau for Economic Policy Analysis), Ministry of Finance, Ministry of Social Affairs and Employment and the Ministry for Housing, Regional Development and the Environment
- Companies such as Shell, Unilever, Philips and Gasunie
- Universities in the Netherlands and abroad
- International organizations such as the OECD, the IMF, the World Bank, the EU and the European Central Bank
- Local authorities such as provinces and municipalities
- Institutions for applied research, such as the CBS (Statistics Netherlands), the Algemene Rekenkamer (the Netherlands Audit Office), TNO and the Social and Cultural Planning Office

Economists are employed in various areas of work:

- scientific or policy-orientated research (DNB, CPB, OECD, IMF)
- policy-making: mainly in large organizations
- management: especially in businesses
- applied research (NEI, TNO and research bureaus)
- education
- journalism

5.14 DD programmes MSc Economics

5.14.1 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek. t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB .

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 EC advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CC elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	<p>The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme.</p> <p>When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.</p>

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.

5.14.3 Programme description DD with Universidad de Chile (1.5 year)

Programme director:	Prof. Marco Haan, m.a.haan@rug.nl, (050) 3637327
Programme coordinator:	Prof. Paul Elhorst, j.p.elhorst@rug.nl, (050) 3633893
Language:	English

The Faculty of Economics and Business (Facultad de Economía y Negocios, FEN), founded in 1934, is one of Latin America's leading business schools. The faculty offers first-class, internationally competitive education in business administration, economics, information systems & management control and auditing, on a bachelor and masters level, along with a range of MBA programs, a highly regarded Economics PhD and flexible executive education.

Double degree programme details

The Master Economic Analysis offered by FEN aims to tackle the problems and challenges of emerging economies from an applied perspective. The programme trains economic experts and provide them with excellent skills enabling them to analyse policies and economic decisions, both in public and private areas. The programme, which started in 2011, is taught by experts holding PhD degrees from the best universities in the world, such as Harvard University, Massachusetts Institute of Technology, University of California (Berkeley), Oxford University, Yale University and the University of Cambridge. Several of these experts have professional experience in the design of public policies and have worked for international organizations such as the World Bank, the Inter-American Development Bank and the United Nations. Graduates of the programme will be able to work as consultants or staff for multilateral organizations, governments and private institutions in the private sector. The World Bank rated the programme as "preferred university" programme, a categorization enabling students to apply for scholarships provided by this organization.

MSc Economics graduates seeking a career as economists in multilateral organizations such as the World Bank, IMF, etc., governmental departments dealing with multinational economic co-operation and/or internationally operating financial and/or consultancy firms should be trained in the economics of policy making and policy design. They should furthermore have knowledge of the economic and monetary policies and political economics of leading nations and recognise trends in the world economy. The double degree master's programme Economics/Economic Analysis consists of the one year MSc Economics programme offered by FEB and part of the Master Economic Analysis programme offered by FEN.

The programme consists of two parts. Students who start the programme in Groningen enrol in the MSc Economics. On successful completion of the master's programme (equivalent to 60 ECs, i.e. two semesters of 30 ECs), students deregister from the FEB and continue their studies at FEN, where they complete another six months of study (i.e. one semester), equivalent to 30 ECs. After finishing their course work at FEN, they have completed 90 ECs (including the master thesis) for which they receive degrees from both universities. FEN will recognize the courses and thesis completed during the two semesters at the UG-FEB as counting for their own Master Economic Analysis degree. After successfully completing the courses during the semester at FEN, students will obtain the Master Economic Analysis degree. Which courses students take during this semester depends on the electives they chose at the UG. In order to satisfy the FEN

graduation requirements, during the three semesters, students need to complete at least two courses in macroeconomics; two courses in microeconomics; two courses in econometrics and three elective courses.

Students starting at the FEN enrol in the Master Economic Analysis and complete one year of course work (equivalent to 60 ECs), after which they are eligible for enrolment in the second semester of the MSc Economics at FEB. After completing this semester in Groningen, equivalent to 30 ECs, they have completed 90 ECs (including the master thesis) for which they receive degrees from both universities. On completion of the first year of the Master Economic Analysis at the FEN students enter the second semester of the MSc Economics at FEB. They can choose from different electives depending on the electives they chose in the first year of their studies at the FEN. Moreover, during their stay at the FEB they write their master's thesis. In order to satisfy the FEN graduation requirements, during the three semesters students need to complete at least two courses in macroeconomics; two courses in microeconomics; two courses in econometrics and three elective courses.

The DD programme offers students an opportunity to gain comprehensive knowledge of the problems and challenges of emerging economies from an applied point of view. Students are trained to analyse policies and economic decisions, both in public and private areas. In addition, students have the opportunity to experience international student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures and to graduate after 18 months with two nationally and internationally recognised master's degrees from two outstanding, research-driven institutions in Chile and The Netherlands.

Programme structure

For students from FEB:

DD MSc Economics – Master in Economic Analysis, Universidad de Chile, Santiago		
Master's Year 1 (60 ECs)		Master's Year 2 (30 ECs)
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FEN)
15 ECs compulsory and 15 ECs elective courses MSc Economics = 30 ECs	10 ECs elective courses MSc Economics, 20 ECs Master's thesis = 30 ECs	5 elective courses = 30 ECs; which courses students take in the third semester depends on the electives they chose in the first two semesters at FEB. In order to satisfy the FEN graduation requirements, during the three semesters, students need to complete at least: 2 courses in macroeconomics; 2 courses in microeconomics; 2 courses in econometrics and three elective courses

For students from Chile:

DD MSc Economics – Master in Economic Analysis, Universidad de Chile, Santiago		
Master's Year 1 (48 ECs)		Master's Year 2 (30 ECs)
Semester 1 (FEN)	Semester 2 (FEN)	Semester 3 (FEB)
4 core and elective courses = 24 ECs	4 core and elective courses = 24 ECs	2 elective courses (= 10 ECs); 20 ECs Master's thesis = 30 ECs; which courses students take in the third semester depends on the electives they chose in the first two semesters at FEN. In order to satisfy the FEN graduation requirements, during the three semesters, students need to complete at least: 2 courses in macroeconomics; 2 courses in microeconomics; 2 courses in econometrics and three elective courses

What will students learn?

Having completed this DD, graduates will have:

- knowledge and expertise in the ways individual, group and organizational factors influence organizational performance, problem solving and strategic decision making
- insight into the consequences of globalisation for multinational enterprises and the socio-economic and institutional differences between countries, in particular differences between European countries and emerging economies (specifically those in Latin America)
- the ability to apply the tools of modern economic analysis to issues of development policy
- acquired analytical skills in an international context;
- the capacity to evaluate critically different approaches to development analysis and policy
- comprehensive knowledge of the economy and policy making, especially in the context of emerging economies and
- the qualifications to enter PhD programmes and work in international research institutions

Key facts

Start of programme:	1 September (for students from FEB) 2nd week of March (for students from Chile)
Duration (in semesters):	3
Total credits:	90 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) in Economics (UG) and • Master in Economic Analysis (Universidad de Chile)

Admission:	<ul style="list-style-type: none"> For the students from FEB: The admission requirements for this programme are identical to the admission requirements for the MSc Economics. In selecting candidates, the selection committee(s) will take account of factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving emerging economies. For students from Chile: The admission requirements for this programme are identical to the admission requirements for the Master in Economic Analysis
Application:	<ul style="list-style-type: none"> For the students from FEB: Students who are already registered in the MSc Economics can contact Prof. J.P. Elhorst (j.p.elhorst@rug.nl). Application deadline for students already enrolled at UG-FEB (as Bachelor or Master student): 1 January. All other students can apply online. Please go to: www.rug.nl/howtoapply. The general application deadlines apply. For the students from Chile: Application deadline: 1 November.
Tuition fees	www.rug.nl/feb/education/doubledegrees/tuition

Specific progression requirements for the DD

For legal reasons students from FEB who want to participate in the programme will be registered as FEN students in January of the year after they start their FEB MSc Economics programme. However, they will only be allowed to actually start the FEN part of the programme after they have completed all the work for the MSc Economics at the FEB in June. This includes the master's thesis project, which consists of writing an academic research paper and attending a research seminar. At FEN, they follow the courses of the FEN's Master Economic Analysis in FEN semester 2 (i.e. July-December). After successfully completing the courses in this semester, they will obtain the degree from the Universidad de Chile, assuming that the courses in macroeconomics, microeconomics, econometrics plus at least two electives, as well as the thesis they have completed for the MSc Economics at the FEB are accepted by FEN.

Students from FEN can only enrol in the FEB's MSc Economics after they have completed the courses of semester 1 and 2 (total 48 credits) of the Master Economic Analysis at FEN in December. They follow the courses of the FEB's Master Economics in FEB's semester 2 (i.e. February-June), which means that they follow at least two of the four economics courses offered during this semester and that they write their master's thesis. The master's thesis project consists of writing an academic research paper plus a research seminar. After successfully completing the courses and the master's thesis in this semester, they will obtain the degree from the University of Groningen. Students who start the programme at FEN also need to satisfy the regular FEB English language requirements by the time they come to Groningen (i.e. IELTS 6.5 or TOEFL 580 or equivalent). Students who start their programme at FEB will automatically satisfy FEN's English language requirements.

Career prospects

This DD has been designed for individuals who aspire to a career in national, international, multinational or transnational institutions and enterprises such as:

- international economist, financial expert and/or strategy expert in a multinational corporation
- staff member with an (inter)national governmental organisations such as IMF, Worldbank, OECD, WTO, ECB, ODI or the EU
- professional economist on development, Latin American transition economic issues in international agencies, governments or the private sector
- economic or financial consultant with an (inter)national governmental organization and
- business consultant with an internationally operating consultancy firm

5.15 MSc Finance

5.15.1 Programme description

Programme director:	Dr Viola Angelini, v.angelini@rug.nl, (050) 3633852
Programme coordinator:	Dr Auke Plantinga, a.plantinga@rug.nl, (050) 3633685
Secretary:	Grietje Pol, g.pol@rug.nl, (050) 3633685
Language:	English

Content

By choosing the MSc Finance, students acquire knowledge, understanding and skills required to analyse and evaluate real and complex financial problems of companies and institutions and to design solutions for these problems. They will gain advanced academic knowledge of finance theory and of research methods in finance and in a selected number of specific sub-fields, such as derivative instruments, corporate finance, corporate valuation, responsible finance and investment, banking and insurance, portfolio theory, institutional investment management, corporate governance, behavioural finance and finance and development. In the programme students may concentrate on a number of finance topics that are of interest to them. To give some examples: they may study the financing and investment problems of companies and the contribution of corporate governance to company value; they may learn about how to evaluate strategic decisions such as mergers and acquisitions; they may concentrate on the management of investment portfolios and financial risks and/or on the management of banks and insurance companies and they may study the relationship between finance and development.

All students have to pass the Research Methods in Finance course. This is a master course in quantitative research in finance and it focuses on the knowledge and techniques that are necessary to conduct a research project in finance. As such, it provides a good background for the final research project, i.e. writing a master's thesis of 20 ECs. In addition, students also have to pass the courses Corporate Finance for MSc Finance and Portfolio Theory. Finally, the MSc Finance includes a selection of elective courses.

During the programme, students will develop both academic and professional skills. With respect to academic skills, the programme focuses on collecting and analysing data, planning and designing a research project and academic writing. Examples of professional skills are computer model building for business decisions, presenting in public, identifying and analysing problems and working in teams.

The MSc Finance starts twice a year: in September and February.

Double degree programmes

See section [5.16](#).

Career prospects

Graduates of the MSc Finance will be trained for positions in which they contribute as a specialist in finance to decision-making in private (multinational) companies and financial institutions, consultancy firms, (international) institutional organizations such

as the IMF, World Bank, ECB, etc. and governmental institutions. The curriculum of the programme offers several options to develop a specific labour market orientation. By selecting specific sets of courses, graduates may focus on a career in corporate finance, investing, banking, or finance and development.

5.16 DD programmes MSc Finance

5.16.1 Programme description DD with Alexandru Ioan Cuza University

Programme coordinator:	Dr Orest Iftime, o.v.iftime@rug.nl, (050) 3633485
------------------------	--

Content

The programme is modular in structure, comprises 120 ECs credits and is a two-year full-time programme. Students will take year 1 at Alexandru Ioan Cuza University (UAIC) in Iași, Romania and year 2 at the FEB. The first phase of the DD programme at UAIC is modelled after the pre-MSc programme offered by FEB for the MSc in Finance. After completing the first phase, students are selected by UAIC and UG to enter the second phase of the DD programme, which is FEB's MSc in Finance, with an adapted curriculum. Supervision for the dissertation is managed jointly by the two institutions.

Programme structure (for students from Iasi)

DD MSc Finance with UAIC of Iasi, Romania			
Master's Year 1		Master's Year 2	
Semester 1 (UAIC)	Semester 2 (UAIC)	Semester 3 (FEB)	Semester 3 (FEB or UAIC)
30 ECs compulsory courses from the MSc Finance and Risk Management at UAIC	30 ECs compulsory and elective courses from the MSc Finance and Risk Management at UAIC	30 ECs compulsory courses from the MSc Finance at FEB	10 ECs electives at FEB or UAIC; 20 ECs joint Master thesis at UG or UAIC under joint FEB/UAIC supervision, with final grading by FEB and UAIC

Key facts

Start of programme:	1 September (Year 2 of the 2-year DD, at UG)
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> MSc in Finance (UG) MSc in Finance and Risk Management (Alexandru Ioan Cuza University in Iasi, Romania) Graduates will also receive a diploma supplement on which it is noted that the UG degree is awarded within the framework of the DD with Alexandru Ioan Cuza University.
Admission:	The admission requirements for this double degree are the same as those for the MSc Finance and Risk Management at UAIC. Students are then selected for the second phase of the DD programme in Groningen.
Application:	Through Alexandru Ioan Cuza University

5.16.3 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek. t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB .

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	<p>The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme.</p> <p>When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.</p>

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.

5.16.5 Programme description DD with Lund University (1.5 year)

Programme coordinator:	Dr Auke Plantinga, a.plantinga@rug.nl, (050) 3637174
Secretariat:	Grietje Pol, g.pol@rug.nl, (050) 36333685

Content

In 1961 the Faculty of Business and Economics was established and in 2004 the Lund University School of Economics and Management (LUSEM) became a separate faculty within Lund University. In 2017 the Knut Wicksell Centre for Financial Studies received funding to establish a centre for finance at LUSEM. The main goal of the Wicksell Centre is to conduct high-quality research in the finance area, and to engage in mutually beneficial collaboration with practitioners. The Centre aims at being the hub of research in finance as well as interdisciplinary research in broader areas relating to financial markets. In addition, the Centre actively pursues collaboration with practitioners. Research at the Centre is organised in three themes: macro-finance, crises and regulation; financial market behaviour; and firm development and financial markets. The Master programme in Finance at LUSEM is ranked 32nd in the world in Financial Times ranking of pre-experience programmes 2016.

In this DD programme, students obtain two masters (MSc Finance from the FEB) at the UG and Master of Finance from LUSEM) at two renowned universities. Both programmes are research driven. Yet, whereas the programme in Groningen is more practically oriented with courses such as company valuation, institutional investment management and banking, insurance and risk management, the programme at LUSEM goes deeper into theoretical modelling and applying econometric techniques.

Programme structure

MSc DD MSc Finance with LUSEM*			
Master's Year 1		Master's Year 2	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3.1 (LUSEM)	Semester 3.2 (LUSEM)
30 ECs MSc Finance programme at FEB	30 ECs MSc Finance programme at FEB, including the MSc thesis (which counts for both programmes)	Foundations of Finance (7.5 ECs); Financial Econometrics (7.5)	Two of the three following courses: Empirical Finance (7.5); Theory of Corporate Finance (7.5); Economic and Financial Decision Making (7.5)

* Students from LUSEM follow semesters 1-2 in Sweden and semester 3 in the Netherlands.

What will students learn?

Having completed this DD, graduates will:

- have academic knowledge and expertise in solving complex financial problems
- be able to understand contemporary international literature in finance, be able to apply academic knowledge when analyzing new or unknown financial problems, and be able to deliver original contributions in an academic as well as a professional environment

- have the experience of having worked and interacted in two different academic contexts, experience with interacting in a truly international environment, and experience of having studied at a renowned university in Sweden

Key facts

Start of programme:	1 September
Duration (in semesters):	3
Total credits:	90 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc Finance (UG) and • Master of Finance (Lund University) <p>Graduates will receive two degrees on which it will be noted that the respective degrees are awarded within the framework of the DD between Lund University and the UG.</p>
Admission:	<p>The admission requirements for the Finance Master at Lund University are similar to those for the MSc Finance at the UG. Students need to complete the MSc Finance programme and have sufficient English proficiency, that is, TOEFL IBT test with a score of 90 (no sub scores required) or IELTS 6.5. Annually, the double degree master (DDM) programme coordinators will agree on a maximum number of students to be allowed to enter each of the DDM tracks. In case the number of applications for the DDM track exceeds the number of places available, the home university is responsible for selecting the candidates for the DDM track. The main selection criterion will be the students' GPA for the semester 1 coursework.</p>
Application:	<p>For students not yet enrolled in the MSc Finance, please go to: www.rug.nl/howtoapply. The application deadline (via Studielink and OAS) is 1 May. The application deadline (via Studielink and OAS) is 1 May. The application deadline for the MSc Finance at Lund University is 1 January (contact: a.plantinga@rug.nl).</p>
Tuition fees:	<p>www.rug.nl/feb/education/doubleddegrees/tuition No tuition fee for studying at Lund University for EU citizens; fees for non-EU/EEA students are SEK 60,000 for six months (roughly €6,280).</p>

Career prospects

This DD has been designed for individuals who aspire to a career as a financial expert in national, international or multinational institutions and enterprises. Moreover, students finishing this DD may aim for a career in the finance industry, including portfolio management, investment banking, trading, security analysis, asset allocation. Financial skills are also in demand by regulators and policy makers in the area of financial markets.

5.17 MSc Fiscale Economie

5.17.1 Programmabeschrijving

Opleidingsdirecteur:	Dr. Peter Smid, p.p.m.smid@rug.nl, (050) 3633668
Opleidingscoördinator	Mr. Marianne Christen-Schiere m.c.christen@rug.nl, (050) 3633763
Secretariaat:	Grietje Pol, g.pol@rug.nl, (050) 3633685
Taal:	Nederlands

De MSc Fiscale Economie (MSc FE) wordt per 31 augustus 2019 opgeheven. Instromen als nieuwe student in de MSc FE is niet meer mogelijk, evenmin als herinschrijven na een tijdelijke uitschrijving.

Het reguliere programma van de MSc FE wordt niet meer aangeboden. In 2016-2017 is het programma voor het laatst regulier verzorgd. In 2017-2018 worden diverse vakken niet meer aangeboden. In de substitutieregeling 2017-2018 wordt aangegeven op welke wijze de opleiding nog kan worden afgerond.

Studenten die de MSc FE nog niet hebben afgerond, hebben tot 31 augustus 2019 de mogelijkheid om de opleiding alsnog af te ronden. Met afronden wordt bedoeld dat in ProgRESS.WWW een programmagoedkeuring moet zijn toegekend en alle vakken van dat programma (inclusief het masterafstudeerwerkstuk) met een voldoende moeten zijn afgerond. Na 31 augustus 2019 kan de MSc FE niet meer worden afgerond.

5.17.2 Regels en keuzes

Regels en keuzes MSc Fiscale Economie	
Inschrijving voor deze mastervoorlichting	Voor deze opleiding kan niet meer worden ingeschreven. Alleen herinschrijving is mogelijk. Herinschrijven na tijdelijke uitschrijving is niet mogelijk.
Toelatingseis master	n.v.t.
Instroommoment master	n.v.t.
Ingangseisen mastervakken	Zie de vakbeschrijvingen in Ocasys.
Ingangseisen masterafstudeerwerkstuk	<ul style="list-style-type: none"> Het masterprogramma is goedgekeurd en ≥ 20 EC van het masterprogramma (inclusief vrijstellingen) is behaald.
Goedkeuring vakkenpakket	Aanvragen via ProgRESS WWW, uiterlijk 6 weken vóór de start van het masterafstudeerwerkstuk.

5.17.3 Substitutieregeling

Binnen de substitutieregeling worden 3 opties onderscheiden:

- Optie 1: Het substitutievak verschilt inhoudelijk niet of nauwelijks van het vak uit het oude programma. Wel kunnen naam, vakcode, voertaal of blok gewijzigd zijn. In het geval van een verandering van blok kunnen studenten het substitutievak alleen in het nieuwe blok volgen; ook het (her)tentamen kan alleen in het nieuwe blok worden afgelegd.

- Optie 2: Het substitutievak verschilt inhoudelijk (sterk) van het vak uit het oude programma. In dat geval heeft de student de keus om het substitutievak te volgen en daarin ook tentamen af te leggen of hertentamen af te leggen over het vak uit het oude programma. In 2017-2018 wordt hiertoe tweemaal de gelegenheid geboden. De hertentamens voor vakken uit het oude programma worden parallel geroosterd aan de reguliere tentamens voor het substitutievak.
- Optie 3: Er is geen substitutievak voor een vak uit het oude programma. In dat geval wordt in 2017-2018 tweemaal de gelegenheid geboden hertentamen af te leggen over het vak uit het oude programma. De tentamenperiodes kunnen afwijken van die in het studiejaar 2016-2017.

5.18 MSc Human Resource Management

5.18.1 Programme description

Programme director:	Dr Laetitia Mulder, l.b.mulder@rug.nl, (050) 3637324.
Secretary:	<ul style="list-style-type: none"> • Tineke Teuben, c.r.teuben@rug.nl, (050) 3634288 • Zedef Karakayali, z.karakayali@rug.nl, (050) 3634288
Language:	English

Content

Graduates of the MSc Human Resource Management (MSc HRM) will be able to define, analyse and evaluate problems and issues related to the management of work and employment of people in organizations. They acquire thorough academic knowledge and scientific skills to consider and explore how HRM policies and practices can be developed and applied to ensure the availability, employability, commitment and vitality of employees needed to accomplish organizational goals.

The core courses are Strategic Human Resource Management and Personnel Instruments and deal with balancing supply and demand of labour. Around these core courses is the method course Research & Professional Skills for HRM and five subject specific courses (out of which students should choose at least three): Leadership, Work Design & Team Processes, Personnel Economics, HRM & International Labour Law and HRM & Nederlands arbeidsrecht. The focus of the programme is on understanding and applying theories and principles that research has shown to advance the management of human resources in organizations. Students practice adopting this research-based approach when they conduct their own research projects during the programme.

The MSc HRM starts twice a year: in September and February.

Career prospects

Graduates are highly employable and find a broad variety of jobs in HRM-related domains in all kinds of companies and organizations. Some examples of positions are: junior human resource manager, recruitment and selection officer, training and development officer, personnel consultant, organizational advisor, or policy officer for personnel affairs. If graduates want to continue their career in the academic field, they can opt for taking an additional Research Master programme and, subsequently, a PhD position at FEB or another university.

Secretariat:	Global Economics & Management, gem.feb@rug.nl, (050) 3633458
Language:	English

Content

The MSc International Business and Management (MSc IB&M) focuses on the business and management aspects related to a multinational enterprise. Graduates have advanced academic knowledge and understanding of management and leadership issues within multinational companies, international business strategy and comparative institutional approaches. They have specific research skills that are crucial to management's ability to analyse new environments and pertinent developments and the necessary social communication skills to operate in an international context.

The programme entails a number of two compulsory courses in the fields of international business strategy, comparative environmental analysis and managing cultural differences. In addition students select a minimum of two core electives (electives A) in such areas as international strategic alliances, emerging markets, multinationals and CSR, finance, etc. and two additional electives (electives B) offered by other study programmes. All electives A have an international and/or comparative approach. By selecting electives in a specific way, students can pursue their own interests.

Moreover, students take part in a research seminar with the objective of acquiring the specific research skills that are crucial to management's ability to analyse new environments and pertinent developments and to prepare them for writing the master's thesis that is written to complete their MSc.

The MSc IB&M starts twice a year: in September and February.

Double degree programmes

See section [5.20](#).

Career prospects

The MSc IB&M is focused on the business and management aspects related to the multinational enterprise. Graduates will have advanced academic knowledge and understanding of management and leadership issues within multinational companies, international business strategy and comparative institutional approaches. They will have specific research skills that are crucial to management's ability to analyse new environments and pertinent developments and the necessary social communication skills to operate in an international context. Upon completion of the programme, graduates can take up positions in (multinational) corporations and (international)

governmental organizations. Alternatively, they might opt for an academic career as PhD researcher.

Approval of the master's programme	Apply via ProgRESS WWW, no later than 6 weeks before starting the master's thesis.

5.20 DD programmes MSc International Business & Management

5.20.1 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek, t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one of the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CC thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB.

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EO&AS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme. When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.

Content

The Double Degree MSc International Business and Management - NUBS, Newcastle is a highly unique degree programme, delivered by two academically renowned European institutions: Newcastle University Business School (NUBS) and the UG-FEB. The programme will enable participants to engage with the issues experienced by internationally oriented organisations. Within this context, attention is paid to the comparative analyses of countries, institutions, cultures and the strategic decision-making of companies operating within this environment.

The collaborative approach to this programme provides students with the opportunity to:

- study a distinctive and internationally focused curriculum in business and management
- study at two highly respected universities
- gain a dual award degree (MA and MSc) enabling participants to prepare for and/or further develop a successful career in international business and management and
- live in two of Europe's most exciting and friendly cities

The programme is modular in structure, comprises 90 ECs and is a full-time programme of 17 months. Students will take one semester at the UG-FEB and one semester at NUBS, Newcastle. Supervision for the dissertation is managed jointly by the two institutions.

Programme structure

For students who start in Groningen:

DD MSc IB&M with NUBS, Newcastle		
Master's Year 1		Master's Year 2
Semester 1 (FEB)	Semester 2 (NUBS)	Semester 3 (FEB and NUBS)
30 ECs compulsory courses and elective MSc IB&M	30 ECs courses and electives at NUBS, including Research Seminar (compulsory)	5 ECs elective MSc IB&M Writing joint Master thesis at UG or NUBS under joint FEB/NUBS supervision, with final grading by FEB and NUBS.

For students who start in Newcastle:

DD MSc IB&M - NUBS, Newcastle		
Master's Year 1		Master's Year 2
Semester 1 (NUBS)	Semester 2 (FEB)	Semester 3 (FEB and NUBS)
30 ECs courses and electives at NUBS	30 ECs Compulsory MSc IB&M courses 5 ECs elective MSc IB&M	Writing joint Master thesis at UG or NUBS under joint FEB/NUBS supervision, with final grading by FEB and NUBS

What will students learn?

The programme provides graduates with:

- an ability to apply their knowledge and understanding of international business management to complex issues, both systematically and creatively;
- an in-depth knowledge of marketing theories, including advanced skills in the analysis of markets in an international context;
- an understanding of management, leadership and business practice within international organisations;
- an opportunity to conceptualise real world problems using analytical frameworks drawn from marketing, international marketing and international business theory and
- an ability to critically evaluate these issues within the context of the activities of businesses, government and non-governmental organisations.

Key facts

Start of programme:	1 September
Duration (in semesters):	3
Total credits:	90 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc in International Business and Management (UG) and • MSc in Advanced International Business Management & Marketing (for students who start in Groningen, degree from Newcastle University) or MA in Advanced International Business Management (for students who start in Newcastle, degree from Newcastle University). <p>Graduates will also receive a diploma supplement in Groningen on which it is noted that the UG degree is awarded within the framework of the DD with Newcastle University.</p>
Admission:	<p>For students who start in Groningen: The admission requirements for this double degree are the same as those for the MSc International Business & Management plus a GPA of 7 or above and proof of English skills (TOEFL 580 or comparable).</p> <p>For students who start in Newcastle: The admission requirements for this double degree are the same as those for the MSc International Business Management of NUBS</p>
Application:	<ul style="list-style-type: none"> • For students who start in Groningen: FEB: students apply via www.rug.studielink.nl for the MSc IB&M. Please go to: www.rug.nl/howtoapply. The general application deadlines apply (1 May 2017). Additionally, students with a Bachelor's degree from UG-FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May 2017. Students with a Bachelor's degree from another university: please contact admission@rug.nl before 1 May 2017 AND submit your application in our Online Application System before 1 May 2017 as well. • For students who start in Newcastle: Apply at Newcastle University Business School
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

The MSc IB&M is focused on the business and management aspects related to the multinational enterprise. Graduates will have advanced academic knowledge and understanding of management and leadership issues within multinational companies, international business strategy and comparative institutional approaches. They will have specific research skills that are crucial to management's ability to analyse new environments and pertinent developments and the necessary social communication skills to operate in an international context. Upon completion of the programme, graduates can take up positions in (multinational) corporations and (international) governmental organizations. Alternatively, they might opt for an academic career as PhD researcher.

5.21 MSc International Economics and Business

5.21.1 Programme description

Programme director:	Dr Robert Inklaar, r.c.inklaar@rug.nl, (050) 3634838
Programme coordinator:	Dr Beppo van Leeuwen, e.h.van.leeuwen@rug.nl, (050) 3633744
Secretariat:	Global Economics and Management, gem.feb@rug.nl, (050) 3633458
Language:	English

Content

The MSc International Economics and Business (MSc IE&B) aims to train students in strategic analysis and decision-making in national and international corporations and public organizations, such as (international) financial institutions, consultancy firms, government agencies and the like. In doing so, the MSc IE&B has a strong focus on one integrative topic, i.e. firm behaviour in relation to the world economy. Students will acquire the very latest knowledge on topics such as international trade, fragmentation of the production process, multinational behaviour, location decisions, economic geography, innovation theory, global labour markets, international business strategy and international finance and banking. After graduating, students will be able to apply this knowledge in different settings and interpret the interrelationship between the knowledge areas.

The MSc IE&B starts twice a year: in September and February.

Students of the MSc IE&B can focus on one of two themes ‘Globalization, Growth and Development’ and ‘International Capital and Globalization’ that offer a coherent set of courses related to each theme by choosing certain specific electives (see Ocasys) and writing their master’s thesis on a topic from that theme. Students receive a notification on their supplement of degree, indicating that in their master studies they have specialized in one of these two themes. All students take part in a research seminar which prepares them for writing the master’s thesis.

The theme **Globalization, Growth and Development** aims to provide the student with a thorough understanding of recent aspects of globalization. The global production system is increasingly becoming more fragmented. This raises some important questions. Where is manufacturing located? In developed or developing countries? How does it affect international trade? Do fragments have a natural homebase, for example, R&D in developed countries and assembly in developing countries? Some firms participate in this process, others do not. What determines the internationalization choices of firms? More inter-country specialization has consequences for local labour markets. Are labour markets becoming increasingly specialized? Are they becoming more globally integrated, just as commodity markets? In the theme ‘Globalization, Growth and Development’ students will learn to use tools and methods to answer these and related questions and to independently carry out analyses of globalization. Students in the theme Globalization, Growth and Development take the following electives: Growth and Development Policies (EBM095A05), Trade, Environment and Growth (EBM097A05), Economic Geography (EBM094A05), Country Studies (EBM093A05), Global Finance and Growth (EBM150A05) OR Economic Growth in History (EBM101A05) OR Finance and Development (EBM069A05)

For Country Studies and for the master's thesis a topic from the theme has to be selected.

The last decade has seen a large growth in domestic financial markets and in international capital flows. There has been high economic growth with increasing financial fragility since the 1990s worldwide. This was followed by credit crises and recessions in much of the Western world since 2007 and the threat of crisis elsewhere (e.g. China). In the theme **International Capital and Globalization** students analyse these developments based on theories of banking, financial markets, international capital flows and exchange rates. Typical questions that will be discussed and analysed include the following: how have financial markets and their regulation changed in recent decades? How have exchange rate and capital flows policies changed, including optimal currency areas such as the Eurozone? When is financial development good for economic growth and stability and when does it lead to financial crisis and recession? When does international capital mobility benefit an economy and when does it harm an economy? What caused the Euro crisis and how do we evaluate alternative solutions? Is a Grexit inevitable? How do economic models deal with each of these questions? The theme International Capital and Globalization is at the interface of theory and application. Students will obtain an overview over current ways of thinking about the impact of finance on the economy and the international dimensions of that relation. Upon completion of this theme, a student will be able to carry out a hands-on analysis of the above questions.

Students in the theme International Capital and Globalization take the following electives: International Banking and Finance (EBM096A05), Global Finance and Growth (EBM150A05), Country Studies (EBM093A05), Money, Finance and the Economy: Theories and their Implications (EBM164A05) AND/OR Monetary Policy and Financial Regulation (EBM107A05) OR/AND Finance and Development (EBM069A05) For Country Studies and for the Master's a topic from the theme has to be selected.

Double degree programmes

See section [5.22](#).

Career prospects

Graduates of the MSc IE&B will be able to take up positions in internationally oriented firms (banks, multinationals), international organizations (World Bank, IMF, EU) and internationally oriented departments of government agencies. Occasionally, graduates are selected to participate in high level contract research activities of international organizations, such as the Conference Board (New York) and the International Labour Organization (ILO, Geneva).

5.21.3 Rules and choices

Rules and choices MSc International Economics and Business	
Master's information days	http://www.rug.nl/news-and-events/events/open-days-introduction
Entry requirements for the master's programme	<ul style="list-style-type: none"> • Bachelor's degree in Business Administration, or Econometrics and Operations Research, or Economics and Business Economics, or International Business, or completed pre-MSc IE&B programme, and • sufficient command of English. <p>For entry requirements with other bachelor's degrees, see Section 2 of the MSc TER.</p>
Starting dates for the master's programme	1 September and 1 February The DDs only start in September.
Entry requirements for master's courses	See the course descriptions in Ocasys.
MSc IE&B courses	The courses offered in semester 1 are different from the courses offered in semester 2. Some compulsory courses are offered in both semesters, other courses are offered once a year. Students who take part in a DD must obey specific rules with respect to the course selection.
Entry requirements for the master's thesis	<ul style="list-style-type: none"> • The master's programme has been approved, and • at least 20 ECs from the master's programme have been obtained.
Approval of the Master's programme	Apply via ProgRESS WWW, no later than 6 weeks before starting the Master's Thesis.

5.22 DD programmes MSc International Economics and Business

5.22.1 Programme description with Corvinus University

Programme director	Dr Robert Inklaar, r.c.inklaar@rug.nl, (050) 3634838
Programme coordinator:	Dr Beppo van Leeuwen, e.h.van.leeuwen@rug.nl, (050) 3633744
Information	Ineke van Est r.van.est@rug.nl, (050) 3636692
Secretariat:	Global Economics & Management, gem.feb@rug.nl, (050) 3633458

Content

Corvinus University Budapest (CUB) offers degrees in multiple disciplines and is well-known for its programmes in economics and management. As the country's leading institution in business education, the faculty provides education and research in the field of Hungarian economic policies embedded in a European and global context. One of the main assets of the faculty is its firm commitment to a better perception of Central and Eastern Europe (CEE). The faculty offers a wide range of relevant topical courses in the field of global economics, the European community and the CEE region, thus providing the necessary knowledge for those individuals who wish to embark on a career in international or domestic institutions of economic management or governmental agencies.

Business leaders and others who wish to embark on a career in international management or public policy have to understand the trends in the world economy, including the European community and the CEE region. What makes this DD programme so unique is the combination of topics in the field of international business and international economics, with a special focus on issues of economic transformation and integration, as well as the attention paid to the links between the fields. Topics range from international trade and investment to the consequences of globalization for strategic decision-making, in particular trade and capital flows in relation to multinational enterprises and the socio-economic and institutional differences between countries, with a special focus on the CEE-region. Graduates are trained to become broadly oriented economists with a strong international profile and a thorough analytical understanding of the main current trends in the global world of international (economic) policy and business organizations, ranging from the fields of international business and economics to international politics and international law. The core content of the programme reflects the increasing globalisation and continuous evolution of international economics and business.

Students admitted directly to the MSc IE&B at UG-FEB can apply for admission to the DD Master CEE specialisation prior to starting the MSc IE&B or during their first (winter) semester.

When admitted to the MA International Economy and Business (MA IE&B) at CUB, Budapest students can apply for admission to the DD Master CEE specialisation. They need to complete the first year (60 ECs) of the 2-year MA at CUB with above-average grades and satisfy the specific DD admission requirements agreed by the two partners. In order to be eligible for the Dutch MSc degree at FEB, they need to satisfy the graduation requirements of the UG (see below).

Programme structure

For students from FEB:

MSc DD IE&B with Corvinus University, Budapest			
Master's Year 1		Master's Year 2	
Semester 1 (FEB)	Semester 2 (CUB)	Semester 3 (CUB)	Semester 4 (FEB)
This semester is the same as semester 1 of the MSc IE&B (total 30 ECs)	30 ECs CEE core and specialisation courses from MA Int. Economy and Business	30 ECs CEE core and specialisation courses from MA Int. Economy and Business	This semester is the same as Semester 2 of the MSc IE&B (total 30 ECs) <i>FEB thesis supervisor, FEB & CUB thesis graders</i>

For students from Corvinus:

MSc DD IE&B with Corvinus University, Budapest			
Master's Year 1		Master's Year 2	
Semester 1 (CUB)	Semester 2 (CUB)	Semester 3 (FEB)	Semester 4 (FEB)
30 ECs compulsory, specialisation and elective MA International Economy and Business courses at CUB	30 ECs compulsory, specialisation and elective MA International Economy and Business courses at CUB	This semester is the same as semester 1 of the MSc IE&B (total 30 ECs)	This semester is the same as semester 2 of the MSc IE&B (total 30 ECs) <i>FEB thesis supervisor, FEB & CUB thesis graders + comprehensive exam CUB</i>

What will students learn?

Having completed this DD, graduates will have:

- knowledge and expertise in the ways individual, group and organizational factors influence organizational performance, problem solving and strategic decision making;
- insight into the consequences of globalisation for multinational enterprises and the socio-economic and institutional differences between countries, in particular CEE countries;
- the ability to apply the tools of modern economic analysis to issues of development policy and
- acquired analytical and business skills in an international context
- the capacity to evaluate critically different approaches to development analysis and policy.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English

Type of degree:	<ul style="list-style-type: none"> • MSc in International Economics and Business (UG) and • MA in International Economy and Business (Corvinus University Budapest), specialisation Central-East European economies <p>Graduates will also receive a diploma supplement from UG-FEB on which it is noted that the degree is awarded within the framework of the DD with Corvinus University Budapest.</p>
Admission:	For incoming students from CUB, the admission requirements for this specialisation are the same as those for the MA in International Economy and Business. For outgoing students from FEB, the admission requirements are the same as those for the MSc International Economics and Business Master's degree programme, with an additional requirement that candidates for both the double degree Master and the Master certificate programme should have at least a GPA of ≥ 7 . In selecting candidates, the respective selection committees will also take account of factors such as motivation and relevant knowledge of international/development economics.
Application:	Online, please go to: www.rug.nl/howtoapply
Tuition fees	http://www.rug.nl/feb/education/doubleddegrees/tuition

NB:	<ul style="list-style-type: none"> • Outgoing FEB students are not registered in the UG MSc IE&B programme during their stay at CUB. Incoming CUB students remain registered in the CUB MA International Economy and Business) until they have completed the 120 ECs of the DD programme. They also register at UG when studying in Groningen in order to be eligible for a Dutch degree certificate.
-----	--

Career prospects

This DD has been designed for individuals who aspire to a career in national, international, multinational or transnational institutions and enterprises such as:

- international economist and strategy expert in a multinational corporation
- staff member with an (inter)national governmental organisations such as IMF, Worldbank, OECD, WTO, ECB, ODI or the EU
- professional economist on development and Central-East European transition, economic issues in international agencies, governments or the private sector
- economic consultant with an (inter)national governmental organization and
- business consultant with an internationally operating consultancy firm

5.22.3 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek, t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB .

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme. When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.
Tuition fees	www.rug.nl/feb/education/doubledegrees/tuition

Career prospects

Graduates of the MSc IE&B will be able to take up positions in internationally oriented firms (banks, multinationals), international organizations (World Bank, IMF, EU) and internationally oriented departments of government agencies. Occasionally, graduates are selected to participate in high level contract research activities of international organizations, such as the Conference Board (New York) and the International Labour Organization (ILO, Geneva).

5.22.5 Programme description DD with Georg-August University

Programme coordinator:	Dr Gaaitzen de Vries, g.j.de.vries@rug.nl, (050) 3637752
Secretariat:	Global Economics & Management, gem.feb@rug.nl, (050) 3633458

Programme profile

Georg-August University in Göttingen is a university with a long tradition. It has hosted several world-famous scientists, such as Albert Einstein, Carl Friedrich Gauss and Niels Bohr. One of the more recent strengths of Georg-August University is its research program on poverty, inequality and growth. The strength of this research programme is clearly reflected in the quality of teaching in the field of micro-economic development studies.

In this programme, the quality of research and teaching regarding macro-oriented studies of growth, trade and structural change for which the UG is well-known is thus complemented with the opportunity to get in-depth knowledge of micro-economic aspects of these fields. The courses in Göttingen and Groningen share a strong focus on empirical methods and approaches. As a consequence, graduates of this Double Degree programme are fully equipped for a career in international organizations such as the World Bank and UNCTAD. Graduates can also start a career in research.

Programme structure

MSc DD IE&B with Göttingen specializing in international and development economics			
Master's Year 1		Master's Year 2	
Semester 1 (GOT)	Semester 2 (GOT)	Semester 3 (FEB)	Semester 4 (FEB)
30 ECs compulsory, specialization and elective Master courses in GOT	30 ECs compulsory, specialization and elective Master courses in GOT	25 ECs compulsory courses, 5 ECs elective course at FEB	30 ECs compulsory courses including Master's thesis at FEB

What will students learn?

Having completed this DD, graduates will have:

- knowledge and expertise in the ways individual, group and organizational factors influence organizational performance, problem solving and strategic decision making
- insight into the consequences of globalization for multinational enterprises and the socio-economic and institutional differences between countries
- the use of quantitative and statistical techniques for policy analysis and evaluation in a development context
- the ability to apply the tools of modern economic analysis to issues of development policy
- acquired analytical and business skills in an international context
- the capacity to evaluate critically different approaches to development analysis and policy that research and applied work in the development field now requires and
- the qualifications to enter foreign PhD programmes and work in international research institutions

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs

Secretariat:	Global Economics & Management, gem.feb@rug.nl, (050) 3633458

Content

The MSc in Economic Development and Growth (MSc EDG) from the Lund University in Lund, Sweden trains the next generation of analysts, researchers and professionals in the field of development and growth issues with a high capability of independence. The programme combines the expertise of highly ranked European universities into a common platform with leading scholars in economics, economic history and demography.

In this DD students start with the MSc IE&B, and within this master students have to choose the theme Globalization, Growth and Development. They spend the first year studying development and international economics, statistics and long run development at the UG-FEB. In the second year students will further specialize in development and growth in relation to issues such as demographic change, institutions, sustainability and energy, innovation and human capital, at Lund University.

The UG-FEB has a high international profile in the field of economics, econometrics, development economics and economic history and hosts the Groningen Growth and Development Centre, a research institute that is famous for its study of long-term economic growth and productivity analysis worldwide. Lund University is specialized in economic growth and development in the long run with a focus on Asia, Africa and Latin America besides Europe. Ultimately, the philosophy programme is based on critical thinking, and the multitude of experiences of students and teachers will offer a platform for reflection and communication.

Key concepts of the programme

Becoming a trained expert in the field of development requires a wide variety of skills. Students will need the necessary theoretical and quantitative tools to grasp major debates in economics and other social sciences. At the same time, the complexity of development problems demands in depth, specialised understanding of context, institutions, and historical legacies in developing economies.

The programme provides thorough training in economics and quantitative methods. It also offers a variety of electives as shown in the overview of the programme structure.

A hallmark of the MSc EDG is the emphasis on the personal contact between professors and students, achieved by small classes. We expect students to complete, closely supervised by faculty, an independent research project at the end of each academic year. In the process, students will be able to develop their ability to organize and express own ideas and research in written form, while they will have the opportunity to improve presentation skills in workshops with other students and faculty members.

Programme structure

For students from FEB:

MSc DD IE&B with Lund University, Lund			
Master's Year 1		Master's Year 2	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (Lund)	Semester 4 (Lund)
This semester is the same as Semester 1 of the MSc IE&B (total 30 ECs), theme Globalization, Growth and Development	This semester is the same as Semester 2 of the MSc IE&B (total 30 ECs), theme Globalization, Growth and Development	Development of Emerging Economies 3 Electives	Comparative Analysis of Economic Change 1 Elective Master Thesis Second Year Workshop

What will students learn?

Having completed this DD, graduates will have:

- knowledge and expertise in the ways individual, group and organizational factors influence organizational performance, problem solving and strategic decision making
- insight into the consequences of globalisation for multinational enterprises and the socio-economic and institutional differences between countries, in particular CEE countries
- the ability to apply the tools of modern economic analysis to issues of development policy and acquired analytical and business skills in an international context
- the capacity to evaluate critically different approaches to development analysis and policy

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc in International Economics and Business (UG) and • MSc in Economic Development and Growth (Lund University) Graduates will also receive a diploma supplement from UG-FEB on which it is noted that the degree is awarded within the framework of the DD with Lund University, Lund.
Admission:	The admission requirements are the same as those for the MSc International Economics and Business Master's degree programme. Students admitted directly to the MSc International Economics and Business (IE&B) at UG-FEB, Groningen can apply for admission to the DD Master Economic Growth and Development prior to starting the MSc IE&B or during their first (winter) semester. Before being admitted to the second stage at Lund University, students must have completed the MSc IE&B in Groningen.
Application:	www.rug.nl/howtoapply
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

This programme provides graduates career opportunities in institutions all over the world addressing economic development, such as the EU, OECD, ILO, World Bank, UNESCO, WTO, CEPAL, IADB, NGOs, governments and central banks, think tanks, multinational companies and consulting firms.

Graduates will also obtain the advanced skills required to carry out research in the fields of development economics, economic history, applied economics and international economics. They may choose to pursue an academic career and continue in a PhD programme.

5.23 MSc in International Financial Management

5.23.1 Programme description

Programme director:	Dr Viola Angelini, v.angelini@rug.nl, (050) 3633852
Programme coordinator:	Dr Halit Gonenc, h.gonenc@rug.nl, (050) 3634237
Secretariat:	Ellie Jelsema, e.t.jelsema@rug.nl. (050) 3633685
Language:	English

Content

The aim of the MSc in International Financial Management (MSc IFM) is to equip graduates with knowledge, understanding and skills required to define, analyse and evaluate real and complex international financial management problems on both a societal level as well as on the level of companies and institutions, and to design solutions for these problems. They will have advanced academic knowledge of theoretical concepts in international financial management and they will be able to apply research methods, to analyse and to solve financial problems multinational companies are faced with. Moreover, they will have advanced knowledge in a selected number of specific sub-fields in international financial management, such as international corporate finance, international risk management and international management accounting and control. In addition, they will also acquire advanced knowledge of different aspects of international business and the international economic environment in which multinational companies operate. Finally, they will have the opportunity to broaden the scope of their studies by selecting two electives from a list of other MSc programmes, e.g. Economics, Econometrics, Finance, International Economics and Business Administration.

As part of the programme the Empirical Methods for MSc IFM course is offered, which is compulsory for all students in International Financial Management. It is a master course in quantitative research in finance and focuses on the knowledge and techniques that are necessary to conduct a research project in international financial management issues. As such, it provides a good background to the final research project, i.e. writing a master's thesis of 20 ECs.

During the programme, students will develop both academic and professional skills. With respect to academic skills, the programme focuses on collecting and analysing data, planning and designing a research project and academic writing. Examples of professional skills are computer model building for business decisions, presenting in public, identifying and analysing problems and working in teams.

The MSc IFM starts twice a year: in September and February.

Double degree programme

See section [5.24](#).

Career prospects

After successful completion of the MSc IFM, graduates will be able to take up positions in which they contribute as a specialist in international financial management to

decision-making in multinational companies and financial institutions, consultancy firms and multinational public organizations.

5.23.3 Rules and choices

Rules and choices MSc International Financial Management (IFM)	
Master's information days	http://www.rug.nl/news-and-events/events/open-days-introduction
Entry requirements for the master's programme	<ul style="list-style-type: none"> Bachelor's degree in Business Administration, or Economics and Business Economics, or International Business, or completed pre-MSc IFM programme, and sufficient command of English. <p>For entry requirements with other bachelor's degrees, see Section 2 of the MSc TER.</p>
Starting dates for the master's programme	1 September and 1 February
Entry requirements for master's courses	See the course descriptions in Ocasys.
Entry requirements for the master's thesis	<ul style="list-style-type: none"> The master's programme has been approved and at least 20 ECs from the master's programme have been obtained (including the course 'Empirical Methods for IFM').
Approval of the master's programme	Apply via ProgRESS WWW, no later than 6 weeks before starting the master's thesis.

5.23.4 Substitution and transition regulations

Three options can be distinguished in the substitution regulations:

- Option 1: With respect to content, the substitution course does not differ or differs hardly from the course in the old programme. Although, name, course code,

language of instruction or semester block may have changed. In case the block has changed students can only take the substitution course in the new block; also the (resit) examination can only be taken in the new block.

- **Option 2:** The substitution course differs, in respect of content (a lot) from the course in the old programme. In that case, the student has a choice to either take the substitution course and to also take the exam in the substitution course or to take the resit examination of the course in the old programme. In 2017-2018 there will be two opportunities to take this resit. The resit examinations for the old programme will be scheduled parallel with the regular examinations of the substitution course.
- **Option 3:** There is no substitution course replacing a course of the old programme. In that case two resit opportunities will be offered in 2017-2018 for the course of the old programme. The examination periods may deviate from those of the academic year 2016-2017.

MSc IFM substitution regulation 2017-2018				
course in OLD programme (2016-2017)	sem. 16-17	substitution course(s) in NEW programme (2017-2018)	sem. 17-18	option and explanation

5.24 DD programme MSc International Financial Management

5.24.1 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek, t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one of the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB.

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two and internationally recognised master's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CCs Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	<p>The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme.</p> <p>When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.</p>

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

After successful completion of the MSc IFM, graduates will be able to take up positions in which they contribute as a specialist in international financial management to decision-making in multinational companies and financial institutions, consultancy firms and multinational public organizations.

Content

The International Financial Management (IFM) programme is different from most other master's programmes in international finance because it focuses on managerial aspects of international finance and accounting. The curriculum is designed to provide students with the skills they will need to function as a financial manager in an internationally operating firm or organization. It will give them a thorough understanding of the different aspects of financial management in an international business environment and aims at teaching students to think strategically and to explore how change can be initiated and managed.

These days internationally oriented firms and organizations are looking for professionals who can use these tools and techniques for managing information and business resources.

The IFM DD is offered jointly by the UG-FEB and Uppsala University (UU-Uppsala) in Sweden. The DD consists of two one-year master's programmes: the MSc International Financial Management of the UG-FEB and the MSc in Business and Economics of UU-Uppsala. It has a unique set-up. Students take the first semester with courses in Groningen, the second semester with courses in Uppsala and and the third semester with electives and master's thesis again in Groningen. The master's thesis is supervised and assessed by UG-FEB staff members and then assessed by Uppsala staff members. The thesis will thus be part of both master programmes. By organizing the thesis project in this way, students can effectively study two one-year master's programmes in three semesters (i.e. 18 months/90 ECs).

Programme structure

For students from FEB:

DD MSc IFM with UU, Uppsala		
Master's Year 1		Master's Year 2
Semester 1 (FEB)	Semester 2 (UU)	Semester 3 (FEB and/or UU)
30 ECs mandatory courses FEB	30 ECs mandatory courses UU	10 ECs elective courses; 20 ECs joint FEB/UU Master Thesis Project

What will students learn?

The MSc IFM programme focuses on the study of the managerial aspects of international financial issues. The curriculum of the MSc IFM is designed to provide graduates with the skills they will need to operate as a good financial manager in an internationally operating firm or organization. It aims at learning to think strategically and to explore how one can initiate and manage change. Therefore, the MSc IFM offers

students a programme that matches the demand of the market for managers who are able to manage international financial operations.

Graduates from this programme will be able to:

- make decisions at strategic level in many different private and public organisations that are internationally oriented
- choose the appropriate analytical techniques for analysing and managing international financial problems
- provide and present relevant information for businesses operating internationally
- apply theory of international finance and accounting to practical situations
- carry out and present research findings on issues in international financial management

Key facts

Start of programme:	1 September
Duration (in semesters):	3
Total credits:	90 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc in International Financial Management (UG) and • MSc in Business and Economics (Uppsala University). Graduates will also receive a diploma supplement on which it is noted that the UG degree is awarded within the framework of the DD with Uppsala University.
Admission:	The admission requirements for this double degree are the same as those for the MSc International Financial Management at UG-FEB.
Application:	www.rug.nl/howtoapply
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

MSc IFM aims to train future managers who handle the complexities of foreign capital investments and financing, evaluate risks related to operating abroad, manage and control international production and sales activities, manage alliances with foreign parties and organise the processing and reporting information.

Graduates will be trained for managerial careers in financial organizations as well as in multinational companies as corporate financial managers. Graduates from this programme may pursue a career at senior management level in various internationally oriented organizations, such as multinationals and/or international organizations.

Graduate may also take up research oriented positions or conduct further research for a PhD (with a view to an academic career).

5.25.1 Programme description

Programme director:	Dr Jenny van Doorn, j.van.doorn@rug.nl, (050) 3633657
Programme coordinator:	Dr Hans Risselada, h.risselada@rug.nl, (050) 3636288
Secretariat	Bertina Wever, marketing.education@rug.nl, (050) 3637065
Language:	English

Content

Marketing is about building sustainable relations between an organization and its customers. As such, marketing is relevant for many different types of organizations, including those operating in the field of services or goods, profit or non-profit organizations and business-to-consumers or business-to-business organizations. Understanding customers, building a strong brand & reputation and performing activities to improve customer satisfaction and sales are important parts of marketing. To optimally execute the marketing function and to develop successful marketing strategies, it is critical to understand the customer and the underlying psychological processes in decision-making and to be able to discover insights from marketing research. Next, to generating insights about customers and their decision-making process, marketing intelligence and marketing research are essential.

The philosophy of the Groningen department of Marketing is that a good and in-depth understanding of the customer is essential for creating a sustainable competitive advantage. Therefore, in the master's programme, the most recent developments in the area of marketing (management and intelligence) are taught in research-driven and fact-based courses. Specifically, lectures, hands-on tutorials (and assignments) combine established marketing and consumer psychology theories with the latest academic insights and best business practices. Furthermore, practitioners are invited to give guest lectures which relate theory to real business-life.

The aim of the MSc in Marketing (MSc Marketing) is to gain state-of-the-art knowledge on marketing that helps students to evolve into marketing leaders, who can critically apply this knowledge to complex marketing problems, either in the field of marketing management and/or marketing intelligence. Therefore, the following courses are obligatory for all MSc Marketing students: Strategic Marketing, Consumer Psychology, and Marketing Research Methods. Next, students can select out of two specializations: Marketing Management (MM) or Marketing Intelligence (MI).

Within the MM profile, students will be educated and trained more thoroughly on specific marketing functions such as branding and product management, customer management, marketing communications, retail, and business-to-business marketing. Within the MI profile, students will be educated and trained more thoroughly on methods that allow them to analyse and model (secondary, big) data to track the marketing performance of the firm and generate new customer insights. The information and insights generated by the MI function are used as a basis for making research-based strategic and tactical marketing decisions.

The MSc Marketing starts twice a year: September and February

Double degree programmes

See section [5.26](#).

Note that students cannot apply for the two year DD MSc as such. Students have to apply for a second year, after they successfully completed the first semester of the MSc Marketing in the respective profile. So, after having been admitted to the MSc Marketing and having completed the first semester, students still have to go through a selection procedure to be admitted to the second year in Oslo, Münster or Shanghai.

Career prospects

Career prospects for MI students are market researcher in research and consultancy companies, market researcher within an organization, market intelligence expert or database analyst, customer intelligence expert and researcher at a university (Research Master and PhD programme).

Career prospects for MM students are marketing manager, brand or product (category) manager, segment or account manager, customer relations manager, marketing strategy consultant and online marketing expert.

5.26.1 Programme description DD with BI Norwegian Business School

Programme coordinator:	Dr Hans Risselada, h.risselada@rug.nl, (050) 3636288
Secretariat:	Lianne Molog-Kwant, l.c.molog-kwant@rug.nl, (050) 3633686

Content

BI Norwegian Business School, Oslo, (BI, Oslo) Norway and the UG-FEB, the Netherlands, have set up a high quality, 2-year double degree master's programme in Marketing. This is a unique opportunity to expand and deepen knowledge and expertise in a chosen specialization field of marketing, to experience a new and challenging research and teaching environment and to graduate with two stand-alone master's degrees.

The Double Degree MSc in Marketing (DD MSc Marketing) aims to educate market-oriented leaders for the modern economy. In the Groningen programme, the focus is on customer relations and customer insights. Students learn how to collect data about customers and how to analyse these using the latest and most advanced marketing research methods. Besides, students will be educated and trained more thoroughly on methods that allow them to analyse and model (secondary, big) data to track the marketing performance of the firm and generate new customer insights.

The BI, Oslo programme provides students who aim for an international career with the academic and professional strength students need for managerial positions in marketing in enterprises and organizations across the globe. For all students in this programme, a master's thesis (20 ECs) is written at UG-FEB and a research paper (10 ECs) is written at BI, Oslo.

Note that students cannot apply for the two year DD MSc as such. Students have to apply for a second year in Oslo after they successfully completed the first semester of the MSc Marketing - Marketing Intelligence profile. So, after having been admitted to the MSc Marketing and having completed the first semester, students still go through a selection procedure to be admitted to the second year in Oslo.

Programme structure

For students from FEB:

DD MSc Marketing-Marketing Intelligence profile with BI, Oslo			
Master's Year 1 MSc Marketing, Marketing Intelligence		Master's Year 2 MSc Strategic Marketing Management	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (BI)	Semester 4 (BI)
30 ECs advanced courses MSc Marketing /Marketing Intelligence profile	10 ECs advanced courses MSc Marketing /Marketing Intelligence profile & Master's Thesis (20 ECs)	30 ECs core & elective courses MSc Strategic Marketing Management	34 ECs core & elective courses MSc Strategic Marketing Management, including a Research Paper (10 ECs)

For students from BI:

DD MSc Marketing-Marketing Intelligence profile with BI, Oslo			
Master's Year 1 MSc Strategic Marketing Management		Master's Year 2 MSc Marketing, Marketing Intelligence	
Semester 1 (BI)	Semester 2 (BI)	Semester 3 (FEB)	Semester 4 (FEB)
30 ECs MSc in Strategic Marketing Management	34 ECs MSc in Strategic Marketing Management, including a Research Paper (10 ECs)	30 ECs core courses MSc Marketing, specialisation Marketing Intelligence	10 ECs core & elective courses & Master's Thesis (20 EC)

What will students learn?

Having completed this double degree, graduates will have:

- knowledge of traditional and modern marketing techniques and knowledge of basic and advanced marketing research techniques
- learned how to collect data about customers and how to analyse these using the latest and most advanced methods for analysing consumer behaviour
- knowledge of how movements such as globalization, free-trade agreements, market deregulation and environmentalism are transforming the marketing environment
- acquired the qualifications to enter PhD programmes and work in international research institutions

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	124 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • MSc Marketing-Marketing Intelligence profile (UG) and • MSc in Strategic Marketing Management (BI Norwegian Business School, Oslo). <p>Graduates will also receive a diploma supplement on which it is noted that the UG degree is awarded within the framework of the DD with BI Norwegian Business School.</p>
Admission:	<ul style="list-style-type: none"> • Students cannot apply for the two year DD MSc as such. Students have to apply for a second year in Oslo after they successfully completed the first semester of the MSc Marketing-Marketing Intelligence profile. There is a selection procedure. • The admission requirements for this double degree are the same as those for the MSc Marketing-Marketing Intelligence profile at UG-FEB and the MSc in Strategic Marketing Management at BI NBS Oslo. All students should have completed semesters 1 and 2 of Year 1 with a GPA of at least 7.2. • Selection for Year 2 of the double degree takes place at the home university during semester 2 of Year 1. Only candidates who can demonstrate that satisfactory progress has been made in semester 1 are eligible for the DD. • A maximum of 5 UG and 5 BI students will be admitted to the double degree each year.

Application:	<ul style="list-style-type: none"> For students not yet registered at UG-FEB, please go to: www.rug.nl/howtoapply For students currently registered in Year 1 at UG-FEB, the application deadline is 1 February
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

NB:	Students remain enrolled at the home university and pay the home university fee until they have completed the 124 ECs of the DD programme. BI students must also enrol as fee-paying students at the UG in order to be eligible for a Dutch degree certificate.

5.26.3 Programme description DD with Fudan University

Academic director	Prof. Tom Wansbeek, t.j.wansbeek@rug.nl, (050) 3638339
Information:	Ineke van Est, r.van.est@rug.nl, (050) 3636692

Content

The Double Degree Master (DDM) programme China and the World Economy is a two-year (post)graduate degree programme offered jointly by the UG-FEB and the School of Economics of Fudan University (Shanghai, China). It comprises a (minimum) total of 34 Chinese Credits (CCs), which is the equivalent of ±120 European Credits (ECs). The programme is structured in two one-year phases

For phase one students enrol in one the following Master of Science programmes offered by the UG-FEB: MSc Accountancy & Controlling; MSc Econometrics, Operations Research & Actuarial Studies; MSc Economics; MSc Finance; MSc International Business and Management; MSc International Economics and Business; or MSc Marketing.

Phase two of the programme is offered at the School of Economics of Fudan University, in Shanghai, China, where students take courses from the curriculum of the two-year EMA World Economy (Globalization and Chinese Economy). The curriculum of phase two focuses on a variety of themes relating to the economy of China and China's role in South East Asia, among others, Chinese economic theory, international trade, finance, public administration and law. Additionally, DDM programme students can also participate in Jiang Xuemo Economics Lectures and Overseas Scholars' Short Courses. The courses focus on a variety of themes relating to the economies of China and South East Asia, among others, modern Chinese economic theory, international trade, public administration and law. Students gain the political and cultural knowledge necessary for understanding the Chinese economy on an interdisciplinary level. The curriculum includes a 3 CCs thesis.

After completion of phase one of the programme, students are awarded a recognised and accredited Dutch Master of Science degree and can move to phase two. On completion of phase two, students are awarded a second Master's degree: a Master of Economics in World Economy (Globalization and Chinese Economy) from Fudan University.

During phase one students can prepare for study in Shanghai by taking extra-curricular courses in Basic Chinese (HSK Mandarin I and II) and participating in extra-curricular Sino-Dutch activities organised in Groningen by the Groningen Confucius Institute. On successful completion of part one, students graduate with a recognized and accredited Dutch Master of Science degree and they deregister from UG-FEB .

In addition to the content of the regular FEB MSc programme, this 2-year DDM programme offers students an opportunity to gain comprehensive knowledge of the economies, economic policies, strategies, theories and practices of China and South East Asia and to obtain a global view of world economics. Also, students get the opportunity to experience student life in two different cultures, allowing them to develop their intercultural competences. And after this experience, students will have graduated with two internationally recognised mMaster's degrees from highly reputed academic institutions in the People's Republic of China and in the Netherlands.

Programme structure

For students from FEB:

DD MSc A&C/EORAS/Economics/Finance/IB&M/IE&B/Marketing Fudan University, Shanghai			
Year 1 (60 ECs)		Year 2 (19 Chinese Credits)	
Semester 1 (FEB)	Semester 2 (FEB)	Semester 3 (FU)	Semester 4 (FU)
30 ECs advanced Master's courses MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	10 ECs advanced Master's courses and 20 ECs Master's thesis MSc A&C/EORAS/ Economics/Finance/ IB&M/IE&B/ Marketing	9 CCs compulsory and (min.) 2 CCs elective courses from the EMA Chinese Economy curriculum. Total (min.): 11 CCs	3 CCs compulsory and (min.) 2 CCs elective courses, and 3 CC Mastre's thesis (compulsory) from the EMA Chinese Economy curriculum. Total (min.): 8 CCs

What will students learn?

In addition to what they learn in the FEB MSc programme (see the description of the relevant FEB MSc programme), DDM programme students gain comprehensive knowledge of the economy, business, law, culture and policies of China.

In addition to that, students can experience student life in two different cultures with sufficient time spent in each environment to obtain a thorough understanding of both cultures.

Key facts

Start of programme:	1 September
Duration (in semesters):	4
Total credits:	120 ECs
Language:	English
Type of degree:	<ul style="list-style-type: none"> • Master of Science (MSc) Accountancy & Controlling; Econometrics, Operations Research & Actuarial Studies; Economics; Finance; International Business & Management; International Economics & Business; or Marketing (UG) and • Master of Economics in World Economy (Globalization and Chinese Economy) (Fudan University).
Admission:	<p>The admission requirements for the DDM programme are the regular admission requirements for the relevant FEB MSc programme in which student start the DDM programme.</p> <p>When the number of applicants for the DDM programme exceeds 30, the partners may decide to select candidates. If so, the selection committee(s) will take into account factors such as motivation, GPA, absence of study delay, interest in gaining a global perspective on world economics and business and in particular, a desire to develop the skills and knowledge needed for an international career in or involving China.</p>

Application:	All students apply via www.rug.studielink.nl for one of the above-mentioned Master of Science programmes. Please go to: www.rug.nl/howtoapply . The general application deadlines apply (1 May). Additionally: <ul style="list-style-type: none"> • Students with a Bachelor's degree from FEB: please contact Ineke van Est (r.van.est@rug.nl) before 1 May. • Students who are already registered in one of the above-mentioned FEB Master of Science programmes and want to apply, can contact Ineke van Est (r.van.est@rug.nl). Application deadline: 15 March.
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

Career prospects

Career prospects for MI students are market researcher in research and consultancy companies, market researcher within an organization, market intelligence expert or database analyst, customer intelligence expert and researcher at a university (Research Master and PhD programme).

Career prospects for MM students are marketing manager, brand or product (category) manager, segment or account manager, customer relations manager, marketing strategy consultant and online marketing expert.

Programme coordinator:	Dr Hans Risselada, h.risselada@rug.nl, (050) 3636288
Secretariat:	Lianne Molog-Kwant, l.c.molog-kwant@rug.nl, (050) 3633686

Content

The School of Business and Economics, University of Münster (SBE-Münster) and the UG-FEB have set up a high quality, 2-year double degree master's programme in Marketing & Finance. This is a unique opportunity to expand and deepen knowledge and expertise in a chosen specialization field of marketing, to experience a new and challenging research and teaching environment and to graduate with two stand-alone master's degrees.

The Double Degree MSc in Marketing (DD MSc Marketing) aims to educate market-oriented leaders for the modern economy. In the UG-FEB programme, the focus is on customer relations and customer insights. Students learn how to collect data about customers and how to analyse these using the latest and most advanced marketing research methods. Besides, students will be educated and trained more thoroughly on methods that allow them to analyse and model (secondary, big) data to track the marketing performance of the firm and generate new customer insights.

The SBE-Münster programme is founded on two pillars: value-based marketing, and finance. Students learn how marketing programs can be designed that create value for both customers and the firm. For all students in this programme, a master's thesis (20 ECs) is written at UG-FEB and a research paper (10 ECs) is written at SBE-Münster. Be aware, that the SBE-Münster year does require some financial knowledge.

Note that students cannot apply for the two year DD MSc as such. Students have to apply for a second year at SBE-Münster after they successfully completed the first semester of the MSc Marketing-Marketing Intelligence profile. So, after having been admitted to the MSc Marketing and having completed the first semester, students still go through a selection procedure to be admitted to the second year at SBE-Münster.

Programme structure

For students from FEB (UG):

5.27 MSc Supply Chain Management

5.27.1 Programme description

Programme director:	Dr Manda Broekhuis, h.broekhuis@rug.nl, (050) 3637288
Programme coordinator:	Prof. Kees Ahaus, c.t.b.ahaus@rug.nl, (050) 3637020
Secretariat:	Operations secr.operations.feb@rug.nl, (050) 3637020
Language:	English

Content

The aim of the MSc Supply Chain Management (MSc SCM) is to educate graduates with respect to the design and coordination of supply chains and to planning and controlling logistics operations in order to deliver high quality products and services in a fast, efficient way. A supply chain can be seen as a network of organisations working together to carry out customer orders. Supply chain managers contribute to this process by managing the whole supply chain and all operations included that are related to flows of materials, information and services. Logistics has become an important tool in planning and controlling these flows. Effective supply chain management and logistics can provide a competitive advantage. Technology and ICT innovations, sustainability issues and market trends, such as increased internet sales, require changes in the management of supply chains.

Students of the academic MSc SCM will focus on the design, co-ordination of supply chains and planning and control of supply chain operations and will learn how to deal with relevant trends. Core aspects include supply chain strategies, logistics, network design, planning and control of operations in production, distribution and service environments, co-ordination and cooperation strategies and process improvements and change. Graduates of this master's programme are able to define, diagnose and analyse supply chain decision problems and propose and evaluate effective solutions and strategies. With a mixture of rigorous academic learning and practical application, graduates can develop supply chain theories, models, methods and best practices to increase supply chain quality, flexibility and reliability and to increase delivery speed and efficiency in the order fulfilment process. Graduates will be able to communicate results both orally and in writing to an audience of researchers and managers.

The MSc SCM starts twice a year: in September and February.

Career prospects

In this master graduates will be prepared for a career as a supply chain manager of an (international) organization, a logistics or purchasing manager in a production, distribution or service environment or as a consultant in the supply chain management practice. Alternatively, they might opt for an academic career and start as a PhD researcher.

5.27.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

Starting dates for the master's programme	1 September and 1 February
Entry requirements for master's courses	See the course descriptions in Ocasys.
Entry requirements for the master's thesis	<ul style="list-style-type: none"> • The master's programme has been approved, and • at least 20 ECs from the master's programme have been obtained.
Approval of the master's programme	Apply via ProgRESS WWW, no later than 6 weeks before starting the master's thesis.

5.28 MSc in Technology and Operations Management

5.28.1 Programme description

Programme director:	Dr Manda Broekhuis, h.broekhuis@rug.nl, (050) 3637288
Programme coordinator:	Dr Nick Szirbik, n.b.szirbik@rug.nl, (050) 3638125
Secretariat:	Operations, secr.operations.feb@rug.nl, (050) 3637491
Language:	English

Content

The MSc in Technology and Operations Management (MSc TOM) focuses on operations management aspects during the entire life cycle of products and services and on the introduction of technological innovations in organisations. The main focus is on processes that occur within the boundaries of a company, but at times also relations between companies are studied. Within the product life cycle, product design is the first step involved in putting a product in the market. A next step concerns production, which involves many choices relating to the design of processes and facilities, planning and control concepts, inventory management, etc. Once products are produced, they need to be supplied to customers. Here, distribution networks and facilities are used to deliver products to consumers. The final step is the support given to the customer while the product is in use by the customer. This aftermarket service includes warranty, parts and repair service and product replacement. Operations management aspects, in all phases, need to be organised in an efficient way to ensure high levels of customers' satisfaction and costs efficiency. Technology management enables organisations to create a competitive advantage. The focus on managerial and organisational problems that stem from technology-related innovations distinguishes this programme from technical-oriented programmes that mainly focus on the technical solutions itself.

The main programme includes courses on operations management and control, operations modelling and simulation, behavioural operations management, asset management and either technology enabled innovation or facility design and planning. A course on research methods provides knowledge and skills in specific research methods used in the field of technology and operations management, such as design methods and analytical quantitative methods. Next to these core courses, students will create their own profile with two elective courses. They will complete their MSc study with a master thesis project so as to prove their academic abilities. This last phase of the study offers an opportunity to produce an academic piece of work in the field of technology and operations management and to explore this area in depth. In their thesis, students will demonstrate and report in a systematic, objective and verifiable way, on the knowledge they have acquired and contributions they made in line with academic research.

Upon completing the MSc TOM students are able to define, diagnose and analyse operations management problems and develop and evaluate solution approaches in technology intensive (service) industries. They will be able to develop new planning and control concepts to improve processes and can assess product and process innovations in terms of their possible impact on the socio-technical system of the firm. They will be able to communicate results orally and in writing both to an audience of researchers and managers.

The MSc TOM starts twice a year: in September and February.

Double degree programmes

See section [5.29](#).

Career prospects

In this master's programme graduates will be prepared for a career as an operations manager in a production, distribution or service environment, as a consultant in the field of innovation and/or technology, a project manager or production engineer for product and/or process innovations, or a product development manager. Alternatively, they might opt for an academic career and start as a PhD student or they might opt for the government sector.

5.28.2 Degree programme

C = Compulsory; E = Elective; EG = Elective Group; lang = language; EN = English is the language of instruction; NL = Dutch is the language of instruction; see the course description in Ocasys for more details.

5.29 DD programme MSc Technology and Operations Management

5.29.1 Programme description DD with Newcastle University BS (1.5 year)

Programme director:	Dr Manda Broekhuis, h.broekhuis@rug.nl, (050) 363 7288
Programme coordinator:	Dr Nick Szirbik, n.b.szirbik@rug.nl, (050) 363 8125
Secretary:	Renny Kooi-Kamphuis, r.kooi@rug.nl, 050 3637100

Content

The programme enables students to deepen their knowledge and skills in the fields of operations management, technology management and supply chain management. It provides advanced knowledge and understanding of how to improve business performance and organise competitive advantages in technology-intensive industries. In addition, it enhances the general intellectual development of students, including the improved capacity for enquiry, problem solving, critical thinking and analysis.

Programme structure

DD MSc TOM with NUBS, Newcastle		
Master's year 1		Master's year 2
Semester 1 (NUBS)	Semester 2 (FEB)	Semester 3 (FEB and NUBS)
30 ECs core and compulsory courses	30 ECs core and compulsory courses	30 ECs joint FEB/NUBS Master Thesis Project

What will students learn?

- Advanced knowledge of operations management in different business environments and cultural contexts as a means of improving organisational performance
- The necessary specialist knowledge and skills appropriate to pursue careers in operations management, technology management, supply chain management, general management or consulting
- Personal and interpersonal skills, such as report writing, presentation, working in groups and an appreciation of working in a multicultural environment
- Advanced research skills, the ability to critically evaluate and utilise current research and to make a relevant contribution to organisations and research community

Key facts

Start of programme:	1 September
Duration (in semesters):	3
Total credits:	90 ECs
Language:	English

Type of degree:	<ul style="list-style-type: none"> • MSc in Technology and Operations Management (UG) and • MSc in Operations and Supply Chain Management (Newcastle University) <p>Graduates will also receive a diploma supplement on which it is noted that the UG degree is awarded within the framework of the DD with Newcastle University.</p>
Admission:	<ul style="list-style-type: none"> • For EU students who apply for the double degree with the UG, the admission requirements are the same as those for the UG's MSc TOM. • For students who apply for the double degree with Newcastle University, the entry requirements for the double degree are the same as those for Newcastle University's MSc in Operations and Supply Chain Management.
Application:	<p>EU students already registered in an undergraduate programme at the UG that grants direct admission to the MSc TOM programme should submit their applications via the DD coordinator: n.b.szirbik@rug.nl (deadline 1 May). All other students need to apply to Newcastle University Business School (http://www.ncl.ac.uk/postgraduate/apply/form/)</p> <p>For more information, see: http://www.rug.nl/masters/ddm-operations-management/.</p>
Tuition fees	www.rug.nl/feb/education/doubleddegrees/tuition

NB:	<ul style="list-style-type: none"> • EU students of an undergraduate programme of the UG with direct admission to the MSc Technology and Operations Management (i.e. all FEB bachelor programmes, the Pre-MSc Technology and Operations Management as well as the BSc Industrial Engineering and Management) may apply for admission to this DD through the procedure described below. • They have to submit their application to the coordinator. Application includes: <ul style="list-style-type: none"> ◦ writing a motivation letter; ◦ providing a copy of their university marks (results) ◦ indicating completion of the undergraduate programme or providing evidence that it will be completed before the DD starts; ◦ showing proficiency in mathematics through a listing of the grades on relevant courses; ◦ providing a certificate and a copy of the written feedback report of the Language Centre English Test (LCET) or a recent (not older than 2 years) English language certificate for another renown language test (Cambridge, TOEFL, IELTS). ◦ All other students need to apply at the Newcastle University Business School.
-----	--

Career prospects

Graduates are able to address the need for continuous performance improvement and the quest for efficient resource use in any organization. They are qualified for a wide range of positions, including: operations manager, technology manager, supply chain manager, consultant in the field of innovation or technology, project manager for product/process innovations, and positions in industrial and service organizations. Furthermore, they can choose for research-oriented positions.

Content

The Research Master Economics and Business (Research Master) is a two-year programme focused on the best, brightest and most ambitious students. It is run by the SOM Graduate School. The aim of the programme is to train students in conducting research in economics and/or business. There is a strong focus on scientific and academic skills. The programme is especially designed for students who are looking for an intellectual challenge. Graduates are ideally placed to become PhD students or to obtain research positions in public or private organizations.

The Research Master programme is selective in that only the most outstanding students are admitted. Also, the most outstanding researchers are involved in teaching this programme. These lecturers are both from Groningen and, through our participation in national and international networks, also from outside Groningen. The small scale of the programme ensures an intensive exchange of knowledge, both between lecturers and students and among students themselves. Each student is individually supervised by a renowned researcher.

The Research Master starts once a year: in September.

Profiles

- Business Analytics & Econometrics
- Business Research
- Economics

Admission

Bachelor's degrees in the broad field of business and economics give access to this master's programme. Also motivated students with other bachelor degrees (such as Sociology, Mathematics and Psychology) are welcome to apply. There is a selection procedure for this programme. Criteria for admission include motivation, talent, research attitude, excellent study results and an excellent command of English. The latter can be demonstrated by holding a degree from a Dutch university or an institution at which English is the language of instruction, or by scoring at least 92 on the TOEFL (internet-based) or 6.5 on the IELTS. For students with a degree from a non-Dutch university, a GRE or GMAT test is also required.

Career prospects

Graduates with FEB's Research Master degree are ideally placed to obtain a PhD position. Since the start of the programme in 2004 66% continued with a PhD, not only in Groningen but also at other universities such as University of Antwerp (Belgium), Bocconi University Milan (Italy), Erasmus University Rotterdam (Netherlands), University of Sydney (Australia) and University of Oxford (UK). Several have obtained their PhD degree and are now working in academia, usually in a tenure track.

Others have obtained a position in public or private organizations. They work for companies and organizations such as McKinsey, the Dutch Ministry of Social Affairs and Employment, and the Dutch Central Bank. Also for these type of positions the ReMa programme is an excellent preparation.

Taal:	Nederlands

Inhoud

Deze masteropleiding leert je vakkennis productief, creatief en communicatief toe te passen. Als je klaar bent met deze masteropleiding weet je hoe je vakkennis over kunt brengen op andere mensen en kun je met groepen leerlingen en studenten omgaan. Je kunt ook anderen individueel coachen.

In het eerste masterjaar volg je hoofdzakelijk het programma van een MSc-opleiding bij de FEB. Binnen dat programma maak je kennis met de lerarenopleiding: je volgt in dat jaar in het tweede semester de praktijkgerichte vakken Basis cursus Master Lerarenopleiding (5 EC) en Masterstage 1 Leraar Economie en M&O (5 EC), waaraan een korte stage verbonden is.

In het tweede masterjaar word je vanuit de praktijk opgeleid tot docent en economisch en/of bedrijfskundig vakspecialist. Er is ruimschoots de gelegenheid om in dit praktijkjaar je eigen specialisatie in het educatieve en communicatieve veld te kiezen en te realiseren. Je rondt in het tweede masterjaar ook je vakmaster af. Zo haal je twee mastertitels in twee jaar. Bovendien behoort een betaalde schoolstage in het laatste masterjaar tot de mogelijkheden.

De MSc Lerarenopleiding Economie en Bedrijfswetenschappen heeft twee instroommomenten: september en februari.

Carrièreperspectieven

Aan het eind van het traject van de lerarenopleiding ben je bevoegd docent in de economische en bedrijfskundige vakken. Het traject is ook van belang als je kiest voor een carrière als docent op het HBO of het WO. Maar de masteropleiding is niet alleen gericht op een functie in het onderwijs. Binnen deze opleiding werk je namelijk zowel aan vakkennis als aan communicatieve en educatieve competenties: je maatschappelijke oriëntatie en beroepskeuzemogelijkheden worden erdoor verbreed.

5.31.2 Overzicht studieprogramma MSc Lerarenopleiding

V = Verplicht; K = Keuze; KG = Keuzegroep; EN = onderwijs wordt in het Engels gegeven; NL = onderwijs wordt in het Nederlands gegeven; zie ook de vakbeschrijvingen in Ocasys.
